

EVERYTHING NEW IN SPRING GOODS.

March is considered the first month of Spring and although it doesn't look much like it, still it's time to talk about Spring Goods. They are here in great variety. Everybody knows by this time that if you want an assortment you have to come here for it. Hard times don't scare us worth a cent. The people have got to have the goods and it's only a question of where to buy them and what to pay for them. We are not afraid of the quality of our stuff.—We are not afraid to quote our prices.—We will back them against the keenest competition, either here or elsewhere. Some of you have been in the habit of sending to the city for your goods. Try us once. All we ask is an impartial examination of what is in your own town and to your good judgment we leave the rest. If we haven't got what you want, remember we will procure it for you on short notice. For ourselves, we preach "quality" rather than price and our most discerning customers find that its "quality" that pays in the long run. We have one motto, Cash (or its equivalent) and one price to one and all.
