 STRATFORD, ONT.
 RECOGNIZED throughout Canada as the best Commercial School in Ontario. Enter Now.
 Write for Special Circulars.
W. J. Elliott, Prin.

Have You ever sold NURSERY STOCK?
 If so address the undersigned and you will learn something of very great interest to you. This means business and perhaps hundreds of dollars to you. You may perhaps think when reading this that we intend to ask you to sell for us, but that is not the case. —
We want to hear from you
 and to pay you for it, but don't want fake answers, hence write us all particulars about yourself so that we may know it is O. K. Remember all communications are strictly confidential.
Pelham Nursery Co.
 TORONTO, ONT.

"Nothing New Under the Sun."
 Well, perhaps not, but under our Roof we have received and opened up

NEW PRINTS, NEW SHIRTINGS, NEW FLANNELETTES.

Also, a fine line of MENS' FANCY SHIRTS, which are much admired.
 IT WILL PAY YOU to see these goods.

C. L. Grant.
 Cash Store, Lower Town.

CENTRAL FARMS MICHIGAN
 after looking the country over Many Canadians have settled in Central Michigan, where they have bought first-class farming lands at \$5 to \$10 per acre, on long time and easy payments. Do you want to own a home? You can surely do it. We offer you 10,000 acres to choose from. Come and look lands over. We assure satisfaction. Full particulars mailed free. Write S. B. BOLLAND, Manager Land Dept., Wells, Stone & Co., Saginaw, Mich.

Nursery Stock Agents!
Book Agents!
Agricultural Implement Agents!

Or any one desiring to better their position and increase their income should write us. The demand for home grown Nursery Stock is on the increase. We need more men. If you want steady, paying work, write us.

We furnish all supplies free.
 We have the largest Nurseries in the Dominion.
 We pay both salary and commission.
 We engage either whole or part time men.
 We guarantee all our Stock.
 We furnish purchasers with certificate from Government inspector, stating our Stock is free from San Jose Scale.

OUR NURSERIES comprise over 700 acres, and growing stock in large quantity enables us to sell at the closest possible figure.
 Men Succeed with Us who have Failed with Others. It will cost you nothing to learn what we can do for you.
 Don't write unless you mean business and want profitable employment.

Stone & Wellington,
 TORONTO.

DROMORE.

The weather being somewhat wet of late, we must report having the worst piece of road in Egremont.

As the snow disappeared speedily maple syrup making came off kind of small in some cases.

Mrs. John Wilson returned home after spending a month with her sister in Markdale.

Messrs. Frank Adams, Will Haass and John Ferguson left last week for Portage La Prairie, Man. Wish the boys success.

"Daylight brings all Wanderers home." Such was the case on Saturday morning, as a number of our villagers were seen heading for home about sunrise, after spending the previous night with music and dance up east. We hope such will have no effect on our worthy Endeavorers.

Mr. Chas. Douser of Clinton is visiting friends in our burg.
 We have to report this week of our worthy and esteemed ex-Councillor Mr. D. P. Leith moving to his new home known as the Watson farm in Normanby. Dave will be much missed in our vicinity as he was a special friend to all who knew him. We wish him and family every success.

Mr. J. H. Rocks, formerly of Proton, has moved to the 20th con. to Mr. Bell's farm.

Miss Lizzie Perry is suffering from a severe attack of inflammation, but with skillful care we hope soon to hear of her recovery.

A number of our enterprising farmers have sold to Cattle King John Brown, a number of cattle, which were delivered on Monday.

Miss Eliza Wilson has returned from Owen Sound Collegiate Institute to spend the Easter Holidays with her parents.

The funeral of the late Mrs. McBeth took place on Monday the 28th inst., to Amos Cemetery. She was an old resident of this township for many years. Much sympathy is extended to her only son.

What everybody would like to know: Who the young man was who came back in search of his rubber blue, Monday morning.

If the boys were satisfied with the taffy they received over South. If Art still drives to Proton, or if he has the pony yet.

