

THE CHRONICLE.

DURHAM, April 1st., 1897.

GENERAL.

A Missouri Farmer killed four persons and then blow his brains out. "All well that ends well." The murdered ones were his wife, mother-in-law, a step-daughter and a step-son. Jealousy and a belief that his mother-in-law was interfering with his domestic affairs is believed to be the cause.

The Montreal Daily Star protests against the indecent and demoralizing posters found on her city walls.

A Burlington boy of eighteen, in a fit of melancholy shot himself last Friday and died from the effects.

A severe shock of earthquake was felt in Montreal and many towns and cities in Quebec and Eastern Ontario on Tuesday the 23rd ult. Excitement ran high for a time. Brave men believing self-preservation to be the first law of nature rushed into the street for safety, leaving behind them their "fair women" and children to look out for themselves. No serious damage, however, has been reported. Another earthquake occurred in the same localities since that time.

The Hon. the Minister of Education is getting rapped over the knuckles lately for plagiarism. The Belleville Intelligence says:—"Fie! fie! Geo. W. You a Minister of Education, a B. A., LL. B. and LL. D.—all conferred by courtesy—and in addition a barrister by special Act of Parliament—ought not to do such naughty things. Appropriating the brains of another, and palming them off as your own is called 'literary theft' and he who does it a plagiarist. Surely our Minister of Education, does not desire to occupy such an unenviable position, yet, as a correspondent says 'if this is allowed to go uncontradicted and unexplained there is an end to all literary honesty.'"

Sir Chas. Tupper made a vigorous speech in the Commons on Friday last. After paying the usual compliments to the mover and seconder of the address from the throne, congratulating Hon. Wilfred Laurier on the honor of being invited to represent Canada at the Queen's jubilee, and reviewing the commercial progress of England during the last fifty years he opened fire on the unconstitutionality of the Manitoba School settlement, and dissented from the view expressed by the premier to the electors in Wright county, that the Remedial Bill would not give as much to the Catholics of Manitoba, as they would secure under the settlement with Mr. Greenway. The responsibility of settlement now rested with Mr. Laurier, and if that Hon. gentleman could reconcile those most interested he had not a word to say. Under existing circumstances he would not feel it incumbent upon him in future to make such exertions for the rights of the Catholics as he had in the past.

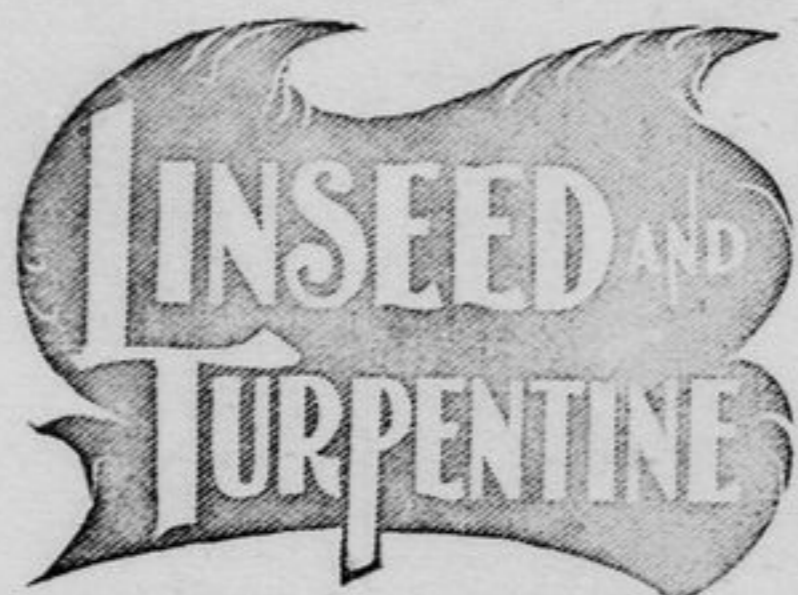

He considered the National Policy never occupied a more triumphant position than it does to-day. The exports last year were the largest in the history of our country, and he believed that Canada was on the eve of great prosperity, provided existing condition were maintained.

The government's proposal regarding the franchise would place the parliament of Canada in a most humiliating position. A similar bill in Nova Scotia worked disastrously and the kind of bill proposed was lowering the dignity of parliament.

He paid a tribute to the government's action in establishing cold storage, and expressed pleasure at Canada's response to the Indian Famine Fund. He repudiated the action of government in dismissing and superannuating Civil servants. He pointed out where the government failed to carry out their pledges. The speech was a vigorous support of the policy of the Conservative party.

Mr. Laurier in his reply, of course, took exception to the views of the opposition, with reference to the school settlement admitted that it was not as advantageous to his co-religionists as he desired it should be. It was not possible to obtain more, nor for the government of Manitoba to concede more. The premier concluded his remarks with an eloquent reference to the Queen's Jubilee.

Mr. Foster ex-Finance Minister who spoke next pronounced the premier's speech of the thinnest debating school order, wholly irrelevant in answering the charges made by the Premier. And so the fight goes on.

Linseed and Turpentine is not only a popular remedy, but the best known to medical science for the treatment of nervous membranes of respiratory organs.

DR. CHASE compounded this valuable syrup so as to take away the unpleasant taste of the turpentine and linseed. It was the Doctor's last and greatest remedy, and more of it is sold in Canada than all other cough medicines combined.

