Always in Stock.

S. SCOTT.

VICKERS.

Mr. J. Corbett spent Easter at home.
Mr. Haines and Mr. Petty Arkell, were visiting at Mr. Calvert's.
Sorry to hear that Mr. John Dinsmore lost a valuable horse last week.
Mr. Thos. Turnbull, of Hamilton, returned to his home on Monday.
Mrs. McCulloch is on the sick list this week.

Mr. Mills, of Durham spent Easter holidays under the parental roof.
Mr. Chas. Reay left for Mount Forest on Monday where he has secured employment.

It is our painful duty this week, to chronicle one of the saddest events that has occurred here for many years, if indeed, ever before in the history of the place. Mr. John Frazer, a young man of twenty-nine years of age, son of Mr. John Frazer of this place, left about eleven years ago for the States, and although a constant communication was always kept up concerning his movements, he did not return till Friday last, when his remains arrived here by train from West Lake, Louisiana, where he was accidentally killed by falling from the rear end of the van of a log train, on which he acted as conductor, and run over, dying in about thirty minutes. The remains were embalmed and forwarded to Durham by express, being about six days on the way. Interment took place at the Durham Cemetery on Saturday afternoon, in the presence of a large number of sympathisers of the bereaved family. From letters received by the parents and friends here, we are pleased to learn that the deceased was a genial young man, industrious and sober, never touching intoxicants. His sisters, Mrs. Hess, and Mrs. Turnbull, and his brother-in-law, Mr. Thos. Turnbull, of Hamilton, were the only relations from a distance who attended the funeral obsequies. His two other sisters, Mrs. Wm. George, and Mrs. Thos. Corbett of Sault Ste. Marie, being unable to be present. The sincere sympathy of the whole community is shared, in their sad, sad hour of bereavement, by the sorrowing parents, sisters, and other relatives.

ROCKY SAUGEEN.

Mr. C. C. McFadden, who represents an American Nursery, was around doing business in his line. He is a first class salesman and is greatly pleased with the result of his canvass. He informs us that he has a good offer from a Toronto firm which he will probably accept. The firm will be fortunate in securing Colin's services as their representative in this section.

Messrs. J. A. McKinnon and Philip McKechnie, Teachers, spent their Easter holidays at their homes here and have gone to resume their duties, the former at Williamsford and the latter at Moorsburgh.

One by one the old pioneers are passing away. After a prolonged illness an old and respected resident of Glenelg, Mr. Angus McInnis passed away on Friday. The funeral which was largely attended took place on Sunday to the Rocky Saugeen Cemetery.

The dynamite factory at Ironsides exploded Sunday night, and the shock broke a number of windows in Ottawa, six miles distant, besides shaking the parliament buildings. This is the third time in ten years that a similar disaster occurred at these works.

ITCHING CREEPING CRAWLING STINGING

SKIN DISEASES RELIEVED BY ONE APPLICATION OF

Dr. Agnew's Ointment,
35 CENTS.

Mr. James Gaston, merchant, Wilkesbarre, Pa., writes:—For nine years I have been disfigured with itching on hands and face. But at last I have found a cure in Dr. Agnew's Ointment. My skin is now smooth and soft and free from every blemish. The first application gave relief.—30.

JAMES EDGE,
Edgo Hill, P. O.
Oct. 2nd.

GENERAL.

Burglars entered the general store of H. T. Barker, Stratford, on Sunday morning last, and by rifling the till and blowing the safe, secured about \$8 in coppers.

Peter Chandler, aged 69 years, hanged himself in a barn near Woodstock on Saturday last. Mental derangement caused by physical infirmity is the cause assigned.

Old Men and Kidney Disease.

Aged persons troubled with weak back, impaired kidneys, pain in the back and base of abdomen, scalding urine, with a small quantity of water at a time, a tendency to urinate often, especially at night, should use Dr. Chase's Kidney-Liver Pills. You know the Dr.'s reputation, you know the value of his work, and that Dr. Chase would not risk his reputation on an unknown and untried remedy. Every Druggist in Canada sells and recommends them.

Mr. Frank L. Wanzer's house in Hamilton was struck by lightning during a thunder storm on Sunday night last. The metal pipes in the house were melted and the lightning set fire to the escaping gas.

How dear to our heart is the cash on subscription when the generous subscriber presents it to view; but the man who don't pay—we refrain from description, for fear gentle reader, that man might be you.

