because the weather happens to be warm. If you have a weak throat, a slight hacking cough, or some trouble with the bronchial tubes, summer is the best time to get rid of it. If you are losing flesh there is all the more need of attention. Weakness about the chest and thinness should never go together. One greatly increases the danger of the other. Heal the throat, cure the cough, and strengthen the whole system now. Keep taking Scott's Emulsion all summer.

The Rev. Mr. Thom officiated and conducted a memorial service in the Presbyterian church on Sunday morning preaching a comforting sermon from Rev. 14:13 "Blessed are the dead which die in Lord" etc. Deceased made a profession of faith in Christ when quite young and those who waited on him in his last hours testify to his peaceful death. He was a member of the A. O. U. W. here and his brethren paid their respects by attending service in a body.

Quarterly Communion was held in the Methodist church on Sunday. Rev. Mr. Fallis, of Dundalk, preached excellent sermons morning and evening.

A Croupy Cough Was Soon Driven Away by Dr. Chase's Linseed and Turpentine.

"My little boy had a bad croupy cough," says Mrs. Smith, of 256 Bathurst street, Toronto. "My neighbor, Mrs. Hopkins, recommended me to try Chase's Syrup of Linseed and Turpentine. I did so and the first dose did him good. One bottle completely cured the cold. It is surprising, the popularity of Chase's Syrup in this neighborhood. It appears to me it can now be found in every house."

A letter received from the late editor of THE CHRONICLE warns young men to keep away from Rossland. He says that for every dollar taken from the mines \$100 are brought there to create a boom, laboring men are out of employment, hundreds lying around idle, and without means to get away.

Mr. Colin Blyth is making hay in Mt. Forest this week.

A Jew from Congo preached in the Baptist Church here lately.

John Calvert, cattle dealer, has gone to Manitoulin after more cattle.
