

POETRY

The Girl Who's Looking for a Beau.

A girl who lives in this small town, She wants a husband for her own— There is no doubt of that!

Wit and Humour.

SELLING A WATCH.—"Paddy, honey, will you buy my watch now?" "And is it about selling your watch ye are, Mike?"

GIVING AN IDEA.—In trying to report some actors and orators, the critic is always reminded of the Leith shoemaker, who went to Edinburgh to hear Jenny Lind.

SINGULAR EFFECT OF GRIEF.—A young lady reading the "Prisoner of Chillon" to another came to the part where the prisoner's hair was changed gradually from dark to white.

Agriculture, &c.

Feeding Turkeys in winter.

Where corn is cheap, and the bins are full, nothing better is needed. But unfortunately many who like roast turkey, have their bins nearly empty, where corn is nearly a dollar a bushel.

In fattening, some shut them up in a room partially darkened, and feed with scalded meal and pounded charcoal; but we object to the confinement of the turkeys. It is almost impossible to keep the food clean and to prevent waste, and they are quite as restless as when they have their liberty.

Borrowing and Lending.

This is poor business to both parties. The proverb, "The borrower is servant to the lender," is now reversed. Owners of too are excessively annoyed by hunting up that some one has borrowed—often to more than their value.

"Will you lend me your axe—you won't want to use it, I reckon."

"Why, yes, I'll let you take it, seein' you want it."

Curious Trees.

Useful trees have their place, and so do ornamental trees. But in addition to these there is a class which may be called distinctively curious; and of these a few notes may be interesting:

The Dwarf Tree is found upon high lands near Cape Horn. Its maximum height is two and a half feet, and the spread of its branches about four feet, and a stiff, thorny mat at that.

The Mammoth Tree of California, are worthy of note here. They are found three hundred feet high, and 29 feet in diameter at five feet from the ground.

The Ivory Nut Tree is found in South America, and belongs to the palm tribe. The natives use it in building their huts, and out of its nuts they make buttons and various trinkets.

The Bread Fruit Tree.—Here is something useful as well as curious. Would that it grew somewhere besides in the islands of the Pacific.

The Yew Tree.—The "deadly Yew," of which we have all read and heard from childhood, which was supposed to diffuse a poisonous air, fatal to animals or men who came near it.

The Yarnish Tree is Japanese, though found, also, sparingly in China. This is the tree which produces the black Japan yarnish so useful an article of commerce.

Useful Receipts.

TO KILL LICE ON STOCK OF ALL KINDS.—Take one ounce of coculus indicus, which should be bought of any druggist at from 12 to 15 cents per pound, and steep it in one gallon of water, and apply it as is recommended for tobacco extract.

It is a truthful adviser to the married and contemplating marriage, who entertain secret doubts of physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled.

YOUNG MEN who are troubled with weakness, generally caused by a bad habit in youth, the effects of which are dizziness, pains, forgetfulness, sometimes, a ringing in the ears, weak eyes, loss of memory, with melancholy, may be cured by the author's NEW PARIS AND LONDON TREATISE.

We have recently devoted much of our time in VISITING THE EUROPEAN HOSPITALS, availing ourselves of the knowledge and researches of the most skilled Physicians and Surgeons in Europe and the Continent.

Those who place themselves under our care will now have the full benefit of the many NEW AND EFFICACIOUS REMEDIES which we are enabled to introduce into our practice, and the public may rest assured of the same zeal, assiduity, SECRECY and attention being paid to their cases, which has so successfully distinguished heretofore, as a Physician in our PECULIAR department of professional Practice, for the past twenty-five years.

FRANCIS H. HEWARD, M.D., Ladies who wish for Medicines, the efficacy of which has been tested in thousands of cases, and never failed to effect speedy cures without any bad results, will use none but Dr. DeLaney's Female Periodical Pills.

The only precaution necessary to be observed is, ladies should not take them if they have reason to believe they are in certain situations (the particulars of which will be found on the wrapper accompanying each box), though always safe and healthy, so gentle, yet so active are they.

Price \$1 per box. They can be mailed to any part of the United States or Canada.

TO THE LADIES—Who need a confidential medical adviser with regard to any of those interesting complaints to which their delicate organization renders them liable, are particularly invited to consult us.

The Secrets of Youth Unveiled. A Treatise on the Cause of Premature Decay.—A solemn warning.
