NEW COPPER PLATE MAP OF CANADA WEST.

Messrs TACKABURY, BROS. & CO. OF LONDON, C. W. ARE ABOUT TO PUBLISH A LARGE, FULL AND COMPLETE TOPOGRAPHICAL COUNTY TOWNSHIP MAP OF CANADA WEST. THIS MAP IS BEING PREPARED FROM full and complete surveys of the entire Province, and will show Upper Canada with far greater minuteness of detail than any work of the kind heretofore attempted. The Map will be drawn on the scale of six miles to the inch, and will show each County divided into Townships and in each Township the Concessions and Lots will be shown, with their respective numbers. All Roads will be shown, and those which are travelled will be designated from surveyed roads which are not opened. Particular attention will be given to main, gravel, plank, macadamised roads. The location of all Towns and Villages will be shown, and those which have Post-offices will be designated, from those which have not. All the Rivers, Lakes and Hills will be shown, with the general topography of the country. The various Railroad Lines will be a prominent feature of the Map, and each Depot and Station will be carefully shown. Prominence will be given to the principal Cities and Towns, by an enlarged plan of each in the margin of the Map.

There will also be Geological and Meteorological Map, as well as a Time Table, Table of Distance, and the General Statistics of the Province as shown by the new Census; also, a Business Directory of the Cities and principal Towns.

The size of the Map will be Sixty-four inches square, will be

Handsomely Engraved on Copper beautifully colored and mounted, and finished in the highest style of the art, and will be furnished to Subscribers at SIX DOLLARS per copy—while other works of a similar size sell at ten dollars.

Agents are now canvassing for Subscribers in those parts of the Province not already canvassed, and all will be called upon in due time. The public are cautioned to beware of imposition, as parties are endeavoring to obtain Subscribers for a Map which purports to be similar, but is only intended to be a Lithograph Map, made on stone, which can in no way compare with a Copperplate Engraving.

See from the Prospectus in the Subscription Book, that it is TACKABURY BROS. & CO. London, Feb. 21, 1861. 120-1f.

"A MILLION SPECTATOR."

A POLITICAL, Commercial, and General Newspaper, is published at Hamilton, C. W., by the proprietors, WILLIAM GILLESPIE and ANDREW ROBERTSON. It is issued daily, semi-weekly, and weekly, and has the largest circulation of any Canadian paper west of Toronto.

From the particular attention paid to Commercial Intelligence, the Spectator has acquired a reputation for reliability, which has secured for it the Patronage of the Mercantile Community of Western Canada. The geographical position of the City of Hamilton, with its superior Railway connection, affords great facility for the speedy transmission of the Daily Spectator to the numerous thriving towns and villages between the Niagara and Detroit Rivers,—an advantage of which the proprietors have not failed to avail themselves.

The Spectator (Daily, Semi-Weekly and Weekly) is therefore an excellent medium for advertising. The rates charged are the same as the published rate, generally adopted by the Canadian press, except for the weekly edition, for which double the usual rate is charged, on account of its large circulation. Being confined almost exclusively to the farming community, in its columns, of advertisements suited to this particular class. The rates of subscription, payable in Advance, are:— Daily, per annum \$5.00 per copy. Weekly, " " 3.00 " Semi-Weekly, " " 1.50 "

POSTMASTERS and others acting as Agents will be allowed a handsome commission from the above mentioned rates, and parties sending the name of four new subscribers, with the cash, will be entitled to one copy free.

The success of the clubbing system as a means of supplying the public with CHEAP NEWS has already been stated by the Spectator. The plan, which was first suggested only by the Weekly, has now been extended to the Semi-Weekly edition, and the rates payable in advance are:— Semi-Weekly, 5 or more copies, \$2 a year per copy. Weekly, 10 or more copies, \$1 a year per copy. When Clubs are sent to ONE ADDRESS one copy for every five Semi-Weekly or ten Weekly will be given FREE to the getter up of the club, but where each name is addressed from the office of publication no free papers will be given.

