RUNNING SORES.

Mr. Stephen Wescott, Freeport, N.S., found (Burdock Blood Bitters) a wonderful blood purifier and gives his experience as follows: "I was very much run down in health and employed our local physician who attended me three months, finally my leg broke out in running sores with fearful burning. I had thirteen running sores at one time, from my knee to the top of my foot. All the medicine I took did me no good, so I threw it aside and tried B.B.B.; when one-half the bottle was gone, I noticed a change for the better, and by the time I had finished two bottles my leg was perfectly healed and my health greatly improved."

A sensation was created in town on Saturday last when it became known that Messrs. A. Beecroft and D. Talbot, proprietors of the planing factory here had left for parts unknown. Lawyer Lamont of Dundalk came up on the noon train to take charge of the premises, and gave the information, that before the arrival of the early morning train at Dundalk, the two gentlemen called on him at his home and made an assignment for the benefit of their creditors. Eighteen men are thrown out of employment, who report their wages badly behind, and we understand many others here are sufferers.

GENERAL NEWS

A young girl in Montreal was badly burned by the explosion of a coal oil lamp, which she tried to extinguish by blowing it out before retiring.

Yonge St. Fire Hall,

Toronto, March 16th, 1897.

A Toronto man visiting in Shelburne a few weeks ago mistook the town band practice for an old fashioned charivari. This is hard on the band, but one of the Shelburne papers is responsible for the item.

A native of Ireland, landing at Greenock, wanted to take the train for Glasgow. Never having been in a railway station before, he did not know how to get his ticket. Seeing a lady going in, Pat thought he would follow her and he would then know how to get aboard. The lady, going to the ticket box and putting down her money, said "Maryhill single." Her ticket was duly handed to her and she walked off. Pat, thinking it all right, planked down his money and shouted "Patrick Murphy married."

THE JOKE BECAME SERIOUS —It was rumored around Walkerton during the early part of the week that the men who stole Carter Bros. butter at Lamlash, last summer, had been discovered, and not only discovered but preliminarily tried and committed for

trial. To ascertain the truth of the rumor this office squandered 15 cts. on a telephone message, and this is how the rumor originated. Three or four days ago, Constable Grey of Chesley, accompanied by Wm. Halliday and Robert Bearman, of the same village, drove through the little village of Desboro, on their way to O. S. While stopping at the hotel, a very inquisitive old gentleman of the place approached Bearman and wanted to know who they were, what their business was and where they were going. For a lark on the old man, Bearman told him that he had been arrested for stealing the Lamlash butter, that Halliday had bought it from him, and that the third man was the constable taking them to Owen Sound jail. But here the joke ended. The news spread through the country like wild-fire, and on their way back former acquaintances greeted them coldly, or refused to recognize them at all. Paisley got hold of it, so did Tara and other places and telephone messages for particulars have been coming in thick and fast from all over the county. Bearman has shut himself up in the house, and refuses to be interviewed, and it is said he is seriously considering whether he should not bring an action for damages against himself for slander.—Tele-scope.

A MOTHER SPEAKS.

Tells how Dr. Chase Saved her Boy.

His Syrup of Linseed and Turpentine a Precious Boon.

MRS. A. T. STEWART, Folgar, Ont., says: "From the 7th of January to the 30th, we were up night and day with our two little boys, employing doctors and trying every kind of patent medicine we ever heard of. At this time we did not know of Dr. Chase's Linseed and Turpentine until after the 30th, when our youngest darling died in spite of all we could do. Sometime in February the doctor told us our other boy couldn't live till spring. We were about discouraged, when I got my eye on an advertisement of Dr. Chase's Syrup.

"I tried at once to get some, but none of the dealers here had it. A neighbor who was in Kingston managed to purchase two bottles which he brought straight to us, and I believe it was the means of saving our only boy.

"One teaspoonful of the Syrup stopped the cough so he could sleep till morning. Our boy is perfectly well now, and I would not be without Dr. Chase's Syrup of Linseed and Turpentine in the house."
