suits are irresistibly good. The style and get up are more effective, the workmanship better and the fit perfect. In fact the endless variety of fabrics in our latest con- signment make it a pleasure to sell. They simply "stand alone" and sell themselves, besides we're willing to sell the usual \$8 to \$10 suits for \$6 to \$7. That's hint enough to carry them off before the dust settles on them. Come early—a better choice you know. If a man or boy can't find in our stock a suit to please him, he doesn't want one. Every whim of every man has been foreseen and provided for. But if you prefer an ordered suit we have a stock of fine exclusive Scotch Tweeds in newest designs, sensible cloths for wear now and onward, all wool imported service givers, no slippings of cotton through them. Another word or two before we quit and that is to tell you that our linings and trimmings are superb, bronze buttons, buckles, hooks and catches. Everything in London style. They go with the suit. No extra's here, one price, a great big choice though, come and take a bird's eye view of them anyway, you don't need to buy.

This work carried on under the superintendency of Rev. C. W. Watch, Brighton, Ont., is increasing in its helpfulness to the needy child of our own land and at the same time bringing joy and blessing to many a home by introducing into it some bright little one whose one want is that of a home and a friend. About thirty children have been placed out since January 1st. Mr. Watch has at present some very desirable cases for adoption among them a few bright little boys and also a few girls. A beautiful octo-noon baby girl of two years is now awaiting a Christian home, also a few older children. Funds are required for this work of love. Any needy child in the country wanting a home or friend will be helped. Address correspondence to Rev. C. W. Watch, Brighton, Ont.

Depression of Spirits

so common in summer-time, accompanied by loss of energy, lack of thought-power, means a deficient supply of nourishment. The vital force is lost. It isn't a question of muscle and sinew, but of resistance and endurance. At any age but especially in youth, it involves the risk of lung disease. Loss of flesh and a cough are threatening signs.

Scott's Emulsion

of Cod-liver Oil, with the hypophosphites, meets these cases perfectly. It tones up, fattens and strengthens. In Scott's Emulsion the taste of the oil is fully disguised, making it almost as palatable as milk.
