

-- Newest Styles in Dress Goods. --

We have by far the largest stock of Dress Goods to see wherever you go. The fixtures that carry the Stock and the counters to show them are piled with new goods. So many to look at. So many to pile on the shelves already full. So many to tell of and how impossible to tell of them all. We have the variety. We have room enough to accomodate an army of Dress Goods buyers and there's no reason why we shouldn't supply Durham and the surrounding country with Dress Goods. Where Dress Goods are in unusual variety is the place to go for them. We can't sell to our own satisfaction by letting our stock run down and every possible need must be anticipated. What's more, every possible need has been anticipated and you can judge for yourself by comparing the goods and the prices.
