## THOUGHT MY HEAD WOULD BURST.

Fredericton Lady's Terrible Suffering. GEO. DOHERTY tells the following remarkable story of relief from suffering and restoration to health, which should

away all doubts as to the efficacy of Doan's Heart and Nerve Pills from the lips of the most skeptical: For several years I have been a constant sufferer from nervous headache, and pain was so intense that sometimes I almost went crazy. I really thought that head would burst. I consulted a number of physicians, and took many remedies, without effect. I noticed Milburn's Heart and Nerve Pills advertised, and as seemed to suit my case. I got a box and tried their use. Before taking them I was weak and debilitated, and would sometimes wake out of my sleep with a dazed, smothering feeling, and I was frequently seized with agonizing pains in the region of the heart, and often could scarcely get up courage to keep up the struggle. In this wretched condition Milburn's Heart and Nerve Pills came to me, and to-day I state, with gratitude, that I am vigorous and strong, and all this is due to this wonderful medicine.

### MOGGS' MONOLOGUE ON GRIP.

It is said to his wife while he was suffering from it. "Moggs, who had never been ill, lumbered last week to la grippe. His wife, fearing the worst, jotted down a number of the remarks he made in the first stages of his illness. It is hoped they will afford him cheerful reading when he is convalescing. "Here, there, Alice, don't be alarmed. I came home because the office was round with me and it made me feel better. Jones said I had a cold and told me to take a snifter—Jones doesn't know it all, anyway. Look in the right upper vest pocket of my overcoat and you'll find a recipe for curing cold—something Jones' mother gave me—quinine, rock candy, honey, whiskey and red pepper. Say, Alice, leave the red pepper, Ouch! I'm going to have a chill. Open the window half an inch—no—close it an inch and a half at the transom a quarter of an inch. Ouch! There's something going on and down my spinal marrow. Hot or? Not much. Now, understand, Alice, if I've got to die I'm going to die like a soldier! I won't be molly-abled to death. Where's that infernal draught coming from? Ouch! You find my pulse. No, it isn't my elbow, nor my collar-bone nor my nose. A nice one. A nice one, bridge of my nose. What would be in an emergency case. What would you laughing at? Why don't you think something? I suppose you think I'll be all right when my life insurance is paid? Ouch! I am either going to have a fit or a paralytic stroke—Oh, you did send for a doctor, you? Then I must be pretty low. You're a trained nurse. That's all right. Moggs; now you can stay out of the room and keep up your strength. Darling, tell her I won't be a bit troubled! Ouch! They do say any sickness is contagious, and I wouldn't have exposed for the world. Yes, love, be a model sick man. Don't let me up too soon for fear of a relapse. Alice, kiss me good-by—good-by. It's good morning—any old thing. I've an angel in the room. What's now my time has come. What's the trained nurse? I'll be a sick man for the rest of my days. What do you say, dear—I mean Miss—Miss—say, I am not to talk? All right, that's the word."

## COENER CONCERNS.

He is quite delirious yet, the Traverton Goat. We feared the black bottle he was totting around among the boys, election night, would see him blithering, but, that he would continue it until he had wild imaginations, we hoped not. It is a little more than a year since Mr. Mead had a severe tussel with la grippe, but last week it took hold for another round. Dr. Park, who was successful in bringing him out before, is again in attendance, and his daughter, Mrs. L. Elvidge, is administering according to directions.

Mr. Chas. Gray has been spending the last few days, which has been unfit for spring work, in making a change in his team, a small one for a big one, that will be good for a rush.

The Hillis ranch, which has been a noted place for some time back, on account of its interesting inhabitants, the last year excepted, has again got an inhabitant in the person of Mr. R. Hillis and family.

Mrs. Margaret Pollock has moved into the school residence vacated by Mr. James Baird. She will have church, school, water, and road all convenient.

Some of our young men took a trip to Priceville one day last week to see some of Glenelg's fair ones, who, we presume, so turned their heads, that next morning some of them were found with their feet on the pillow.

Mr. Albert Budd, who has spent the past number of years with Mr. S. T. Orchard, leaves this Tuesday for the vicinity of London, where he has a brother residing. He has been a good boy, talented, courteous, and respected by all who know him, and for the past few days has been receiving parting good wishes of all.

Mr. S. T. Orchard has, we understand, engaged with the New Williams Piano Co., to sell their goods along the line between Suelburne and Toronto. His success in selling the Doherty organ in this part has been great, and no doubt he will have even greater success in his new field.

Mr. Joe Lennox, who has been assisting his brother taking out timber near Markdale, all winter, has returned to his farming duties.

Some of the Amos church members attended the induction services at Priceville last Wednesday, and were pleased with the meeting, which reminded them of the resurrection, when appeared the Skeleton, in company with another who has long numbered prominently amongst the Farewells.

