**PRIZE PUMPS.**  
**ISAAC IRELAND** would call the attention of the public to this Improved Machine Pump. He would say that his Pump took easily the first prize at the late show in Mount Fort, in competition with a Pump that is reported to have taken the first prize at the Provincial Exhibition at the London and four other places. The improvements consist of the strongest bearings, which will stand the most wear of any pump now in use in Canada, also Malleable Valve Seats and Hardwood Cylinder. The same kind of bearings were used by him 17, 18 and 19 years ago, and seven out of ten in use, which has induced him to fall back on the old bearings and fixtures.
