rectly on the blood and mucous surfaces.

## WHAT THE FLOWERS SAY.

The calla lily is emblematic of femin-  
ine beauty.  
The arbutus vitae is indicative of un-  
changing friendship.  
The primrose is in England an em-  
blem of inconstancy.  
The China aster is set down as in-  
dicative of remembrance.  
The cat plant is in Italy regarded  
as emblematic of music.  
The red carnation is regarded in  
Spain as an emblem of despair.  
The myrtle plant has always been  
regarded as an emblem of love.  
The pink is considered in the south  
of France symbolic of pure affection.  
The lotus in India is emblematic of  
life; in ancient Egypt it was a death  
flower.

The purple columbine, in both Eng-  
land and Scotland, is symbolic of de-  
termination.  
In the south of France the handing  
of a sweet pea by a young woman to  
a young man is a polite way of stat-  
ing that she is tired of his company.

SCENTS AND PERFUMES.  
To be highly perfumed is most vul-  
gar, no matter how dainty the perfume  
may be; but a faint, sweet scent or  
just a suspicion of perfume adds ma-  
terially to the daintiness of a woman's  
attire. To a great many people strong  
perfume is most offensive, and too many  
people use it to conceal other odors,  
which possibly arise from uncleanness.  
It is a pretty idea to select one's fa-  
vorite perfume and use only that, mak-  
ing it characteristic, so to speak. Sach-  
ets are dainty things to have, and one  
does not need other perfume. If made  
of good size and generously filled with  
the sachet powder and cotton, they may  
be laid among the clothes, and hand-  
kerchiefs in trunks and bureau draw-  
ers.

## HOPE ENTHRONED.

LIFE PROLONGED AND ITS USE-  
FULNESS GREATLY EXTENDED.

The Ruthless Hand Of Nature Per-  
mits Only the Survival of the Strong-  
est But Medical Science Secures the  
Survival of the Weakest.

From the Cornwall Standard.

The science and art of medication  
holds a unique place in the esteem of  
the entire civilized world, because by  
a judicious application of progressive  
science relative to the art of healing  
innumerable triumphs are won in the  
struggle for health. The profession of  
medicine, we may safely say, is no sine-  
cure its triumphs and successes are re-  
hearsed daily by the million. Those who  
are in the vanguard of this movement  
are our greatest benefactors. Their  
discoveries are a boon to humanity;  
they have given relief to thousands who  
would have dragged out a miserable  
and more or less brief existence. Dr.  
Williams by means of his Pink Pills  
has earned and enjoys the gratitude of  
untold numbers who were on the verge  
of isolation or death, because their case  
defied the skill of the ordinary medi-  
cal practitioner. The ruthless hand of  
nature permits only the survival of the  
strongest, but the tender ministrations  
of medical science, as exemplified in  
Dr. Williams' Pink Pills, secure the  
survival of the weakest, which is in  
harmony with the divine injunction.  
"We then that are strong ought to  
bear the infirmities of the weak and  
not please ourselves."