IN announcing to the public the adoption of the Cash System as applied to subscriptions, the proprietors of the Spectator may remark, that it has already been approved by all, and adopted by many Canadian newspapers, with mutual profit to the publishers and the public. The Credit System, however advantageous in other departments of business, has nothing to recommend its application to Newspapers, for while the individual Subscribers are so unwilling to pay either in advance, or by instalment, it is not probable that the aggregate amount is a matter of serious consequence to the publisher, and the expense of collection and losses form a heavy item which is compelled to levy on the honest subscriber who takes the benefit of the credit; hence the public can understand why newspapers cost 20 or 25 per cent more than the end of the beginning of the year.

The abolition of such a system will no doubt meet with the approval of the public, and while we will give every subscriber now in our books reasonable time to pay up arrears, we shall not in future receive any subscribers, but those who pay in advance. Complete arrangements will be made for notifying subscribers before the expiration of their terms of subscription. Letters containing remittances, properly addressed and registered, will be at our risk.

GILLESPIE & ROBERTSON, Publishers and Proprietors. We also beg to direct public attention to the other branches of business carried on by us at the "Spectator" Establishment, which is one of the largest and most complete of the kind in Canada; comprising the following Departments, viz: Book and Job Printing, including the publication of the National Series of School Books, as well as the execution of every variety of plain and fancy letter press printing; Book Binding, (this department carried off the first prize at the Provincial Fair in 1857), including Blank Book Manufacturing, and ruling and paging by the most improved machinery; Lithography, and Copperplate Engraving and Printing, embracing Invoices, Catalogues, Maps, Plans, Autographs, &c., &c., with every variety of Mercantile and Blank Forms; Stationery, embracing a select and varied stock of British, American and Canadian made papers, &c.

GILLESPIE & ROBERTSON. SPECTATOR OFFICE, Hamilton, C. W., July, 1858. 1 The Best is always the Cheapest. GODEY'S LADY'S BOOK. THE STANDARD FOR THIRTY-ONE YEARS. Pronounced by the Press of the United States, "THE BEST" Lady's Magazine in the World, and the Cheapest. THE LITERATURE is of that kind that can be read aloud in the family circle, and the clergy in immense numbers are subscribers for the Book. THE BEST LADY WRITERS in America contribute to its pages, and we have seen that write for no other magazine.

IMITATIONS. Beware of them. Remember that the Lady's Book is the original publication and the cheapest. If you take Godey, you want no other magazine. Everything that is useful or ornamental in a house can be found in Godey.

DRAWING LESSONS. No other magazine gives them, and we have given enough to fill several large volumes. COOKING RECIPE BOOKS. Cooking in all its variety—Confectionery—the Nursery—the Toilet—the Laundry—the Kitchen. Receipts upon all subjects are to be found in the pages of the Lady's Book. We originally started this department, and have peculiar facilities for making it most perfect. This department alone is worth the price of the Book.

THE MUSIC is all original, and would cost 25 cents (the price of the Book) in the music stores; but most of it is copyrighted, and cannot be obtained except in "Godey."

OUR STEEL ENGRAVINGS All efforts to rival us in this have ceased, and we now stand alone in this department, giving, as we do, many more and infinitely better engravings than are published in any other work.

OUR FASHION PLATES. Our long experience gives us greater advantages than are possessed by others. We give in the course of one year at least sixty full figure FASHIONS, which is thirty-six more than any other magazine gives; and they are really the fashions, which others are not. We challenge contradiction when we state that the fashions of our magazines have never been seen in the streets of Philadelphia, New York, or in the drawing-rooms of either place. Youdey's are the only reliable fashions.

OUR WOOD ENGRAVINGS, of which we give twice as many as any other magazine, are often mistaken for steel. They are so far superior to any others.

COLORED ENGRAVINGS of Kaiting, Netting, or some other useful branch of lady's work is given in every number.

LADIES' WORK TABLE. This department comprises engravings and descriptions of every article that a lady wears. MODEL COTTAGES. No other magazine has this department.

TERMS, CASH IN ADVANCE. One copy one year, \$3. Two copies one year, \$6. Three copies one year, \$9. Five copies one year, and an extra copy to the person sending the club, \$10. Eight copies one year, and an extra copy to the person sending the club, \$15. Eleven copies one year, and an extra copy to the person sending the club, \$20. And the only magazine that can be introduced into the home clubs in place of the Lady's Book is Arthur's Home Magazine.