A Banker's Experience HEREAFTER HE INTENDS TO BE HIS OWN FAMILY DOCTOR

"I tried a bottle of Dr. Chase's Syrup of Linseed and Turpentine for a troublesome affection of the throat," writes Manager Thomas Dewson, of the Standard Bank, now of 14 Melbourne Avenue, Toronto. "It proved effective. I regard the remedy as simple, cheap and exceedingly good. It has hitherto been my habit to consult a physician in troubles of this nature. Hereafter, however, I intend to be my own family doctor."

DORNOCH.

Professor Benson, of Markdale, and Mr. Murdoch, of Berkley, were in the village last week.

Mr. Thos Stewart, of Wellbeck, is at present engaged writing an article for the Toronto Weekly Globe. Title:—"Two years in Bentinck."

The youth who got the limit of ten days to leave town is still enjoying peaceful possession. He is evidently a clear Grit.

Mr. and Miss Uins, of the Rocky, were guests of the genial and handsome Wm Wade, of Bentinck.

A meeting of the Dornoch F. B. C., is called for at the Bull's Head hotel, Friday evening the 2nd, to organize for the coming summer. The presence of all the members is respectfully requested.

Taylor Godfrey visited Berkley last week with a prospect in view of settling there.

Rev. Mr. Thompson, of Flesherton, occupied the Presbyterian pulpit here on Sunday last, while Rev. Mr. Little ministered to the spiritual wants of the Presbyterians of Flesherton.

Merchant Hunt is at present preparing for the erection of a mammoth store and dwelling in the coming summer. The structure will be a three storey brick with a 26 foot frontage and a 56 foot extension. Mr. Hunt is evidently a thriving business man.

One of those pleasing events that make life happy took place in Elmwood Wednesday of last week when Mr. Wm. Hudson, of Bentinck, was united in marriage to Miss Bella Lang, of Sullivan. The ceremony was performed by Rev. Mr. Johnson, of Elmwood. The groom was assisted by Mr. John Lang and the bride by Miss Merry, of Kinghurst.

Messrs. Jas. Robinson, Alex. McIntosh and Fred Heft returned from Sault Ste Marie last week.

A very pretty wedding took place about two miles north of the village on Wednesday the 24th ult, when Mr. Geo. Suttrell, of Owen Sound, was united in holy bonds to Miss Woinuski of this place. The ceremony was performed at the residence of the bride's father by Rev. Mr. Anderson, of Williamsford, in the presence of a large number of invited friends. Mr. Geo. McIntosh, son of our esteemed post-master, and Miss Woinuski, sister of the bride, assisted the happy couple in these trying minutes. To the deserving couple we extend our best wishes for a happy and prosperous future.

THE TRAIL OF DEATH

It begins at the Throat and ends at the Grave. How many a human life is unnecessarily sacrificed.

There are many remedies on the market for the cure of consumption, but consumption, once it reaches a certain stage, cannot be cured. In professing, therefore, to do what is impossible, these remedies prove themselves to be simply humbugs.

Consumption is a disease which destroys the tissue of the lungs. Once gone, no medicine can replace that tissue. Good medicine may arrest the disease even after one lung is wholly gone, as long as the other remains sound. Once both are attacked, however, the victim is doomed.

Just why people should risk their lives to this dread disease and go to great expense afterwards to check it, it is hard to conceive. It is much easier prevented than cured. Throat troubles and severe colds are its usual forerunners. A 25-cent bottle of Dr. Chase's Syrup of Linseed and Turpentine will drive these away. It is, without doubt, the best medicine for the purpose to be had anywhere.

Correspondence.

Editor of Chronicle.

DEAR SIR, -I was greatly amused while observing the antics of three young men who monopolized the front row at the Temple of Fame entertainment.

Evidently they had escaped from the proverbial apron-strings, for the first time, and were determined to enjoy their new-found liberty to its fullest extent. They had provided themselves with opera glasses and used them at every opportunity. Their exclamations of surprise and delight at what they saw and heard were quite audible, and in the innocence of their guileless hearts they were not aware that the laugh was on themselves.

Take your opera glasses to Queenston, boys, and when you have succeeded in wreathing in smiles, the marble features of heroic Brock, then may you come back to Durham and attain your object.

Furthermore, let me advise the guardians of these innocents to take them once more in tow, instil into their youthful minds the principles of good behaviour and to lay aside their little glasses until they become of age. G. U. Ard.

Completely Knocked Out.

"I was so much run down I had to give up work, and I felt as if life was not worth living," writes Wm. W. Thompson, Zephyr, Ont. "I took Scott's Sarsaparilla and am now feeling as I did years ago." Scott's Sarsaparilla tones up the entire system, purifies the blood and eradicates rheumatic and scrofulous poisons. Ask for Scott's and get it.

A Child Cured of Eczema by Chase's Ointment.

"My six-year-old daughter, Bella, was afflicted with eczema for 24 months, the principal seat of eruption being behind her ears. I tried almost every remedy advertised bought innumerable medicines and soaps, and took the child to medical specialists in skin diseases, but without result. The doctor advised the use of Chase's Ointment and since using the eruption has all disappeared, and I can confidently say my child is cured. (Signed) MAXWELL JOHNSTON, 112 Anne St., Toronto.

Back-Ache, Face-Ache, Sciatic Pains, Neuralgic Pains, Pain in the Side, etc. Promptly Relieved and Cured by The "D. & L." Menthol Plaster. Having used your D. & L.