These famous pills have given  
strength to the apparently hopelessly  
weak, and vitalized and invigorated  
fragile and debilitated constitutions,  
enthroned health and strength, thus  
increasing every value and enhanc-  
ing every joy. In substantiation of the  
reputed merits of Dr. Williams' Pink  
Pills read the following testimonial of  
one of Glangarry's responsible citizens,  
Samuel Neil, of the village of Lancas-  
ter, is one of the best known men of  
the county. "For three successive win-  
ters," says Mr. Neil, "I suffered from  
severe attacks of the grippé. Owing to  
the exhausting effect of these attacks  
I was unable to attend to my business  
half of the time. The last attack I  
had was in December, 1895. It was the  
most prolonged and the subsequent ef-  
fect the most trying. All the winter  
of 1896 I was under medical care and  
being somewhat advanced in life I pre-  
sented a very frail appearance. My  
weakness was so pronounced that I be-  
came a victim of weak turns, and even  
with the assistance of a cane I was  
liable to fall. Attempts to walk were  
risky, and often to be regretted. I was  
troubled with a dizziness in the head  
that rendered locomotion difficult and  
unpleasant. Besides this general weak-  
ness I had pains in my shoulders, some-  
thing like articular rheumatism in  
its fluctuations and severity. After  
a five months treatment I was not  
any better, in fact the doctor gave me  
very little encouragement. He said I  
had palpitation of the heart and it must  
run its course. The truth is I felt so weak that my  
hope of recovery was about nil. About  
the first of May I determined to try  
Dr. Williams' Pink Pills. The result  
was the dizziness left me, day by day  
my pains vanished into imperceptibil-  
ity, and I began to feel myself again.  
The improvement continued until I was  
able to follow my business with unex-  
pected vigor. I am increasing in flesh  
and in the general signs of good health,  
and I unhesitatingly attribute my re-  
covery to Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills create new  
blood, build up the nerves, and thus  
drive disease from the system. In  
hundreds of cases they have cured af-  
ter all other medicines had failed, thus  
establishing the claim that they are a  
marvel among the triumphs of modern  
medical science. The genuine Pink  
Pills are sold only in boxes, bearing  
the full trade mark, "Dr. Williams'  
Pink Pills for Pale People." Protect  
yourself from imposition by refusing  
any pill that does not bear the regis-  
tered trade mark around the box.

THE QUEEN'S PREACHER.  
Etiquette is to be observed in preach-  
ing before the Queen. No personal re-  
ference to her Majesty is permissible,  
a pure Gospel discourse being the rule,  
delivered as though she was not pres-  
ent. Many have tried to evade those  
rules. The Queen likes and enjoys a  
plain, practical discourse, selected from  
the lessons or Gospel of the day, to  
occupy about 20 minutes in delivery.  
Questions of the day, and above all,  
politics must be entirely excluded.

pet names as she did when you were  
first married?" "Er—not as many pet  
ones."

INJURY AND NEGLECT.  
He Failed in Health and Strength—His  
Kidneys Ached and He Took Dodd's  
Kidney Pills.

Deseronto, Feb. 15, (Special)—Among  
business people here, and especially by  
his fellow workmen great interest has  
been taken in the case of Mr. James  
Stokes, who for the past fifteen years  
has been shipper for the Rathburn  
Company.  
Lately he had run down in health  
and strength to the point of being  
compelled to quit work and his recov-  
ery now as the result of using Dodd's  
Kidney Pills, is the talk of the town.  
On seeing Mr. Stokes, he said:—  
"From over lifting and strain I suf-  
fered greatly from kidney trouble, be-  
ing advised, after all else had failed,  
to use Dodd's Kidney Pills, from the  
first dose, I got relief, and hundreds  
of people here can vouch for my cure."

I'd rather be most any man  
In history's class or fame's bright  
band.  
Than Atlas for he always had  
A world of trouble on his hands.

WHAT DR. A. E. SALTER SAYS.  
Buffalo, N. Y.—Gents—From my per-  
sonal knowledge, gained in observing  
the effect of your Shiloh's Cure in cases  
of advanced Consumption, I am pre-  
pared to say it is the most remarkable  
Remedy that has ever been brought to  
my attention. It has certainly saved  
many from Consumption.

PROFESSIONAL CRITICISM.  
Read—I hear that Penn's new play  
has no villain in it.  
Write—It doesn't need any. The  
play itself is perfectly villainous.

Rev. A. D. Buckley, of Buffalo, writes:—"I  
wish all to know what a blessing Dr. Agnew's  
Catarrhal Powder is in case of Catarrh. I  
have been troubled with this disease for years,  
but the first time I used this remedy I received  
most delightful relief, and now regard myself  
entirely cured after the use of the remedy for  
two months. It is delightful to use and very  
refreshing."
