

THE CHRONICLE.

DURHAM, March 25th, 1897.

GENERAL.

Mr. Allan has received a letter assuring him that the Minister of Public Works and Customs will be here before parliament meets, their intended visit having been postponed a short time on account of illness.—O.S. Times.

The Montreal Bank Manager in Stratford died last week at the hospital after an operation for cancer of the stomach.

The Wilson line steamer Rialto was set on fire by the explosion of chemicals during a hurricane. The Allan line steamer Carthaginian stood by until the weather moderated, and rescued all on board.

The French line steamer Ville de St. Nazaire, which sailed from New York for the West Indies on March 6th, foundered at sea, and of the eighty-two passengers and crew only four are known to have been saved.

Mrs. Wm. Hare, of Cedarville, a suburb of Oshawa, was found dead by her husband, who professes to know nothing of the cause. She was subject to fits.

The barbers are asking the Ontario government for special legislation. The two requests are (1) that all barbers possess certificates of competency (2) that all shops be under the regulation of the health department.

A new three cent stamp will be issued next summer in honor of her Majesty's diamond jubilee.

The lowlands opposite Memphis Tenn. have been flooded. The rich have lost heavily; the poor have lost all. Many lives were lost; reports say fifty.

The flood at Sioux City rose 20 ft in thirty six hours.

A report from St. Louis says that a section of country equal in area to the state of Missouri is now under water.

The Nova Scotia provincial elections take place on April 20.

A charge of heresy will be brought against Ian MacLaren at the English Presbyterian Synod next month. The alleged heretical doctrine is found in his book entitled "The Mind of the Master."

Serious damage by floods is reported from Brantford and Glen Williams.

The following Canadian visitors have registered their names at the Canadian Government offices, 10 Rue de Rome, Paris, during the week ending February 27th:—A. R. Johnston, Montreal; Count R. Ogier d'Arcy, Montreal; Dr. A. Alex. Macleay, Danville; Doctor S. Ed. Lauder Durham Ont.; Doctor S. M. Wickett, Toronto; W. S. Murphy, Montreal; Arthur Amos Montreal; Edourd Richard, Arthabaskaville.

The War cloud in the east seems to be darkening. The Turks are constructing fortification in violation of the Berlin Treaty. The Greeks are indignant that Christian nations should submit, and an impression is growing that to gain their own ends they will submit to almost anything. Russia is reported to be urging on the Turks, and offering financial assistance believing that one battle would so cripple Greece that she could then call off the Turks and force Greece to accept whatever terms she would offer.

The following description of Athens, given by Mr. Frank G. Carpenter, in "The Flaneur" page of the Saturday Mail will be interesting to some:—"The Athens of to-day is a modern city. It has wide streets paved with cobble-stones, and its houses are much like the three and four-storey flats of some parts of Paris. Its people dress as we do. There are carriages with liveried coachmen, and there is as much style in Athens as in any part of Europe. The better classes of the modern Greeks have as good homes as people of the same class in the United States. They are well dressed and well educated. The most of them speak a half a dozen different languages, though French is the society language of the Greek capital. There is an Athens University with nearly 2000 students and ninety-eight professors. There are in addition to this thirty-three other colleges in Greece containing nearly 4000 students. The kingdom has a system of common schools at which attendance is compulsory. There are also a number of private schools.

The Weather for Colds. This is the time when colds are in the fashion—every body who is anybody has one, if not himself there's one in the family. For no complaint under the sun are there more remedies than for a cold in the head, but of the thousands Chase's Catarrh Cure is the best. "In twelve hours I was cured of a bad cold in the head by Chase's Cure," writes Miss Dwyer, Alliston, Ont. 25c. of all druggists, with blower free.

Souris, Man., Sept. 21, 1896. Messrs. Edmanson, Bates & Co. Dear Sirs,—I find your goods talking remarkably well with my customers and they appear to give every satisfaction, as indicated by the fact of our having sold one-half gross of your Chase's Kidney-Liver Pills alone during the month of August. S. S. SMITH, Souris, Man.

a fine polytechnic institute, an academy of science, several good libraries and a large national museum. The Greeks have as good a postal service as you will find anywhere. There are many book stores and the displays of goods in the store windows are quite as fine as those of any American city."

Sir Donald Smith, High Commissioner, who returned from England last week says:—"Canadian matters in England are beginning to attract a great deal of attention. England is becoming very deeply interested in her colonies and particularly Canada. The change of government in Canada has not excited the English people very much. They are so used to putting a party in power to turn it out again in a few months or perhaps a year or two later that they think there is nothing unusual in the fact that after holding the reins of power for 18 years a political party in Canada has been obliged to resign them." Speaking of the papal ablegate he says "everyone speaks of him as a man eminently fitted for the task which has been assigned to him, and he believes he will come to Canada determined to investigate matters and settle them in a manner which will be satisfactory to everyone." We doubt this very much, as popular feeling goes at present.

Contrary, we believe, to the expectations of both political parties, Mr. Guite, the liberal candidate, was elected in Bonaventure last week. The Liberal party claim this as a "great victory over clerical domination" while the Conservatives regard the government pull and the Baie des Chaleur Railway influence as the trump card in the game. The majority was over 800. The Montreal Daily Star of Thursday the 18th says:—"The part of the Baie des Chaleur Railway in the contest was a large one; its extension was distinctly pledged by the Liberals. Mr. Cyr, the Conservative candidate, made disapproval of the school question a leading issue. There is reason to believe that considerable money was used to influence voters and talk of protest is heard."

