ANAUNT'S ADVICE.

BROUGHT A YOUNG LADY OUT OF THE SHADOW OF DEATH.

A Remarkable Case That Vividly Shows the Wonderful Health-Restoring Power of Dr. Williams' Pink Pills.

From the Orangeville Banner. There is no doubt at all that many people are prejudiced against proprietary medicines, and equally no doubt may look upon the testimonials published as much of the nature of an exaggerated puff. If the Banner has been so infatuated with this feeling it has, so far as one medicine is concerned, had its doubts removed. We refer to Dr. Williams' Pink Pills, concerning the curative qualities of which strong claims have been made, and proofs advanced in their support which seem equally strong. But it is when one comes across in their own locality a case almost beyond public that doubt disappears and conviction follows. Such a case the Banner came across and investigated and now gives the facts. The case is that of Miss Sarah Langford, an estimable young lady who resides in the neighborhood of Camilla. We were told she had been brought near to death's door and had been restored to health through the agency of Dr. Williams' Pink Pills. We decided, however, to cast hearsay aside and investigate for ourselves. We found Miss Langford the picture of health and good spirits, at her pleasant home in Camilla. In response to our inquiries as to her illness and the cause of her recovery, she expressed her willingness to satisfy our curiosity, and as she added, relate her experience for the good of others afflicted as she was. Her story very briefly, was as follows:--

"I had a gripe in the spring of 1894, I did not seem to get over the effects of the attack, and as the summer progressed became weak and listless. Any kind of work became a burden to me. After pumping a pail of water from the well, I would have to stand and hold my hands over my heart for a moment or so, it would flutter so violently. I could not go upstairs without difficulty, and towards the last would have to get to the top, lie down until I could recover my breath. I became a mere skeleton, my cheeks were like wax, and my lips colorless. I lost all appetite and my meals often went unattempted. Medicine seemed to have no effect upon me. I was getting weaker all the time, and at last began to give up hope of recovery. My parents were of course in great distress, and I knew by the looks and actions of friends who called to see me that they thought I was doomed to an early death. Then a dear lady friend died and I managed out of love for her to drag myself to her funeral. The sensation of seeing her laid away, believing that I would soon follow her was a strange one. Shortly after this an aunt of mine, Mrs. Wm. Henderson, of Toronto, came to visit at our place. My condition troubled her very much and she insisted on my trying Dr. Williams' Pink Pills. To please her I consented but with very little hope of any good result. The effect, however, was wonderful and a pleasing surprise to me. I soon began to feel more cheerful and seemed to feel stronger. Then my appetite began to improve, and the color returned to my cheeks and lips. From that hour I steadily gained strength, and was soon enjoying my former excellent health, and I am sincere in expressing my belief that to Dr. Williams' Pink Pills do I owe my recovery."

Enquiry among neighbors corroborated Miss Langford's story as to her illness and remarkable recovery. In her case at least Dr. Williams' Pink Pills have given a striking proof that they possess wonderful merits. Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

TOIL. Humble, honest work is the grandest thing under the stars, and just as sure as gravity swings the planets or water runs down hill, so sure is it a sin and a shame for a man to seek to get something for nothing, or to seek to live without toil in this world.

KING GEORGE OF GREECE.

His Throne and His Life in Peril--His Great Wealth.

