

The Nipigon GAZETTE

is published every Wednesday afternoon by NIELSEN'S PUBLICATIONS, Box 99, Nipigon, Ontario, TELEPHONE: BUSINESS - 387-2219, OFFICE HOURS: SUNDAY TO THURS 9:05 AM to 5:30 PM PUBLISHER EGON NIELSEN

When we put five million dollars into the pockets of local merchants, school teachers and civil servants. We created a sense of prosperity where once there had been an impression of gloom. We kept the cost of goods in the stores down by increasing the merchant volume, and we permitted the school board to build new schools and hire new teachers and offer better education. Because of its natural gas rates and hydro rates and municipal taxes are lower. It costs less to live in Nipigon because we were successful. Successful? Don't believe the Gloom and gloom men who would have you believe that we were not. Our company was a leader that others followed, we innovated and changed and adapted so that in only one year of our eleven did sales fail to increase. We generated \$564,900 in depreciation which the shareholders put back into the expansion of the plant, together with a further \$318,400 of profit which management also put into machines and buildings to help make the plant more efficient. Never, ever, did the shareholders receive a dividend, never did the directors receive a salary for their many hours of work. Who is there who can argue that

the owners of Norply did not put everything that was earned back into Nipigon? Who is there who has put more into Nipigon? The best proof of success is limitation. As you know, when the world's largest plywood company wanted to build a new plant at Longlac, they hired our management and copied our plant. What further proof is needed? Be proud of the role you played in Norply and in Nipigon. You worked hard, faithfully and well. No company is perfect and we had our share of mistakes, as Ford had their Edsel and Dorris had their River Sawmill. We were not so rich as they, but it is no crime to be poor. We worked hard, we created something new and we made Nipigon a better place to live by donating substantially to the Azusa, Golf Club, Library and Hospital. Some day thirty years from now, when you return to Nipigon, take you son down to see the old plywood plant which so doubt will be active again. At three o'clock, when the shift changes, when you watch the workers coming out heading for home, they'll think about the part you played, about how things were when you worked

there. And, before you turn away, tell him that the greatest contribution he can make is this world is to build - not to divide.

Good luck and God Bless you. Bill Harris.
