IS PUBLISHED IN ENGLISH and also in GERMAN. The German edition is of same size, and contains the same matter, engravings, &c., as the English, and is furnished at THE SAME PRICE.

The teachings of the AGRICULTURIST are confined to no State or Territory, but are adapted to the wants of all sections of the country--as its name indicates, this Journal is truly AMERICAN in its CHARACTER.

FORM AND SIZE.--Each number contains 32 large double-quadro pages. The pages are double the usual size of Magazines.

The engravings alone cost more than the entire outlay on many journals sold at the same price, while no other Dollar Magazine pays a fourth as much for good articles.

THE "SPECTATOR."

A POLITICAL, Commercial, and General Newspaper, published at Hamilton, C. W., by the proprietors, WILLIAM GILLESPIE and ALEXANDER ROBERTSON. It is issued daily, semi-weekly, and weekly, and has the largest circulation of any Canadian paper west of Toronto.

From the particular attention paid to Commercial Intelligence, the Spectator has acquired a reputation for reliability, which has secured for it the Patronage of the Mercantile Community of Western Canada. The geographical position of the City of Hamilton, with its superior Railway connection, affords great facility for the speedy transmission of the Daily Spectator to the numerous thriving towns and villages between the Niagara and Detroit Rivers--an advantage of which the proprietors have not failed to avail themselves.

The Semi-Weekly and Weekly editions (made from the reading matter in the Daily) containing a great amount of news, at an extremely low price, enjoy a large and extended circulation among the agricultural classes, and those not immediately engrossed with the cares of politics or commerce, find the stimulus of a daily paper is not a necessity.

The Spectator (Daily, Semi-Weekly and Weekly) is therefore an excellent medium for advertising. The rates charged are the same as the published rate, generally adopted by the Canadian press, except for the weekly edition, for which double the usual rate is charged, on account of its large circulation being confined almost exclusively to the farming community, thereby admitting only the profitable publication, in its columns, of advertisements suited to this particular class.

The rates of subscription, payable in Advance, are:-- FORM per annum \$5.00 per copy. Semi-Weekly, " 3.00 " Weekly, " 1.50 " Postmasters and others acting as Agents will be allowed a handsome commission from the above mentioned rates, and parties sending the name of four new subscribers, with the cash, will be entitled to one copy free.

THE SUCCESS OF THE clubbing system as a means of supplying the public with CHEAP NEWS has already been tested by the Spectator. The plan, which was at first only applied to the Weekly has now been extended to the Semi-Weekly edition, and the rates payable in advance are:-- Semi-Weekly, 5 or more copies, \$2 a year per copy Weekly, 10 or more copies, \$1 a year per copy

When Clubs are sent to ONE ADDRESS, one copy for every five Semi-Weekly or ten Weekly will be given FREE to the getter up of the club, but where each paper is addressed from the office of publication no free papers will be given.

IN announcing to the public the adoption of the Cash System as applied to subscriptions, the proprietors of the Spectator may remark, that it has already been approved by all, and adopted by many Canadian newspapers, with mutual profit to the publishers and the public. The Credit System, however advantageous in other departments of business, has nothing to recommend its application to Newspapers, for while the individual subscriptions are so trifling that neither hardship or difficulty can result from payment in advance, the aggregate amount is a matter of serious consequence to the publisher, and the expense of collection and losses form a heavy item which he is compelled to levy on the honest subscriber who takes the benefit of the credit; hence the public can understand why newspapers cost 20 or 25 per cent. more at the end than at the beginning of the year. The abolition of such a system will no doubt meet with the approval of the public, and while we will give every subscriber now in our books reasonable time to pay up arrears, we have not in future to receive any subscribers but those who pay in advance. Complete arrangements will be made for notifying subscribers before the expiration of their terms of subscription.

N. B.--Letters containing remittances, properly addressed and registered, will be at our risk. GILLESPIE & ROBERTSON, Publishers and Proprietors. We also beg to direct public attention to the other branches of business carried on by us at the "Spectator" Establishment,

Which is one of the largest and most complete of the kind in Canada; comprising the following Departments, viz:-- Book and Job Printing, including the publication of the National Series of School Books, as well as the execution of every variety of plain and fancy letter press printing; Book Binding, (this department carried off the first prize at the Provincial Fair in 1857), including Bank Book Manufacturing, and ruling and paging by the most improved machinery; Lithography, and Copperplate Engraving and Printing, embracing Envelopes, Cards, Maps, Plans, Autographs, &c., &c., with every variety of Mercantile and Bank Forms; Stationery, embracing a select and varied stock of British, American and Canadian made papers, &c.

REGULATIONS

FOR the sale and management of the Public Lands approved by His Excellency the Governor General in Council.

3. That the purchaser shall cause the lands to be surveyed at his own expense into lots comprising either one hundred or two hundred acres of land in each lot; and on the north shore of Lake Huron into quarter sections of 100 acres each except in spots where the configuration of the Township may render such exact quantities impracticable, and then as near to those allotments as possible.