Uneasy lies the head that wears the Grecian crown. King George is now occupying a peculiarly trying position. By attempting to seize Crete he put himself at the head of the mob in defiance of the feeble protests of his premier and now he faces almost certain defeat in war, and perhaps, a revolution that may drive him from his throne. Under ordinary circumstances this monarch of the Hellenes might not care greatly since the powers, when he took his seat in 1863, guaranteed him a round million dollars a year in case he should be driven from power, besides which he has already saved up enough out of his liberal allowances of \$260,000 a year and perquisites to make him the wealthiest sovereign of Europe. The king has always had an eye to the future, and in recent years has built himself a magnificent palace near Copenhagen, to which he might retire to end his days in the ease to which he has always been partial. That would not be a bad termination of the erished and obscure royal family, if that were all. But there is a reason to believe that George has resolved to wipe out by one bold stroke, the contemptuous indifference with which he has been regarded by other sovereigns who have never held his intellectual qualifications in high esteem. The time seemed ripe for realizing the old Greek dream of the seizure of the Turkish empire, or at any rate, of a good part of it. The Christian sentiment of the world was aroused; an alliance, covert or open, with some great power was to be expected, and it seemed certain that the Balkan states would likewise declare war. Instead the concert of Europe has been maintained with firmness; the Balkans have announced to Russia that they will remain neutral, and the Turk is conducting the war in his usual free aggressive style and with more than usual success. The king of Greece is, therefore in a situation of extreme peril--not alone to his throne, to which he may be philocentrically resigned, but also to his life and the lives of his family, a contingency that can certainly not be contemplated with equanimity. He has the mob at his back in two senses, and in any event must suffer. King George has led a blameless if rather indolent life; under him the Greeks have had self-government to a very large degree, and in every respect his administration has been better than that of the unhappy Otto, his predecessor. That he should have ruled in exemplary if colorless fashion, for thirty-four years, and then in any event have to face the humiliation of defeat and possibly of such flight as King Otto took, is distressing indeed.

"GONE TO THE DOGS." A missionary bishop who had been six weeks in coming to the convention at Winnipeg, most of the way in a canoe, began his address by saying that he would speak for himself and for a brother-bishop, who unfortunately could not be present. He was sorry to say that his brother's diocese had gone to the dogs! A general gloom followed these words. He went on to say that the bishop had found so many inquirers after religion among the Eskimos north of Hudson Bay that he had to build a church. As there was no wood, he used whales' ribs for rafters, covering them with tanned walrus hide, and so made a church to hold eighty persons. All a week merry as a wedding-bell for a time, until the dogs grew famished and ate the church.

WILL CARRY THE SCARS TO HER GRAVE. Spent Thousands for Health, But Did Not Obtain This Greatest of All Blessings Until She Used the Great South American Rheumatic Cure. Suffered intensely for 12 Years. Mrs. F. Brawley, of Tottenham, Ont., states: "I suffered almost continually for 12 years with rheumatism, the effects of which I will carry to my grave. I am entirely limp and my wrists are yet stiff. I am entirely freed from pain in the use of South American Rheumatic Cure. It has indeed proved a wonderful cure in my case. I have spent thousands of dollars in doctor's bills and medicines without avail. Five bottles of this wonderful cure has cured me. I am better in der-work than I have been for ten years."

COULDN'T STAND ALONE. They tell me Van Wither is very weak since his last sickness. He is. I saw him on the street just now and asked him for a favor; but he couldn't stand a loan.

BUTCHERED OR BURNED?

We read with horror of the cruelty and butcheries of Gen. Wrayler in the fair Isle of Cuba, but little rank we of the ravages of that more dreadful King of Grave-Diggers, Kidney Disease, here in our midst.

People of high and low degree drop into graves on all sides of us daily from Kidney Trouble. We incur it ourselves. We encourage it. We do everything but cure it. Yet there is a cure, pleasant as a May morning. Sure as fate. Infallible as heredity. Before this wonderful remedy, the agonizing tortures of Kidney Disease vanish like a snowflake in a fiery furnace. This cure, of which we sound the praises is DODD'S KIDNEY PILLS. Yet not alone we, but every one who has tried them. The hundred per cent. of cures we record. Here are examples:--

