

A LAME BACK.

ONE OF THE MOST PAINFUL OF MALADIES.

Mr. Peter Millar Suffered for Years, and Experimented With Many Medicines Before Finding a Cure.

from the Brockville Recorder.

Perhaps no prettier place is to be seen in Ontario than that at Newman's station for a quarter of a century resided Mr. Peter Millar, who during that period acted in the capacity of a local man and was perhaps the best known man on the canal. Mr. Millar is now a resident of Merrickville, having been removed from active life. To a correspondent of the Recorder he related the following experience: "For many years I was troubled with a lame back, which gave me great pain at times, and caused me much loss of sleep. I tried different kinds of medicine but found little or no relief. The spring of 1895 I was assisting at getting out ice one day when I felt something snap or give way in my back, and it was some time before I could straighten myself up. I now became so bad that when I laid down I was unable to rise without assistance, and I fully made up my mind that I had become a chronic invalid, and never expected to see a well day again. A couple of weeks after my back had almost entirely given out, I saw by an article in a paper that Dr. Williams' Pink Pills had cured a person troubled similarly, and I immediately sent and procured a box to test them. Before I had finished the box I found my back somewhat stronger, so I procured five boxes more and by the time they were used I found myself completely cured. Since I took the last box I have not had a pain or particle of lameness, and my health has been far better than it had been for years before.

To ensure obtaining the genuine always ask for Dr. Williams' Pink Pills, as there are many pink colored imitations.

NOTHING IN A NAME.

LOVE'S YOUNG DREAM.

Young Man (gazing dreamily at the candy case in a fancy grocery store)—I wish to get something real nice for—a young lady, but I hardly know what to select. Grocer (trickily)—Very young? Young Man—Bout seventeen—still going to boarding-school. Grocer—Yes, sir, John! show this gentleman to the pickle counter.

Sir Henry Joly de Lotbiniere's son, Edmund G. Joly de Lotbiniere, advocate Quebec, has written to the author of the new preparation for toothache, healing wounds, and removing pain; saying, "Quickeure" has always relieved the pain instantly; I have used it constantly, and will never be without it."

ON A TECHNICALITY.

I see your friend, Giltedge, the banker, has had some hard luck lately. How was that? He was out fishing, and the shore caved in with him, and he swallowed about a gallon of water before they could get him out.

That was pretty rough. Yes; but that wasn't all. He was arrested afterward for taking in a draught when he knew the bank to be broken.

Deputy Surgeon General Sewell, R.C.A. Quebec, the eminent physician and surgeon, who was selected to accompany His Excellency the Marquis of Lorne, and Her Royal Highness the Princess Louise, across the continent and back, when the former was Governor-General of Canada, has written the discoverer of the new compound: "I have found your preparation 'Phenobanum,' a remarkably healing surgical dressing, especially for suppurating wounds; it is also a valuable abortive agent for the suppression of boils, etc.

When the physician to the daughter of our Queen gives such testimony as the above, it speaks well for this addition to medical science, which is commonly called "Quickeure."

OUR LANGUAGE.

He, at the door,—I think it's going to rain. She—Yes; it looks as if we would have a bad night. He—Yes; it does. Good night. She—Good night.

A boil is often only a local affection—occurring in the strong, and apparently healthy, and is now admitted to be caused by certain low organisms, or microbes making their way into the glands of the skin. The sooner they can be got rid of the better, and the application of an agent like "Quickeure" which is soothing and antiseptic, is the proper treatment.

Sixteen Years a Salt Rheum Sufferer.

A BRITISH SOLDIER TELLS HIS EXPERIENCE.

Skin diseases are stubborn things. Once the blood gets impure and the skin breaks out here and there in blotches only a powerful blood purifier which will cleanse the foul stream that is polluting the system can effect a complete cure.

Such a preparation is Kootenay Cure.

Over and over again it has proved its efficacy as a powerful blood purifier by its action in curing torturing, disfiguring skin diseases. A case in point is that of Mr. John Hughes, a retired British soldier, living at 128 West Avenue, Hamilton, Ont. He makes sworn declaration that "after lingering for 16 years with that terrible disease, Salt Rheum in such a form that I was unable to sleep, or in fact to occupy my bed without suffering excruciating agony. I procured Ryckman's Kootenay Cure, and I desire to affirm that before finishing the sixth bottle I considered myself a Salt Rheum cure. I confidently recommend the medicine to all others suffering from the same disease, as I know it to be the surest cure yet known. For sale by all druggists, or The S. S. A FRISKY COW.

The other day a well-known business man of Point St. Charles, Montreal, sold his cow, which he had kept in stable all winter and spring to a local dealer. The man who was sent for it contented himself with driving it along instead of leading it with rope around the neck the animal was so overjoyed at its release that it became frisky and developed extraordinary jumping powers. Finally, after leaving its driver a mile behind it jumped a fence into a yard where a woman was ironing. Its sudden appearance so terrified the woman that she fainted, and is still confined to her bed in a dangerous condition from shock.

"Quickeure" at once removed the pain, and completely suppressed a very painful boil. It also gave me immediate relief from painful acute rheumatism.

My knowshoe string cut right into the flesh across my toes, and I was quite lame, until I used "Quickeure," which removed the pain at once, and healed the sore completely, in two days.

A TERRIBLE CALAMITY.

Little Aaron rushing in—Oh, Miss Philenda, Miss Philenda! Charles Henry Pritchett's team ran away just now with the mowing machine and threw him in front of the knives and cut off his head. Miss Philenda Fortysmith, terribly agitated,—Dear me, suzz! And men are so scarce around here, too.

One of my children sprained her ankle; which became much swollen and discolored. Some "Quickeure" was spread on linen, and applied; the pain ceased at once, the swelling was gone the next day, and on the fourth day she walked to school as usual. Signed, Henry Ievers, L. D. S., Quebec.

"How much insanity develops in hot weather!" "Yes; people lose their minds when their ice balls come in."

At Sweden, Me., it has taken fifteen years to solve the mystery of the disappearance of a pig which, alone of its litter, could not be found when the others were driven from an ell of John Evan's house into which they had strayed. A small boy said that the pig had gone up the chimney. He was laughed at. When the chimney was cut into to get at a fire one day recently the bones there told the tale of the pig's strange disappearance.

DARK TIMES FOR RUSSIA.

The harvest prospects in Central and south Russia are growing worse and worse. Continuous rains are destroying the hay crops while the exceptionally poor beet crop in Podolia, Podolia, has practically ruined the sugar industry. The crops in some of the Baltic provinces also have suffered heavily from rains and a significant sign of the gravity of the situation is the fact that an unusually severe censorship is exercised over news concerning it. There is every likelihood that the present will be one of the darkest years in Russian history.
