particularly to grand-ma, as many have found to their cost. We have compared the two pictures, and concluded that the old house has still a comfortable look .-We will stick to the old nest, and should our birdlings, weary of their wanderings, seek for a shelter from the dark clouds and threatening storms of the world, they feel for us in our loneliness, and wish to cheer us by their presence, we will gladly welcome them.

We are growing old, but we may still see many a bright day, and pleasant memories of past hours will cheer and enliven us. Time has dealt kindly with us. Very few have been our sorrows, our pathway from youth to ago has been covered on one leg, shut one eye indignantly, and States. Serrill is a native of New with flowers, and we have no cause to murmur. We would not, if we could, retrace that flowery way; but, thankful for the comforts we still possess, we will calmly settle down into old age.

Street Life in London

A Lecture delivered by John B. Gough.

HOW THE BOYS LIVE.

How do they live? By sweeping crossings; turning somersaults, selling lucifer matches, oranges, cakes and ballads. Some of them gather up chesnut leaves and bring and then righting himself with a heavy them into the market to rub fruit on .- lurch, 'I'm not rambling sir, but it's the Some of them tear down placards in the cussed telegraph,—that's what's the matnight to sell for waste paper. A man ter. First the telegraph says Abe Lin-So it is, and we just begin to realize dives into the sewers for what may be coln has taken Virginia, and then it says that we are growing old; it is no use to washed or dropped down there. A capi- he's marching on Canada. That's what's pared to cast Stores. Sugar Kettles, Machine put away the thought, for it will come talist buys up all the dust and ashes of the the matter. Six telegraphs an hour and Castings, and other articles usually required back to us when we look and see the city, and it is sifted by women. There is all diff-fiferent-hic. I want to know no waste in London. The street urchins about the war, and I read the telegraph The old homestead itself tells the tale; are too restless to be easily reclaimed. What do I learn by the telegraph? Many, many years have we lived and when I is, depend upon it, I will come to matter: I'm so confused that I don't raised our young brood, fed them, taught | what it is, I will come to you to-morrow, that I'm at all intox-ex oxes-intoxes-oxesevery week, and eight pence a week to

> To show you the low rate of morality But it is so, for while we were striving one time, fifteen or sixteen of them arose worked. Merry voices rang through all the ragged urchins there is one object room and hall, and bright eyes welcomed of mortal terror, and that is a policeman. They hate a policeman as a certain per

ransmitted to the enemy, Firing was heard this a.m. from the direction of Acquia Creek.

The Speakership.

The Pilot is very weak about the Speakpresumed they (the Ministry) would pro morning, General Lyon fixed the first gun, pose as Speaker a member from the other when the battle immediately began. Seside of the House, they must not, either, vere cannonading was kept up for two or bring forward as their elect a too active or three hours, when the fire of Captain Total too thorough partizan of their own. For | ten's artillery proving too severe for the from such an one, though equal justice enemy, they gradually fell back on their may be dispensed, it is not expected, and encampment on Wilsons's Creek. Gediwill not be believed; and the Opposition | Lyon's cavalry posted on the enemy's left that might support a moderately tempered | flank, and Gen. Sigel's artillery on the member would have none of an out-and lright. Then began a terrific attack, which out supporter of the Administration. If spread slaughter and dismay in the ranks a member of the House can be found ac of the enemy, pursuing them to their ceptable to the majority of the Opposition, camp. Shells from Totten's artillery set

the Pilot tell us only a few weeks ago that | the afternoon, as Gen. Lyon was leading the Ministry had an enormous majority, on his column, his horse was shot from larger than ever before? And is it, under under him. He immediately mounted. They were immediately surround or leaning to the Opposition than the dead to the ground. The command them: and 70 of the ringleaders arrested Government? The Ministry are evident- devolved upon Gen. Sigel. Pursuit conly not so strong as the Pilot said they tinued until nightfull, when our little

and England. Of the character and policy of Louis Napoleon he was accustomed to speak with much freedom. No one had better opportunities than Cavour of sounding their douths. He was the only living slight, comes like a thunder-clap to a pasiys somebody and away they go. They rents heart, and tells us plainly that the bave various names for the police: someRichmond, nearly all the troops they have him face, to face, and who had used him leparture of the measurer the enemy had him face, to face, and who had used him leparture of the measurer the enemy had him face, to face, and who had used him leparture of the measurer the enemy had him face, to face, and who had used him leparture of the measurer the enemy had him face, to face, and who had used him leparture of the measurer the enemy had him face, to face, and who had used him leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that the latest moment of the leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that enemy had him face, to face, and who had used him leparture of the measurer that the leparturer that the leparture of the measu in Virginia. This is construed into a for his purpose. The estimate he had not been seen, and it is probable that Gen; preparation, on their part, of an attack formed of his capacity was not a high one Sigel has not been disturbed in his march. i Ninety of the rebels were captured, among but he fully admitted his fortility of rewhom was a Colonel of distinction. The source, his physical and moral courage. Gen. Carlisle who has just arrived from and his knowledge of the people he gov messenger does not remember his name; a The sword and horse of McCulloch aro

