Interests of Scotchmen in America, AND TO THE DISSEMINATION OF SCOTTISH LITERATURE AND ART

CONSIDERING the multiplicity of news-O papers in America, it has to many been a matter of surprise that the numerous body of Scottish residents should have been so long unrepresented. To supply this desideratum, No. 1, of the Scottish American Journal was

published on Saturday, August 8, 1857, and is low continued weekly. The primary object of the Journal is to furnish its readers regularly with the news of their native country. It presents a weekly re-cord of all events of interest occurring in Scotiand, and its subscribers are in this way as fully Into med of what is transpiring at home as if they were in regular receipt of an old-country newspaper. Scottish questions will be discussed with intelligence and impartiality in the editor ial columns, and the sentiments of the leading parties on these subjects will be fairly repreented and commented upon. of the paper, while merit and talent will be appreciated from whatever country they emanate, he Scottish element will preponderate.