If we could get any aid from the poor house, to help improve the roads, or what?

If J. Still has the notion of batching it.
 If all reports are true concerning our scribe.
 If the boys like coming through the village at breakfast hour.

ROCKY SAUGEEN.

As I have not noticed any correspondence from this district in THE CHRONICLE, I thought I would constitute myself a correspondent, trusting that you may permit me in this way to trespass on your valuable space.

It will hardly be necessary to make any preliminary remarks about our burg as regards its location etc., as it is well known as a favorite resort in summer time, owing to its delightful scenery and extended reputation for Trout fishing. The river from which our burg gets its name, abounds in speckled trout. The very best attention is paid to the welfare of all visitors, by our obliging host Mr. Dunsmore, who, we may add is our postmaster here, and a better man to fill the position would be hard to find.

Mr. N. McGilvray has decided to retire from farming and is about to lease his place. He has rented the house in our town, lately vacated by Mr. J. A. McDonald. The store in connection may be used by Mr. McG. It will be very convenient and desirable that a good business be done in the grocery line here.

Mr. J. McKinnon has leased Mr. A. McLean's farm opposite the Rocky for a term of years and is busily engaged ploughing.

Mr. Ferguson's millers are doing a good business this season, both in the grinding line as well as in the shingle mill.

After an absence of 18 years Mr. Oliver Doyle has returned from the west and is visiting his mother and sister. Two of his sisters accompanied him home from Toronto where they have been for a number of years. We understand that he returns this week to Rat Portage where he has been engaged in the mining business for a number of years and has we learn accumulated quite a pile of gold dust.

A Mother's Story—Her Little Girl Cured of Croup.

Having tried your medicine, my faith is very high in its powers of curing Coughs and Croup. My little girl has been subject to the Croup for a long time, and I found nothing to cure it until I gave Dr. Chase's Linseed and Turpentine, which I cannot speak too highly of.
MRS. F. W. BOND,
 20 Macdonald st., Barrie, Ont.

HUTTON HILL.

Mr. John Dunsmore returned from Manitoba where he has been for about two years.

Miss Georgina Cuffe is employed as tailoress at Mr. McKenzie's, in Durham.

Miss Mary Morrice and Miss Susie Gadd, both of Normanby, belong to our vicinity at present.

Many of our young ladies are lonely because Manitoba is so far away.
 Mr. George Noble Sr. purchased a beautiful new organ lately.

We are pleased to state that Besie Milligan is improving rapidly.

The following young men left for the vicinity of Milton last week:—Sandy Hopkins, W. D. Hopkins, Willie Armstrong and Herb Noble. All have received employment.

Mr. and Mrs. Wm. Noble, of Guelph have been visiting the former's brother here.

A. did have better luck the last pie social he attended, although it caused the crowd to wait at the road half an hour for L.

FAIRWELL CORNERS.

Miss Annie Watson is spending a few weeks with her aunt, Mrs. Thos. Tucker.

Mr. James Leask is preparing for the new house he intends to erect this summer.

Mr. Sam McComb visited his nephew Mr. D. McKinnon last Wednesday.

Mr. and Mrs. Colin Lamont visited friends in your town on Thursday.

Mr. Mat Hooper had a successful wood-bee, and party at night, recently.

Mr. Thos. Knox spent a day or two in Orangeville on business recently.

We are glad to report that Mr. W. Dixon's little daughter is recovering from her recent illness.

Messrs. Hugh McKinnon, John Weir and Peter Watson are making maple sugar.

ORCHARD.

Miss Annie McEwen left last Tuesday for Lumsden, Assa.

Mrs. Wm. Brown who was on the sick list for a time is able to be around again.

Messrs. Robert Watt, Oliver Brown and Russell Torry returned to Man. on the 15th.

Dog poisoning seems to be the order of the day. Six dogs were poisoned in and around the village one day last week.

Mr. Waiter Lothian, our popular blacksmith is kept very busy in his shop these days, but his house is very lonely. We hear he is going to get a bird for the cage. We hope it is true.

