The Chief Companion said that Companion Annie Wright has been a member of Maple Leaf Circle 143, Companions of the Forest, for 47 years, and she called on Companion Wright to cut the large birthday cake, which was iced in pink and white.

### Bursitis Can Be Helped

**Q. Will you please write about cataplectic bursitis?—C.B.**

A. All joints are padded with fluid-filled sacs called bursae (singular-bursa). In the accompanying drawing the bursa of the knee joint have been drawn so that they can be clearly seen. Inflammation of a bursa (bursitis) is often preceded by injury to the joint. Long continued irritation may lead to deposits of gravel-like calcium within the bursa. Doctors are sometimes able to break up the deposits without much trouble. Injections are also employed plus x-ray treatment. In some cases it may be necessary to surgically open the bursa and remove the deposits. Heat, massage, and gentle stretching as prescribed by the doctor may be helpful.

## Fund Campaign Lags C.A.S. Needs Your Help

The financial campaign being conducted by the Children's Aid Society of Northumberland and Durham is lagging behind the receipts for last year, it was reported at the meeting of the Board of Directors in Port Hope last week. Receipts to January 26, 1960, total \$1,654. Last year the fund reached the \$2,100 mark.

Letters have been sent out to industry and merchants in Port Hope, and the campaign will continue with an appeal for support in Cobourg, Bowmanville and in Campbellford.

Campaign money is used for purposes strictly over and above board, lodging and medical care, which are covered by the counties' grant. Extras at Christmas and for birthdays, summer holidays, and expenses of education are among the services provided from campaign funds.

Forty children were placed for adoption during 1959, Director Arthur B. Finnie, told the meeting. This is an increase of 12 over the preceding year.

Older children as well as babies have been placed, he said. A breakdown revealed placement in adoptive homes of 21 children, summer holidays, and expenses of education are among the services provided from campaign funds.

## EBENEZER

Ladies' Berean Class held their regular meeting on Thursday, January 28 in the form of a pot-luck dinner. We managed to quilt two quilts with time left for business meeting and friendly chatter.

As each new year rolls around we try to find new ways to raise our money for the Class funds. Twenty-five dollars was voted to be presented to the "March of Dimes" Committee.

We had a class pin the ladies used fifty years ago passed around for us to decide if our new class pins are to be very similar or different. The majority were in favour of a slightly larger pin.

The rest of our business meeting was spent discussing the pros and cons of talent money, bake sales, recipe booklets, special birthday envelopes, as a means of replenishing our funds. There were twenty-five ladies and five small guests present.

## HAVE YOU HEARD THIS ONE?

The young reporter's story read: "Among the most beautiful girls at the fair was handsome Bill Baker." "What do you mean by this?" the editor said. "Bill Baker isn't a girl." "I didn't say he was," replied the young scribe. "I just said that's where he was."

Now you have to admit that one's tricky. It proves you can be fooled, even when there ISN'T any fine print. You can be fooled, too, when you send your garments to just anybody to be dry cleaned. So don't take chances. Send your dry cleaning to us for guaranteed satisfaction.
