CORNER CONCERNS.

Last Saturday was the first real warm summer day and every one enjoyed it, but more especially the private picnickers at the Lake which was mainly from here. They spent a pleasant time boating, dining and romping, and in the evening drove to Durham and joined in the street promenade until ten o'clock when they went over to the station to see the cars before returning home.

Miss Lucretia Johnson visited the beautiful Zion last week and we presume took in the pie-social in the church and it would be the better of her. She is as good a Methodist as the best of them, sociable and a right good pie baker. We will leave it to the boy who got her pie if she is not.

No matter which way it turns he will not forget this the land of his birth but in due time will return and to keep posted in the mean time has made arrangements to have his paper sent to him, so THE CHRONICLE will receive immediate notice of his whereabouts on reaching his destination.

Money no Object.

The amount of money sufferers from catarrh will spend in attempting to cure that foul and disagreeable disease is almost incredible. J. W. Jennings, of Gilford, Ont., says: "I spent between \$200 and \$300 consulting doctors; I tried all the 'treatments' without benefit. One box of Chase's Catarrh Cure did me more good than all the remedies. A 25c. box cured me." Don't waste money. Chase's Cure with imported blower, 25c. It cures.

"The Railroad Kidney."

Railroad employes, bicyclists, teamsters and other men who are subjected to much jolting, are often troubled with pain across the small of the back. Your Cough,

like a dog's bark, is a sign that there is something foreign around which shouldn't be there. You can quiet the noise, but the danger may be there just the same. SCOTT'S EMULSION of Cod-liver Oil is not a cough specific; it does not merely allay the symptoms but it does give such strength to the body that it is able to throw off the disease.

You know the old proverb of "the ounce of prevention?" Don't neglect your cough. A book which will tell you more on the subject sent free on request.

Your druggist keeps Scott's Emulsion of Cod-liver Oil. Put up in 50 cts. and \$1.00 sizes.

MOSS LAKE.

The funeral of Mrs. McDonald took place from her son's residence, Hugh McDonald's, of the South line, Glenelg, on Tuesday afternoon, the 11 inst. She probably was one of the oldest persons in the County being upwards of 95 years of age. She was a resident of Glenelg for 47 years being amongst the first settlers that came into this section of county. She was a woman that never experienced any sickness whatever until laid aside from the effects of old age. She was a native of the Isle of Mull, Argyleshire, Scotland; come to this country some fifty years ago and lived for a few years in the Township of Vaughan. Her husband the late Alex. McDonald, died 35 years ago. Her remains were laid beside her husband in Priceville Cemetery.

The raising at John Mathers on Friday evening came off very successfully, notwithstanding the unfavorable weather. Much credit is due to the framer Mr. John McDonald for the good and mechanical manner he did the frame work, being the first barn he ever did on his own accord. Tom Nichol received a toe bruise from the effects of a post which disabled him for the rest of the evening. Also Arch. McLean shared a similar fate. Some others a few scratches on the legs, but considering the slippery state of the timber all came off very safe. Mr. Sharp and Mr. Smith, of Bentinck were at the raising.

Neil McKinnon, of Artemesia, left for Montana last week. He expects to get a situation there which will be of more value to him than working on his father's farm.

Mr. Jas. Hemstock bought a second hand binder from Mr. Dan. Ferguson, of Durham, at a very reasonable price. Alex. McEachern also bought a new binder from Mr. Neil McLean, of Proton Station. Good prospects in view for the harvest, but lots of thistles growing this summer on account of so much wet weather.

Miss Christina McDonald is staying with her aunt, Mrs. Jas. McDonald, of this place for a few days. The "old lady" is getting frail and it is not well for her to be alone.

We see that the Pomona scribe has taken up his pen and his compositive talent equals his excellent penmanship.

Norman McDougall was away to Minising, Mich., looking after the affairs of his late brother, and returned a few days ago.

A gang of timber men are working in Mr. Pat. Sullivan's bush for the past week. They will find out what "virtues" there are in mosquitoes.

This is the Jubilee period, and a Jubilee offering from some of our readers would be quite in order. THE CHRONICLE is one dollar a year in advance or one dollar and fifty cents if not so paid. For a few weeks longer we will accept the dollar rate.

Linseed and Turpentine is not only a popular remedy, but the best known to medical science for the treatment of nervous membranes of respiratory organs.

DR. CHASE compounded this valuable Linseed and Turpentine syrup so as to take away the unpleasant taste of the turpentine and linseed. It was the Doctor's last and greatest remedy, and more of it is sold in Canada than all other cough medicines combined.

A Banker's Experience

HEREAFTER HE INTENDS TO BE HIS OWN FAMILY DOCTOR

"I tried a bottle of Dr. Chase's Syrup of Linseed and Turpentine for a troublesome affection of the throat," writes Manager Thomas Dawson, of the Standard Bank, now of 14 Melbourn avenue, Toronto. "It proved effective. I regard the remedy as simple, cheap and exceedingly good. It has hitherto been my habit to consult a physician in troubles of this nature. Hereafter, however, I intend to be my own family doctor."
