FARMERS, MECHANICS
and all interested in GIVING & TAKING Money, remember that

U. S. Silver
Is not at Par Value,
and that no Storekeeper can make it Par Value any more than he can make Fourteen Ounces a Pound,
or
30 INCHES A YARD.
If you take United States silver at six or eight per cent more than it is worth either in CHANGE, or for LABOUR, or for PRODUCE, you will be the loser.
You may be told that it will be taken from you at par again; if you believe that Storekeepers will lose eight per cent on

DEPRECIATED SILVER,
without an advance on the goods you buy, you will be easily persuaded.

Test the Prices of Goods

Wm. Ashdown's "DURHAM HOUSE,"
LOWER TOWN,
and you will see the difference.
American Silver is taken and given in change at the following rates:
HALF DOLLAR - 47 Cents.
QUARTER DOLLAR, 23 "
DIME, " "
HALF DIME, 4 "
GIVE THE PREFERENCE
to money the value of which is known and fixed, and repudiate the more fictitious interest of parties who have a lot of DEPRECIATED SMALL CHANGE to get rid of, and

Don't take their Silver at Par.
The best Canadian Coal Oil at 32 cents a gallon.
