

IRISH LAKE.

Items of interest are conspicuously scarce this week.

Mr. Timothy Ryan had J. F. and E. Sullivan engaged last week in hauling straw that he bought some time previously.

Mr. John McAssey returned on Thursday from Owen Sound after a pleasant and protracted visit with his daughter, Mrs. C. Hartford and her family.

Finding his supply of feed rapidly diminish, Mr. Jas. Herley purchased a quantity of straw and sheaf oats from the estate of the late Mr. B. Wright, Orange Valley and is now prepared for all emergencies in the fodder line.

In our last report we inadvertently omitted stating that Mr. Jas. Ryan, who is working in Waterloo, spent his holidays at the homestead. Jim is always a welcome acquisition in any circle.

The task of hauling wood and logs is a laborious one, still 'tis the work the majority are engaged in. T. Butler and son are hauling wood for Jas. Haley; P. Butler is bringing out logs; S. Kelly is taking out ties; Jas. Ryan is hauling wood and the Sullivan boys wood and logs.

A valiant effort is being made by the farmers around Thompson's Corners to have a cheese factory established there. Messrs. Beattie, White and Blair have been in at the Lake on different occasions holding consultations with the farmers, regarding the proposed project. A number have signified their intention of joining, if the arrangements prove satisfactory.

As Mr. Sanday Wilson was riding home on a sleigh from town a short time ago his foot, in some unaccountable way, became entangled in the sleigh with the result that he received a sprain which necessitated his remaining in doors for some time to allow the injured member, to recuperate.

GLASCOTT.

Editor CHRONICLE:—Perhaps it will be interesting to some of your readers particularly to your Dornoch correspondent, to know that the beautiful has arrived in satisfying quantity. When last he was through this burg the grating of his cutter runners seemed to have had a very soothing effect. I thought you would be willing to lend the assistance of your valuable paper to enquire regarding the lost, strayed or (here whisper softly) sleeping. For more particular description see the following:—Came into the premises of the subscriber at lot 30, con. 4, Holland, at gray dawn on the morning of the 12th day of January last, one horse and cutter containing a lady and gentleman evidently sonorously dreaming of white winged doves, butterflies, etc., but alas! for such fanciful flights of the mind. My two dogs seriously and very vociferously objected to that horse and cutter proceeding past the house to the barn. Result: exit that one horse shay. Moral, it is bad for the eyes sleeping out in the morning air. What we want to know: If this pair of swains arrived safe at any particular destination.—Com

The Montreal Star, which is inaugurating a scheme for the relief of suffering India requests the publication of the following article. We do so cheerfully and trust our readers will take the matter into consideration:—"Well authenticated reports from India show the condition of the famine stricken districts to be simply appalling. It is estimated that six millions of British subjects are on the verge of starvation. Already the famine has claimed thousands of victims. The case of India's famishing millions appeals to the sympathies of the whole world. The appeal is being heeded. The people of England are eagerly engaged in the work of relief, and British people in all quarters of the world are sending succor to their fellow subjects in the Indian Empire. Even the people of Russia having joined in the relief movement, and are giving money and food. Canada surely will not neglect to perform her part in this great humane work. The Montreal Star newspaper has inaugurated a Canadian fund—the first to be started in the Dominion—and its publisher has headed the list with a subscription of five hundred dollars. The Hon. Wilfrid Laurier, Premier of Canada, has written to the Star, expressing his hearty approval of the relief movement and contributing to the fund a handsome cheque. The appeal for assistance is meeting with a hearty response in all parts of the country and among all classes.

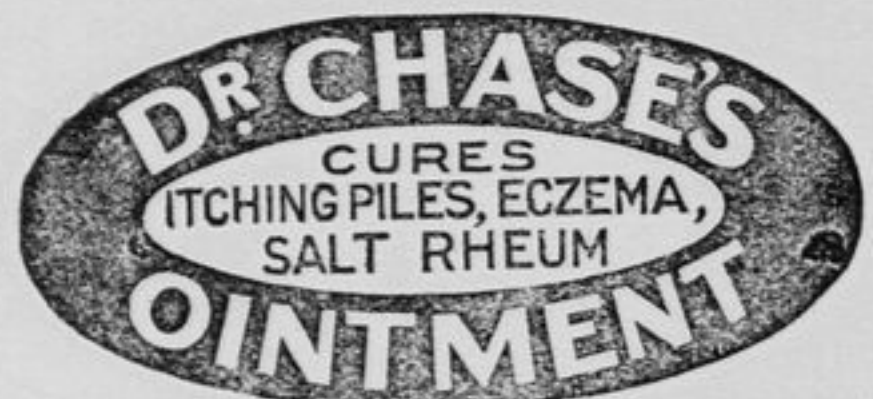

All the Protestant clergymen of Montreal have written a joint memorial to the Star supporting the movement.

Every subscription to the Famine Fund sent to the Montreal Star, no matter how small it may be, will be publicly acknowledged."

Mr. C. Donnelly, wholesale liquor dealer, Alliston, Ont., was troubled for years with Itching Piles. He was persuaded by Jas. McGarvey, Alliston. Livery man, to use Chase's Ointment, which he did, was cured, has had no return of them and highly recommends this Ointment as a sovereign cure for Piles.
