IMPORTANT TO FARMERS.

THOMAS MILLER,
AGENT for Abram's Improved Hay, Barley and Straw HORSE FORK.

This Fork needs only to be used to be appreciated. We feel confident in introducing it to the farmers generally, that it has Superior qualities over any other Hay Fork in the Dominion, and are willing at any time to test its merits against any other forks in Hay, Barley or loose Grain. It is light to handle, and powerful. It is so constructed that it will penetrate the Hay easily. It will elevate more than a team can draw. It is peculiarly adapted for Barley and loose Oats as well as Hay. It can be operated with more ease to half from the mow than any other fork in use.

PRIZE PUMPS.

ISAAC IRELAND would call the attention of the public to this Improved Machine Pump. He would say that his Pump took easily the first prize at the late show in Mount Forest, in competition with a Pump that is reported to have taken the first prize at the Provincial Exhibition at Hamilton and four other places. The improvements consist of the strongest bearings, which will stand the most wear of any pump now in use in Canada, also Malleable Valve Seats and Hardwood Cylinder. The same kind of bearings were used by him 17, 18 and 19 years ago, and seven out of ten of the pumps put up by him then are now in use, which has induced him to fall back on the old bearings and fixtures.

ISAAC IRELAND,
MANUFACTURER,
Mount Forest, Sept. 4, 1870. 191.
