THE AGRICULTURAL SOCIETY.—The receipts at the gate on Friday last were about \$100. A number of exhibitors are kicking because their prize money is not forthcoming. They fully expected the directors to be personally responsible and to pay them up forthwith. One enterprising exhibitor called at the treasurer's house on Friday evening at 11.30 p. m., ranted him out of his prize money, and then said: "How much?" asked the official. "Fifty cents, and be quick, as I am cold and wet," was the reply. We believe the exhibitor was shot down in quick time and the exhibitor asked to call again.

THE HORSE RACE.—A very painful accident happened in the horse ring on Friday last, owing partially to the wet day and to the overcrowded ring. The ring is far too small for such a number of strange horses and colts to be thrown together pell mell, and it is only a miracle that a number of such accidents have not happened before.

Why can't the ring be enlarged? is the question asked by many. The only answer we can give is that the directors appointed take no interest in the show, only to be directors. It is time that our townpeople were taking more interest in the fair, or in a few years we will have none.

HERBERT REID, who was arrested at London, was sent to Brampton for trial on his own confession of having shot William Graydon Graydon, detective of Hamilton, in the act of burglarizing his dwelling at Streetville and pursued him, when Reid turned round and shot Graydon in the back.