One day last week, J. Vessie, with his engine, cut a monster pile of wood for J. Eden, about 75 cords a day being its usual work. This beats the Varney man's wood cutters, but of course they don't really run by steam, although there is so much puffing about them.

## VICKERS.

Mr. Thomas Livingston, Mt. Forest, Sundayed at home.

Mr. Alex. Grierson purchased a horse last week from Mr. John Smith of Aberdeen.

Messrs. Sam and John Vickers, of Hampden, spent Sunday at home.

Mrs. Lindsy is visiting friends in Brant at present.

Mr. John Potter lost a horse from inflammation last week.

Mr. and Mrs. Medcalf Sundayed with the latter's parents Mr. and Mrs. Geo. Cuff.

Miss Hepsy Wright has gone to Proton Station to keep house for her brother John.

Some young ladies in the vicinity of Hutton's Hill are wishing for penny postage since the departure of the young men who went west.

Messrs. Alex. Grierson and Wm. Calvert have invested in a dehorning apparatus and are giving good satisfaction, not to the cattle but to their owners. Those wishing to have their cattle dehorned would do well to give them a trial.

## CURES THE WORLD

Rheumatism Banished Like Magic. A Marvellous Statement—Relief from One Dose.

Mr. E. W. Sherman, proprietor of the Sherman House, Morrisburg, Ont. is known by thousands of Canadians, hence the following statement from Mr. Sherman will be read with great interest and pleasure. "I have been cured of rheumatism of ten years' standing in three days. One bottle of SOUTH AMERICAN RHEUMATIC CURE performed this most remarkable cure. The effects of the first dose of South American Rheumatic Cure were truly wonderful. I have only taken one bottle of the remedy and now haven't any sign of rheumatism in my system. It did me more good than all the doctoring I ever did in my life."—20.

## EDGE HILL.

Every little place around seems to have some one writing from it, and no one writing from Edge Hill, a place which is like a whale among minnows compared to the rest of them.

If you like Mr Editor I will write a few items now and again when I can and will start now though times is gettin' pretty busy.

Some have started ploughing this spring already, but we are having a rest this day or two.

Mr. Alex Jopp left last week for Owen Sound, to go on the boats again this summer.

Miss Millie Ector left last Saturday for the North West where she is going to teach.

The Grip is rouner again and many are still sick with it. Mrs. C. Moffat, Mrs. Ritchie sr. and Mrs. Hewit have been very bad but they are getting better.

Mr. John Moffat has been hauling square timber past here to Durham for the last week.

An act of parliament passed by the Laurier Government has put a bad check on Mr. Colin McFayden's agency. It is a good job it was not a Tory Government that passed the Act or Colin would have been after them with a long stick.

George Staples, Jr. is about all right again and will soon be able to be about.

Mr. James Allan has not been feeling well lately, but is getting better. Mr. Wm Weir sold his fat cattle and did well on them.

There's going to be a wedding up the road pretty soon. The 8th of April is the day, I hear.

This is all for the present. RORY O'MORE.

## MULL CORNER.

The snow is all gone and the farmers are busy ploughing.

A number of our young men took in the sale recently held at Mr. John Hewitson's. Prices on everything were good, as is the order of sales this winter.

Mr. Malcolm McLean spent a few days in town last week.

Mr. Thompson, of Chatsworth, preached a very acceptable sermon to the Rocky Saugeen congregation in the absence of Mr. Little who was in Chatsworth.

Messrs. John Putherbough and Angus McCormack left our burg late.

ly in search of employment, the former to St. Marys and the latter to Milton. As they are energetic boys they will no doubt meet with success. Mr. Albert Middleton is engaged in turning the sod at D. McQuarrie's.

We welcome to our midst, our new neighbors, Mr. Wandolt, of Hanover, to the Tisdale farm, and Mr. A. Wilson of Glenelg to the McNichol farm.

Linsed and Turpentine are not only popular remedies, but are the best known to medical science for the treatment of the nervous membranes of respiratory organs. Dr. Chase compounded this valuable Syrup so as to take away the unpleasant tastes of linsed and turpentine.

Mothers will find this medicine invaluable for children, it is so pleasant to take and will positively cure Croup, Whooping Cough and chest troubles.

The Owen Sound trueliers who struck last fall for 15c an hour and refused re-employment by the C. P. R. Co. though it is said many are willing to return to work at the old rate of 12c.

## Consumption

Will SCOTT'S EMULSION cure consumption? Yes and no. Will it cure every case? No. What cases will it cure then? Those in their earlier stages, especially in young people. We make no exaggerated claims, but we have positive evidence that the early use of

## Scott's Emulsion

of Cod-liver oil with Hypophosphites of Lime and Soda in these cases results in a positive cure to a large number. In advanced cases, however, where a cure is impossible, this well-known remedy should be relied upon to prolong life surprisingly.