SPECIAL CLUBBING WITH OTHER MAGAZINES. Godey's Lady's Book and Arthur's Home Magazine both one year for \$3 50. Godey's Lady's Book and Harper Magazine both one year for \$4 50. Godey, Harper, and Arthur will all three be sent one year, on receipt of \$6 00.

Notes of all solvent banks taken at par. Subscribers in the British Provinces, who send for clubs, must remit 36 cents extra on every subscriber, to pay the American postage on the lines. Be careful and pay the postage on your letter.

PROSPECTUS! SIXTEENTH YEAR!!!

30,000 COPIES PER WEEK! Some editions have reached as high as 60,000; none less than 20,000. The extent of the circulation evinces the popularity of the paper; and while our readers seem satisfied with the quantity and quality of matter they get in one year's number (comprising 832 pages and costing only \$2), the publishers are determined to still improve the paper during the coming year.

The Scientific American has the reputation, at home and abroad, of being the best weekly publication devoted to mechanical and industrial progress. Great Britain, France and Germany, since placing in our possession all that is transpiring in mechanical science and art in these old countries, we shall continue to transfer to our columns, copies extracts from these journals, of whatever we may deem of interest to our readers. TO THE MECHANIC AND MACHINIST! No person engaged in any of the mechanical pursuits should think of "doing without" the Scientific American. It costs but four cents per week; a pound contains four cents per week. It contains not only the latest scientific engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

TO THE CHEMIST AND AGRICULTURIST! Chemists and agriculturists will find the Scientific American a useful journal to them. All the new discoveries in the science of chemistry are eliminated in its columns, and the interests of the agriculturist and carpenter are not overlooked; but all the new inventions and discoveries pertaining to these pursuits are published with week to week.

TO THE MILLWRIGHT AND MILL-OWNER! Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the Scientific American, which information they cannot possibly obtain from any other source. To this class the paper is specially recommended.

Individuals of both these classes cannot fail to be interested in the Scientific American, which contains the latest intelligence on all subjects pertaining to the arts and sciences, both practical and theoretical; all the latest discoveries and phenomena which come to our knowledge being early recorded there.

TO ALL WHO CAN READ! Everyone who can read the English language, we believe, will be benefited by subscribing for the Scientific American and receiving its weekly visits; and while we depend upon all our old patrons retaining their own subscriptions, we would ask of each to send us one or more new names with his own. A single person has sent as many as 160 mail subscribers, from one place, in a single year! The publishers do not expect every one will do so much; but if the 7,500 subscribers, whose subscriptions expire with the present

ent volume, will send each a single name with their own, they will confer a lasting obligation upon us, they will be rewarded for it in the improvement we shall be able to make in the paper by thus increasing our receipts. The following are the

TERMS. To mail subscribers: Two Dollars a Year, or One Dollar for Six Months. One Dollar pays for one complete volume of 416 pages, two volumes comprise one year. The volumes commence on the first of JANUARY and JULY.

CLUB RATES. Five Copies for Six Months.....\$4 Ten Copies for Six Months.....5 Fifteen Copies for Six Months.....8 Twenty Copies for Six Months.....12 Twenty Copies for Twelve Months.....22 For all of Twenty and over, the yearly subscription is only \$1 50. Southern, Western and Canadian money or Post-office stamps taken at par for subscriptions. Canadian subscribers will please to remit twenty-six cents extra on each year's subscription to pre-pay postage.

THE LEADER, "THE PATRIOT" "NEWS OF THE WEEK."

The favor with which The Leader has been received by the public may be judged by the fact that since its commencement, in July 1852, it has steadily increased in circulation until, in its various Editions, it has SEVERAL THOUSAND more subscribers than any other paper in Canada. Every exertion is being used to make it more and more indispensable forever every family in the Province.

THE DAILY LEADER Is published every morning, in time for the early train, at SIX DOLLARS per annum, in advance. It is a large sheet, and contains the earliest and most reliable intelligence that can be obtained from every part of the world.

THE WEEKLY LEADER Is published every Friday, and "THE PATRIOT" and the "NEWS OF THE WEEK" are published every Wednesday at the rate of one dollar in advance.