CO-OPERATIVE EXPERIMENTS IN AGRICULTURE.

Upwards of a thousand varieties of farm crops have been tested in the experimental department of the Ontario Agricultural College, Guelph, within the last twelve years, and six hundred of them have been grown for at least five years in succession. Nearly all the Canadian sorts and several hundred new varieties imported by the experimental department from different parts of Europe, Asia, Africa, Australia and the United States have been included in these experiments. Some of the new varieties have done exceptionally well and have already been distributed over Ontario, through the medium of the experimental union, with very gratifying results. The Siberian oats, Mandshuri barley, Herison bearded spring wheat, and the Mammoth Cuban Yellow Dent, Wisconsin Earliest White Dent, and the Salzer's North Dakota varieties of corn, which are now becoming so popular in Ontario, were distributed in small quantities.

Interested persons in Ontario who wish to join in the work, may select any one of the experiments for 1898 and inform the director at once of the choice made. All material will be furnished entirely free of charge to each applicant, but he will be expected to conduct the test according to the instructions sent with the seeds, and to report the results of his test as soon as possible after harvest.

LIST OF EXPERIMENTS FOR 1898.

1. Testing nitrate of soda, superphosphate, muriate of potash, mixture, and no manure with corn.

2. Testing nitrate of soda, superphosphate, and no manure with corn.

PROSTRATED, EXHAUSTED.

NO SLEEP—NO REST.

LL do not appreciate the words of John G. Saxe, who sang, "God bless the man who first invented sleep!" But appreciation is not wanting to those who have suffered as Mrs. White, of Mara Township Ont., who became so ill with nervous troubles that, to quote her brother, Mr. Donald McRae, a well-known resident of that illustrious section of North Ontario: "My sister had not slept a night for over three months. She could not have stood this much longer, and it was only when death seemed imminent that South American Nervine became the good physician. After taking the first dose of the Nervine she slept all night, and gained in flesh until perfectly well, and has now no sign of nervousness." This is a wonderful medicine in the severest cases of nervousness, and the greatest flesh-builder to be found anywhere in the world.—25.

For Sale by McFarlane & Co.

phate, muriate of potash, mixture, and no manure with mangels.

3. Growing three leguminous crops for green fodder.

4. Growing three mixtures of grain for green fodder.

5. Testing four varieties of millet.

6. Testing four varieties of grasses.

7. Testing three varieties of clovers.

8. Testing three varieties of buckwheat.

9. Testing three varieties of spring wheat and one variety of spring rye.

10. Testing four varieties of barley.

11. Testing five varieties of oats.

12. Testing four varieties of peas.

13. Testing three varieties of beans.

14. Testing five varieties of carrots.

15. Testing four varieties of mangels and one variety of sugar beets.

16. Testing two varieties of sweetish and two varieties of fall turnips.

17. Testing six varieties of corn.

Materials for either No. 1 or No. 2 experiment will be sent by express, and for each of the others by mail. The supply of material being limited, those who apply first will be sure of obtaining the desired outfit. It might be well for each applicant to make a second choice for fear the first could not be granted.

Particular varieties need not be mentioned as all the kinds to be distributed are those which have done exceptionally well upon the trial plots in the experimental department.

C. A. ZAVITZ, Director,
 Guelph.
 Agricultural College, Mar. 21, 1898.

Worn Out?
 Do you come to the close of the day thoroughly exhausted? Does this continue day after day, possibly week after week? Perhaps you are even too exhausted to sleep. Then something is wrong. All these things indicate that you are suffering from nervous exhaustion. Your nerves need feeding and your blood enriching.
Scott's Emulsion
 of Cod-liver Oil, with Hypophosphites of Lime and Soda, contains just the remedies to meet these wants. The cod-liver oil gives the needed strength, enriches the blood, feeds the nerves, and the hypophosphites give them tone and vigor. Be sure you get **SCOTT'S Emulsion.**
 All druggists; 50c. and \$1.00.
SCOTT & DOWNE, Chemists, Toronto
