Manoc, County of Hastings, Province of Ontario, Feb. 9th, 1869. This is to certify that during the winter of 1866 I was taken with a weakness of the ankles, which gradually, during the spring of 1867, extended to my knees, and on up to my hips, and I became so weak that I could not walk, but was confined to my chair. For about two years, while this weakness was coming on me, and afterwards, I sought medical advice, employing at different times, three doctors, and medi-cines of different kinds prescribed by friends, out of no avail. I continued to get worse and worse, until the summer of 1868, when Remedy by reading the cures performed, in a pamphlet. At this time I had begun to feel the weakness in my hands; in fact I was getting almost helpless. I have taken two bottles of the shoshonees Remedy and two boxes of the pills, and I am entirely restored to health. I never expected to get better, but simply tried the medicine as a sort of forlorn hope. This case of mine was not a private one, but known to all my neighbors and friends; and to any one afflicied as I was, I have only to say try the Shoshonees Remedy, I believe it will cure MARY ANN DOUGHTY.

I believe her certificate to be true in every particular. I know that while ill her case was declared hopeless; and I know that she has, since her recovery always attributed her recovery to the Shoshonees Remedy.
