HERBERT ROWSWELL, GLENELG FALLS MILL, & PEARL WORKS, Jan. 23, 1860.

HORSMAN BROTHERS,

HAVE just received large additions to their Stock of Hardware!!

and will continue to receive supplies during the winter months, from the British and Continental markets, by Vessels discharging at Portland, thence by Grand Trunk Railway to Guelph.

Horsman Brothers, are now doing one of the largest Hardware trades in Canada, which is rapidly increasing—they attribute their astonishing success in business, to their having brought down the prices of Hardware in Guelph. Now Hardware can be purchased of HORSMAN BROTHERS, as low, if not lower, than can be had in any town in Canada.

HORSMAN BROTHERS would draw attention to the fact, that a further reduction in the price of Hardware will take place immediately, as the following list of a few articles sold by them will show:—

Wrought nails, 10 lbs. and upwards—4 cents per lb. Wrought nails, 10 cents per lb. Axes (warranted) \$1 each.

Glass 7 1/2 and 8 1/2, 11 3/4 per box. Glass 10 x 12, 12 1/2 per box, 10 x 14, 12 1/2 per box, and other sizes proportionally cheap.

Putty, 3d per lb. Shot, 10 cents per lb. Smoothing Irons, 6 cents per lb. Barn Door Hinges, 4d per lb.

Paint Oil, (raw) \$1 per gallon. Paint Oil, (boiled) 1 dollar and 10 cents per gallon. First quality White Lead, 15s per lb. Best Refined Iron, 1 1/2 6d per 100lbs, and all other goods equally cheap.

To give a list of Hardware, kept on hand by HORSMAN BROTHERS would fill a newspaper, suffice it to say, that anything required can be purchased of them and their prices warranted to give satisfaction.

HORSMAN BROTHERS, Ironmongers, Guelph. Dec. 2, 1859.

Moore's Rural New-Yorker THE LEADING AND MOST POPULAR Agricultural, Literary & Family Weekly

Fall and Winter Rural Campaign—1859-60. THE RURAL NEW-YORKER, now near the close of its Tenth Year and Volume, is universally known in the East and West, North and South, as the Standard in its Sphere of Journalism—being pronounced far the best, as it is the Largest Circulated, AGRICULTURAL, HORTICULTURAL, LITERARY and FAMILY NEWSPAPER of the Age.

Having outstripped all competitors in Merit and Circulation; it is the acknowledged CHAMPION OF THE RURAL PRESS.

THE RURAL is not only a favorite with the Farmer, the Horticulturist, and the Housewife, but sought and read by the Educator, the Man of Science, the Moralist, and all members of the Family Circle, in both Town and Country. In Value and Variety of Contents, and neatness of Appearance, it excels all imitators and rivals; and as it has in the past, will more than ever in the future maintain its position as THE

Model Rural and Family Newspaper. A NEW QUARTER commenced with October—and hence, Now is a Good Time to subscribe for either a year, or three months on trial.

THE ELEVENTH VOLUME, for 1860, (commencing with January), will FULLY EQUAL the present in all respects—quality of Matter, Paper, Printing, Illustrations, &c.

As the long evenings and leisure of Winter are coming on apace, every one should secure THE RURAL, which is the leading advocate and promoter of Real Progress and Improvement—which ignores trash and humbug, and ever faithfully seeks to advance the Best Interests of Individuals, Families, Communities and the Country.

FORM, STYLE AND TERMS. THE RURAL NEW-YORKER is published Weekly, each number comprising EIGHT DOUBLE QUARTO PAGES. An Index, Title Page, &c., given at the close of each Volume.

PROSPECTUS

SIXTEENTH YEAR!!! On the 1st of July next, the THIRD VOLUME

of the "NEW SERIES" of the Scientific American will be commenced.

In announcing the above fact, the publishers embrace the opportunity to thank their old patrons and subscribers for a liberal support they have hitherto extended to this journal; placing it, as they have, far beyond any other publication of the kind in the world, in point of circulation. The average circulation of the Scientific American during the past year has been—

30,000 COPIES PER WEEK! Some editions have reached as high as 60,000; none less than 26,000. The extent of the circulation evinces the popularity of the paper; and while our readers seem satisfied with the quantity and quality of matter they get in one year's number (comprising 832 pages and costing only \$2), the publishers are determined to still improve the paper during the coming year.

The Scientific American has the reputation, at home and abroad, of being the best weekly publication devoted to mechanical and industrial pursuits now published, and the publishers are determined (of labor and enterprise will do it) to keep the reputation they have earned during the FIFTEEN YEARS they have been connected with its publication.

TO THE INVENTORS! The Scientific American is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number counts as an official list of all the patents issued during the week previous; thus giving the correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France and Germany; thus placing in our possession all that is transpiring in mechanical science and art in those old countries. We shall continue to transfer to our columns, copies extracted from these journals, of whatever we may deem of interest to our readers.

TO THE MECHANIC AND MACHINIST! No person engaged in any of the mechanical pursuits should think of "doing without" the Scientific American. It costs but four cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

TO THE CHEMIST AND ARCHITECT! Chemists and architects will find the Scientific American a useful journal to them. All the new discoveries in the science of chemistry are eliminated in its columns, and the interests of the architect and carpenter are not overlooked; but all the new inventions and discoveries appertaining to these pursuits are published from week to week.

TO THE MILLWRIGHT AND MILL-OWNER! Useful and practical information appertaining to the interests of millwrights and mill-owners will be found published in the Scientific American, which information they can readily obtain from any other source. To this class the paper is specially recommended.

TO THE PLANTER AND FARMER! Subjects in which planters and farmers are interested will be found discussed in the Scientific American; most of the improvements in agricultural implements being illustrated in its columns.

TO THE MAN-OF-LEISURE AND THE MAN-OF-SCIENCE! Individuals of both these classes cannot fail to be interested in the Scientific American, which contains the latest intelligence on all subjects appertaining to the arts and sciences, both practical and theoretical; all the latest discoveries and phenomena which come to our knowledge being early recorded therein.

TO ALL WHO CAN READ! Everyone who can read the English language, we believe, will be benefited by subscribing for the Scientific American, and receiving its weekly visits; and while we depend upon all our old patrons renewing their own subscriptions, we would ask of each to send us one or more new names with his own. A single person has sent as many as 100 mail subscribers, from one place, in a single year! The publishers do not expect every one will do so much; but if the 7,500 subscribers, who are subscriptions existing with the present volume, will send each a single name with their own, they will confer a lasting obligation upon us, they will be rewarded for it in the improvement we shall be enabled to make in the paper by thus increasing our receipts. The following are the—

TERMS. To mail subscribers: Two Dollars a Year, or One Dollar for Six Months. One Dollar pays for one complete volume of 416 pages, two volumes complete one year. The volumes commence on the first of JANUARY and JULY.