> or inducing him to adopt a measure.-The only principle-if principle it can be called -- which connects together the various ideas, is the establishment of his dynasty and the conviction that the best way to secure it is by feeding the national vanity of the French people. He found France, after the fall of the Or Besides these there was a very losnist and Republican governments great Powers ; he has raised h. f to the very first Look at his war, look at his foreign policy; he has never gone one to attain this one object. The principle stentationaly fu forward in the first in stance has ben forg the or discarded as complished. It was so in the war with with the success of his army in the cap ture of Sebastopol, which took from the English from the glory they had corned by their admirable devotion and town. courage, and to which too they would have added had the war continued. In the struggle with Austria he was astonished by the greatness of the victories of

> > aly, of that free and united nation which he was to have called into existence from the Alps to the Adriatic. " It is this uncertain policy guided by dynasty and solfish considerations, which makes him so dangetous to you, and which renders it necessary that you cotton. The one you will see is labelled should ever ben your guard. Not that he is hostile to England, or that he has any definie design against her, on the contra-

Magenta and Solferino. The military

glory of the French has been satisted, and

he thought no more of the liberty of It-

ry he has much effection for your coun.

A party of six men left the steamer hospitalits shown to him when an exile them killed. The bodies of the dead sea- establishment of which he looks upon alat most in the light of the religious obligation. If the moment came when he thought a sacrifice necessary to sustain it however great that secrifice might be, however painful or repugnant to his feel-

ings he would make it. "No one has beller opportunities of knowing him than I have. He has talkod to me with the greatest openness of his future place. But he has invariably assured me at the same time that the first! object was to maintain peace and a good! understanding with England. I believes he solemnly added, that from policy! as well as from affection such are his, views and that only in a moment of the utmost emergency, when he was codvinced that his influence in France dall pended upon it, would he depart from them. But that moment may come, and you will be mad mon if you were noti

The Battle at Springfidld.

The following is a verbal report taken: from a special messenger who brought dia : patches for Gen. Fremont : Early on Saturday morning Gen. Lyon,

marched out of Springfield to give the

enemy battle. He came up to him on Davis Creek on Green Prairie, a few, miles: southwest of Springfield, where he had; taken a strong position on rolling ground. "We mean that, while it is not to be At twenty minutes past six o'clock in the. and not unfriendly to the Ministry, or fire to their tents and baggage waggons disposed to act unfairly towards them or which were all destroyed. A Louisiana their opponents, that man should be their regiment and a Mississippi regiment seem to have suffered the most in the fight, and What does all this mean? Did not were almost annihilated. Some time in

Sigel fearing that the enemy might recover, and attempt to cut his command! Count Cavour on Louis Napoleon off from Springfield, fell back upon that, city, where the home guards were stationed. On reaching Springfield, fearing the great numbers of the enemy might induce them to get between him and Rolls, Genra Sigel concluded to fall back upon Rolls , with his provision trains, and meet the reinforcements which were on the way to,

> among the trophies. Reinforcements ato on the way from Rolla, and Gen. Sigel. and his army are considered safe.

Cotton Growing in Queensland. The Mayor of Manchester has received a letter from Queensland, with reference to the growth of cotton in that colony," and, accompanying the letter, there were two samples of cotton. The samples have been forwarded to the Cotton Supply As-

sociation, and the following is a copy of the letter :--Council Chambers. Rockhampton, 7th May, 1861. 5 The Right Worshipful the Mayor and

Aldermen of the city of Mauchesters: GENTLEMEN: Observing in the Manchester Guardian of the 23d of January. 1861, that this northern district of Queensland was attracting the attention? of the Cotton Supply Association, Lidon myself the honor of reporting to you that. this portion of the colony of Queensland is not to be surpassed in the whole of the Australian colonies for the salubrity of Austria. In the Crimes he was satisfied its climate or the fertility of its soil. Its: natural resources are also very great, there being gold, copper, and coal mines; in the immediate neighborhood of this

> be no very great objection made by they inhabitants here to the importation of, coolies for the cultivation of cotton. I. beg to lay before you the fact that, wherever cotton has been tried here as an experiment, it has succeeded, and that it only requires British capital to grow cotton to any extent on the banks of the Pitzroy River and its tributaries, and there would also be the great advantage! I herowith forward you two samples of

I am of the opinion that there would?

sea island cotton (Gozeypium barbadeuse). sown in the end of January, 1859, and the gathering will continue eight or mine months. The plants are very healthy England and France, and it is believed try. He is a man of generous impulse and are now twenty-six months old.
