Any person returning them, or giving information that will lead to their recovery, will be suitably rewarded.

PRIZE PUMPS.

ISAAC IRELAND would call the attention of the public to this Improved Machine Pump. He would say that his Pump took easily the first prize at the late show in Mount Forest, in competition with a Pump that is reported to have taken the first prize at the Provincial Exhibition at Hamilton and four other places. The improvements consist of the strongest bearings, which will stand the most wear of any pump now in use in Canada, also Malleable Valve Seats and Hardwood Cylinder. The same kind of bearings were used by him 17, 18 and 19 years ago, and seven out of ten of the pumps put up by him then are now in use, which has induced him to fall back on the old bearings and fixtures.
