His conversation is Lamprey, seconded by Mr. McDonald. society has given rise to several piquant stories at his own expense; and so much scardal was occasioned recently by a photograph in which he and a noted female singer athful follies, when he was known as Moved by Mr. McDonald, seconder "Mad Bismark," his private life has been Arbitrary, self-willed, imperious, impatient of \$800. He has left a wife and one small of opposition, and unscrupulous in the use of means to attain his ends, he governs with the strong hand of absolute power, and crushes out every attempt to assert the political treedom of the individual or the masses. His political ideas are those of a born feudalist. Connected by family, by The following is taken from the Belle- tradition, by education, and by early pre possessions, with the aristocracy of Prussia' he has never sympathized with modern ideas "A great deal of speculation is going on of popular rights. To him they appea He believes firmly in the absolute right of the king to rule alone, and regards every ward social anarchy. This explains his sumption of the right to carry out his royal master's policy without their consent, and in face of their opposition. It serves to explain, also, his attitude toward other German States. He saw that everywhere in mate triumph. He regards the throne and State. He will make use of public opinion
