The horkey meeting, to thresh out differences regarding grouping and the schedule, held in the Queen's Hotel here last week, started sharp at 8 p.m. and threatened to last all night.

The Barrie delegates, followed closely by the Midland repretentatives, disliked very much the idea of Owen Sound being in the group at all and when nothing could be done about that, they objected strenuously to having to take the long trip to the Grey city.

So strenuous were the objections that an hour had passed and still nething definite had been arrived at . . . Chairman John Dobson was becoming most uneasy when Ab troubled waters. -

He stated that as far as his club and the Kingsway entry were concerned they could play out a schedule of their own and let the Georgian Bay loop work things out for themselves, However, Aurora and the Toronto Suburbans wanted more games to season their teams and if satisfactory arrangements could be made they would like to be included in this league,

A motion was finally put to the uniform in many seasons. meeting to the effect that Midland, Kingsway counted the first goal

Very grudgingly, Secretary Hedger and Manager Bob Bibby of the Barrie executive admitted the set-up was workable, although they still did not like the trip north, Bill Garbutt of the Greys mouned about the meagre home games they would be getting and appealed for more, to which the Aurora men replied that dates for third and fourth meetings might be ar-

As for Harold Spence, his alents were not overlooked. He is a product for the Barrie church leagues and last season played with the Lions C team.