W. F. Smith, 18 Carrol St., Toronto, says: "I have taken eight boxes of Dodd's Kidney Pills which have cured me of Heart Trouble, Pain in the Back and Dizziness, after other treatments had failed." D. J. Kenney, Queen's Hotel, Mount Forest, says: "Have suffered greatly from Nervousness, but information, as from Nervousness, that information, as to the effects of Dodd's Kidney Pills in the such cases led me to use them, with the result that I am cured." Louis H. Bounnell, 573 King East, Toronto, says: "Had been troubled for several months with pain in my back and kidneys which prevented my entering in bicycle events, but am in the ring once more after using three boxes of Dodd's Kidney Pills. Mr. James Stokes, Deseronto, Ont., says: "From the first box taken of Dodd's Kidney Pills I found relief, and hundreds here, knowing me for the past fifteen years, can vouch for my cure of long standing Kidney Trouble. I do not cast my eyes away from my troubles; I pack them in as little comfort as I can for myself, and never let them annoy any others.--Sour'hey.

DREADFULLY NERVOUS. Gents--I was dreadfully nervous, and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my whole Nervous System. I was troubled with Constipation, Kidney and Bowel trouble. Your Tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by all druggists. Give me the liberty to know, to think, to believe, and to utter freely according to conscience, above all other liberties.--Milton.

WORTH ITS WEIGHT IN GOLD Is the Testimony of Frank S. Emrick of Alvinston, Ont. Says South American Kidney Cure Saved His Life--It Relieves in Six Hours. "For two years I was troubled with kidney disease. I suffered intense pain, and frequently was unable to work. I doctored at intervals but got little or no relief. I began to grow worse, and the pain became frequent and in-teresting. About this time I saw South American Kidney Cure advertised as a speedy relief for all Kidney troubles. I purchased a bottle, and it gave me wonderful relief. After taking four bottles I am completely cured. I consider it worth its weight in gold, for it assuredly saved my life."

Human wisdom is the aggregate of human experience, constantly accumulating, selecting and reorganizing its own materials.--Story. Adams' Ginger Beer RECIPE. One bottle. One half to one quart. Adams Extract. Fieschmann's Yeast. One half to one quart. Sugar. One half ounce. Cream of Tartar. Two gallons. Lukewarm Water. Dissolve the sugar, cream of tartar and yeast in the water, add the extract and bottle; place in a warm place for twenty-four hours until it ferments, then place on ice, when it will open sparkling, cool and delicious. The ginger beer can be obtained in all drug and grocery stores in 10 cent bottles to make two gallons.

NEED FOR REFORM. Lawyer (after many insinuations and much twisting of previous testimony in his questions)--Do you know, sir, that you are under oath? Witness (testily)--Yes, and I wish you were. A THOUGHT THAT KILLED A MAN! HE thought that he could trifle with disease. He was run down in health, felt tired and worn out, complained of dizziness, biliousness, backaches and headaches. His liver and kidneys were out of order. He thought to get well by dosing himself with cheap remedies. And then came the ending. He fell a victim to Bright's disease! The money he ought to have invested in a safe, reliable remedy went for a tombstone. *Morrison's Safe Cure* is the only standard remedy in the world for kidney and liver complaints. It is the only remedy which physicians universally prescribe. It is the only remedy that is backed by the testimony of thousands whom it has relieved and cured. THERE IS NOTHING ELSE THAT CAN TAKE ITS PLACE

WRECKED. Mrs. Markley, the Wife of Captain Markley, Well-known Lake Captain of Owen Sound, Ont., Tells How the Grippe Left Her, and How Otten Doctors Gave Up Hope and Her Family and Friends Despaired of Her Recovery--The Great South American Nervine was the Beacon which Directed Her into the Good Health Harbor.

About four years ago I was afflicted with a severe attack of the grippe, which left me almost a complete wreck. I was prostrated for most a complete week. I doctored with several physicians and used many remedies, but none had any effect. My friends began to be losing hope. I was very sick and I was their heads and held out little hope. I was attracted by an advertisement of South American Nervine, and as my trouble was of nervous nature, I decided to try it. The first bottle helped me greatly. I persisted in its use and this great remedy has completely built up my system, and I positively declare that it is the only remedy that gave me any relief.

All wood and a yard wide, she answered, reassuringly, and nestled yet closer.