4. That such Survey shall be made by a duly licensed Provincial Land Surveyor approved of by the Commissioner of Crown Lands and acting under his instructions, who shall make his return with Field Notes, &c., &c., in the usual method observed by Surveyors, to be also approved of by the Department.

5. That one third of the quantity of land in the Township shall be settled upon within two years from the time of sale; one third more settled upon within the following five years, that is seven years from the time of sale; and the residue within the further period of three years, i. e., ten years from the date of sale; the settlement required being that there shall be at least one bona fide settler in authorized occupation for every two hundred acres of land; all land not so settled at the expiration of ten years from the time of sale to become forfeited and revert to the Crown absolutely, except such portions thereof as shall be found unfit for settlement, or such portions as are of very inferior quality and by reason thereof have remained unoccupied, in respect to which the Governor in Council may, upon application, dispense with the forfeiture and cause the same to be conveyed to the original purchaser or his assignee.

6. A Certificate shall be made with the purchaser from the Crown subject to the foregoing and following conditions; but Patents for the land to issue only to the occupants of the lots purchased deriving claim under the vendee of the Crown, or to the assignees claiming under such purchasers and occupants who shall have complied with the conditions of settlement hereinafter mentioned upon a certificate or other evidence that they have paid such vendee or his assignee or complied with the Contract with him, for or in regard to such particular lot; and upon evidence that the party applying, or some one under whom he claims, has been a resident on the said lot for at least two years continuously, and that upon the same lot exceeding two hundred acres, at least ten acres for each one hundred acres, have been cleared and rendered fit for cultivation and crop, and have been actually under crop, and that a habitable house in dimensions at least sixteen by twenty feet is erected thereon, and upon payment of the sum of four dollars as Patent Fees to cover expenses, &c. The nature and description of proof above referred to be settled and prescribed by the Commissioner of Crown Lands.

7. All lands which shall under the foregoing conditions revert to the Crown, shall be exposed to sale at Public Auction at such times and places and on such upset price as the Commissioners of Crown Lands shall fix.

8. That in Townships which have been surveyed and laid out into lots, and where lands are now offered for sale at four shillings per acre, or where lands have as yet been offered for sale, and in Townships under survey or yet to be surveyed in whole, to wit:-- 9. 10. That when the lands in a Township have remained open for sale for one year after public notice thereof, for the lands unsold at the expiration of that period shall, at a time to be fixed, and after reasonable notice given by the Commissioner of Crown Lands be offered for sale, and in the event of the upset price fixed for their sale as above or at such other upset price as under special circumstances may be named by the Commissioner of Crown Lands: and that such public sales of all lands which shall remain unsold in the mean time shall take place semi-annually as times to be named thereby by the Commissioner of Crown Lands until the whole of the lands in the Township shall have been disposed of; the lands remaining unsold after such public sale to continue open for private sale at the said upset price until the period of one week next before the time at which the next public sale shall take place.

11. That all lots of land which shall have been offered as "Free Grants" and which have not been located and occupied at the expiration of one year from the time the same shall have been so offered shall no longer remain as "Free Grants," but shall be open for private sale or shall be exposed to public sale by Auction as part of the lands in the Township in which the same are situated, and upon the same terms as other lands therein within six months of the time of sale, and the same shall be subject to settlement duties, and no Patent in any case (even though the land be paid for in full at the time of purchase) shall issue for any such land to any person who shall not be himself, or the person or persons under whom he claims have taken possession of such land within six months of the time of sale, and shall from that time continuously have been a bona fide occupant of, and resident on the land for at least two years, and have cleared and rendered fit for cultivation and crop, and had under crop for four years at farthest from the time of sale of the land, a quantity thereof in the proportion of at least ten acres to every one hundred acres, and have erected thereon a house habitable and of the dimension of at least sixteen by twenty feet.

13. That the lands known as "Clergy Reserves" be sold on the same terms and in the same manner as other public lands in the Townships in which they respectively lie.

14. That prompt payment in all cases be made of the essence of the contract, and any default to be on pain of forfeiture of all previous payments and of all right in the lands.

15. That in the cases of sales already made, payment of arrears be required, and that public notice in the Official Gazette, and through the usual channels, that unless such arrears be paid within twelve months from the 1st of January, 1859, the land in respect of which default shall continue to be resumed by the Crown and resold, and that in the regard to all purchase moneys and interest hereafter to fall due, prompt payment will be exacted.

SQUATTERS.

17. That the system of recognizing unauthorized occupation of land commonly known as "Squatters," be discontinued subject to the following provisions, viz:-- That public and general notice be given by the Crown Lands Department, that no claim to pre-emption by reason of such occupation will be entertained after the first day of September next, and that no claim to such pre-emption now in a state to be admitted can be made good by any act of the party hereafter, and that therefore his labor will be thrown away. That the prices above fixed for lands shall apply to Upper Canada only.

The prices of lands in Lower Canada shall be regulated by Orders in Council from time to time. P. M. VANKOUGHNET, Commissioner. Crown Lands Department, Toronto, 13th January, 1859. 13
