Siberian Frison Life.

Mr. Kunan H. Vrosni number of the Contery, then describes some appets of prison life in Siberia of the Ranslan Political all Prisoners.

"On the 6th of July, 1822, sight of the political convoicts who were regarded by the Government were sent back and particularly of the political convoicts who were regarded by the Government were sent back an particularly of the convoicts of the convoicts of the convoicts of the Government were sent back and particularly of the convoicts of the convoicts

They resolved to makeshat last desprate procest egalost crueley wished is known in Resistan prisons as a "golodofta" or "hunger strike."

It was unendurable that unless they received better treatment they would refuse to eat any more food. No attention was paid to their protest and from that mement not a mental of the protest and from that mement not a mental of the protest and from the prison. The staving convicts too weak even-to-goal to the prison and the original prison. The staving convicts too weak even-to-goal to one another lay in rows upon their sleeping platforms like dead men, and the output of the prison and the convicts were in be heard were the steps of the prison and the convicts were in earnest, the Commandant came to the prison and asked the convicts were in earnest, the Commandant came to the prison and asked the convicts to the prison and asked the convicts were in earnest, the Commandant came to the prison and asked the convicts were in the prison and the conviction were in earnest, the Commandant came to the prison and asked the convicts to the prison and the prison and the convicts were the steps of the prison and the convicts were the prison and the thirt senth day the Commandant sent word to the wires of all the prisons and the town of the prison and the town of the prison and asked the mount has presented the mount of the prison and asked the prison and the town the resolution of the prison and asked the mount has presented the mount has the committee of the wrecked heart-broken women and the promises of the Commandant sent word to the wires and another the mount of the prison and asked the mount has the

Ages of Reigning Sovereigns

Ages of Reigning Sovereigns
The new issue of the Almanach de Gotha
gives an interesting table showing he ages
and the duration of their reign. Omitting
the small German States, we find that the
oldest among reginging princes is Leo XII,
who is 70% years old, and has reigned nearly
king of the Neitherlands, '72% years old,
having reigned tortry years; next Christian
IX., King of Dammark, 71% years old,
