

# Discover Village Square

... a shopping tradition  
restored in old Burlington  
between Elizabeth and Pearl Streets

The setting is old-world, turn-of-the-century. The atmosphere is unhurried . . . a "people place" where a warm, person-to-person relationship exists between merchant and customer. The emphasis is on quality merchandise and products you won't find in big, impersonal shopping malls.

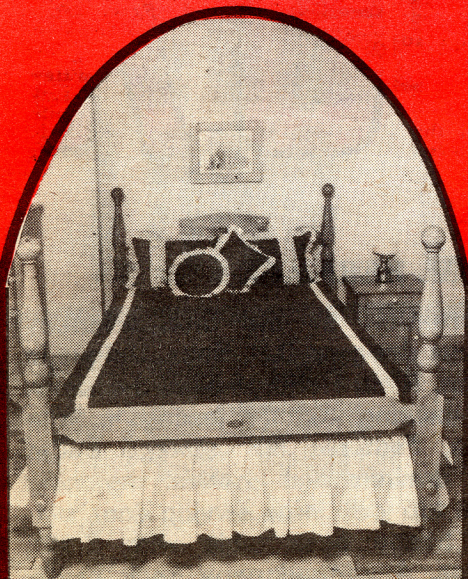

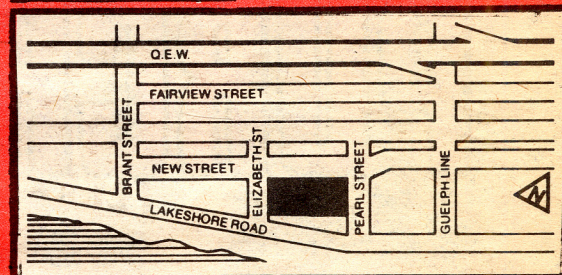

Village Square is an adventure in shopping where a unique collection of beautiful objects is always on display. More importantly, Village Square is a delightful place to browse, enjoy a lunch time snack or savor a gourmet dinner in a continental style cafe.

Come — visit us today. Discover the delights of an early Canadian town square — right in the heart of Burlington.