PROSPECTUS OF THE DURHAM BOOT & SHOE MANUFACTURING COY., Ltd.

The Company shall be a limited liability Joint Stock Company incorporated under the Joint Stock Company's Act; no shareholder to be liable for a greater amount than his share or shares call for; the capital of the said Company to be \$3000 divided into two-hundred shares of \$15 each which shares are to be paid as follows: 20% on the first day of June 1897, and the balance to be paid in 20% calls upon thirty days notice as the directors of the said company may direct. Such payments on calls are to be paid to the treasurer of the company. The officers of the company to consist of a Pres., Vice-pres. Secretary, Treasurer and two directors, who shall be elected annually by a vote of the shareholders each share entitling the holder thereof to one vote.

The company purposes to manufacture what is known as staple lines of boots and shoes in pegged and riveted work, using first-class material and workmanship so as to successfully compete with other manufacturers. The business of the said company is to be conducted strictly on a cash basis in both buying and selling thus enabling them to buy in the cheapest markets and manufacture at the cheapest possible costs. Each shareholder shall be entitled to purchase all goods for his own family use at manufacturers' prices.

The Weather for Colds. This is the time when colds are in the fashion—every body who is anybody has one, if not himself there's one in the family. For no complaint under the sun are there more remedies than for a cold in the head, but of the thousands Chase's Catarrh Cure is the best. "In twelve hours I was cured of a bad cold in the head by Chase's Cure," writes Miss Dwyer, Alliston, Ont. 25c. of all druggists, with blower free.

Souris, Man., Sept. 21, 1896. Messrs. Edmanson, Bates & Co. Dear Sirs,—I find your goods talking remarkably well with my customers and they appear to give every satisfaction, as indicated by the fact of our having sold one-half gross of your Chase's Kidney-Liver Pills alone during the month of August. S. S. SMITH, Souris, Man.

Bull for Service. A THOROUGH BRED HEREFORD Bull for Service at lot 63, con. 3, Bentinck. PICKEN BROS. 2m. March 23rd.

TRAVERSTON. The following words of the poet will soon be verified:—"A shade of green shall creep, Soon o'er the orchard's grassy floor, And from its bed, the crocus peep, Beside the housewife's door."

An observer of the spring songsters announces the arrival of snipe, seagull, robin, black-bird and meadow-lark. After whacking away all winter at square timber in Waterloo Co., Will Jack arrived home last week and is in prime trim for rasing in a big crop.

Yearling, two-year old and even three-year old steers have mostly been picked up here last week by Messrs. Nedigar and McDougald for R. Brunt, and by Atkinson, of Kin-cardine, who ships on the 28th of April for Montana. This certainly ought to stiffen local prices after a while.

That trusty and well-tried cane of Assessor Bell's is helping him along at a good rate these days. He has a thorough knowledge of the land in the township, and hence, gives general satisfaction.

Zion choir are loud in their praises of the kindly reception and hospitable treatment they received at the Baptist soiree last Wednesday.

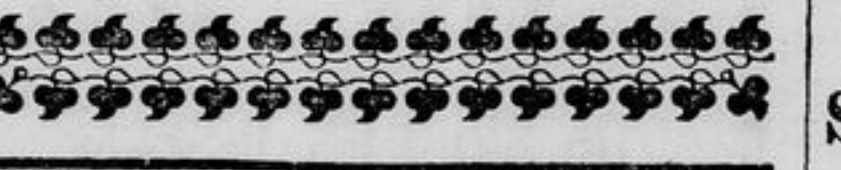

Jim Banks lost one of his fine young team in town last Thursday. Inflammation of the bowels was the cause and despite the skill and persistent efforts of Dr. Wolfe, it proved fatal. Drinking ice and snow-water is supposed to have brought it on.

For the past five years, Miss Sarah Jack has lived with relatives in far-away Minnesota. She arrived in Durham on Saturday and was out to Zion on Sunday, looking as bonnie and blithe as ever. She was one of our most popular maidens, hence, got a host of hearty greetings at the kirk. All are glad to welcome her back.

A Claim AND An Offer

WE CLAIM there is only one preparation in Canada to-day that is guaranteed to cure BRONCHITIS, and that is DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE. It is MOTHER'S cure for her child when it is all stuffed up with CROUP and coughing its little lungs out with WHOOPING COUGH. One small dose immediately stops that cough. By loosening the phlegm, puts the little one to sleep and rest. Dr. Chase compounded this valuable syrup so as to take away the unpleasant taste of turpentine and linseed. WE OFFER to refund the price if Dr. Chase's Syrup will not do all that it is claimed to do. Sold on a guarantee at all dealers, or Edmanson, Bates & Co., 45 Lombard St. Price, 25c.

FREE! HEART and NERVE Troubles

Any person, residing in DURHAM who may require a medicine for Heart or Nerve Trouble, such as Palpitation, Fluttering or Irregular Beating or the Heart, Distress after Exertion, Smothering Feeling, Feeling of Anxiety, etc., also Sleeplessness, Nervousness, Watery Blood, General Debility, after Effects of La Grippe, Loss of Appetite, etc., can procure a full-sized box of Milburn's Heart and Nerve Pills, FREE, providing each applicant will cut this out sign his or her name and address at the foot of same and present it at

MacFARLANE & Co's Drug Store.

We take this plan of distributing 36 boxes of Milburn's Heart and Nerve Pills, commencing this 27th day of March, 1897. First come, first served. The distribution will continue until they are all disposed of.