The piggery at the Humber, which has been silent and gloomy ever since the general massacre, when a warrior was slain whose memory yet lives, is taking on a sign of life. The interior and the exterior, pig pens, joists, outside pens and every square inch except the outside of the roof has received a beautiful coat of whitewash, and Mr. Isaiah Werriner has decided to reopen the academy with fresh pupils, leaving killed the old ones. For this purpose he has been travelling through the country purchasing stock from the farmers.—Toronto World.

On the evening of the recent election some Durham hotel keepers opened their bars and passed round the booze quite liberally. For this freedom with the law they were fined \$50 each. These who had partaken sympathized with their hosts in this extremity, but the indignant law stepped in and demanded of them something more substantial and hard to part with than sympathy. Over a hundred summonses were issued and served and as many, who had partaken of the inebriate glass on the

above named occasion, appeared before the beak, made their deposit, courted and left for home singing: "I'll never go there any more."—Aston Advance.

ONE of the best designed and most up-to-date electric light stations in Canada is that owned by The Toronto Electric Light Company. The arc light station of this company was destroyed by fire in January of last year, and has since been rebuilt entirely of fireproof construction no inflammable material whatever being used. An interesting description of these works, accompanied by five half-tone illustrations, appears in the "Electrical News" for March just to hand, which also contains particulars of the operation of the municipal lighting plant at New Westminster, B. C., and the rules which have been adopted by the insurance authorities of Canada and Germany to regulate the use of acetylene gas. The publisher is C. H. Mortimer of Toronto.

Persistent Coughs

A cough which seems to hang on in spite of all the remedies which you have applied certainly needs energetic and sensible treatment. For twenty-five years that standard preparation of cod-liver oil,

SCOTT'S EMULSION

has proved its effectiveness in curing the trying affections of the throat and lungs, and this is the reason why: the cod-liver oil, partially digested, strengthens and vitalizes the whole system; the hypophosphites act as a tonic to the mind and nerves, and the glycerine soothes and heals the irritation. Can you think of any combination so effective as this?

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.
50c. and \$1.00, all druggists.
SCOTT & BOWNE, Chemists, Toronto.

J. A. HUNTER'S

MODERN DEPARTMENTAL STORE.

'We Always Lead, Others Follow'

Has been our motto and we have lived up to it without a doubt. To-day we are doing nearly double the business that we expected to do in our New Store. Every week trade increases. We have been forced to add more counters in the store, and don't you be surprised if you see us add to the building if trade still increases.

We will not bother you with figures this week for a change. We like a change. So does everybody, and that is the reason why we dress our large windows so often. "They are a credit to any city store," so they say. It takes time, work and thought to do everything, but our energy has been handsomely rewarded in the appreciation the public have shown us since we moved. No trouble to show goods, and when we do show them you have abundance of splendid light to see them.

Gentlemen should inspect our Nobby Tweeds. We do the Tailoring Trade of the Town, and will be pleased to show our Stock. **We Guarantee a fit. No fit, no pay!**

DRINK KOLONA CEYLON TEA.

J. A. HUNTER,

Lower Town, Durham.

STRONG BACK.
You need it to bear the daily burden of life. If your back is weak—Doan's Kidney Pills will strengthen it. If it pains you—Doan's Kidney Pills will cure it. They cured hundreds of weak, aching backs long before other kidney pills were dreamed of.

STRENGTH CAME BACK.
The Anvil once more rings with the strokes of his hammer.

Mr. Thos. Porteous, the well known blacksmith of Goderich, Ont., tells his sickness and weakness gave way to health and strength. "For the past four years

nerves have been very weak, my sleep and disturbed by dreams, consequently arose in the morning unrefreshed. I frequently very dizzy and was troubled with a mist that came before my eyes, my memory was often defective and had fluttering of the heart, together with sharp pain through it at times. In condition I was easily worried and enervated and exhausted. Two months I began taking Milburn's Heart and Nerve Pills, since that time I have been gaining health and strength daily. They restored my nerves to a healthy condition, removed all dizziness and heart trouble, now I sleep well and derive comfort and rest from it. That Milburn's Heart Nerve Pills are a good remedy for Nerve, Weakness, Heart Trouble and all complaints goes without saying. 50 cts. a box at all druggists or T. M. & Co., Toronto, Ont.

Laxa-Liver Pills cure Dyspepsia

that Americans have inexhaustible piles of money and that they are going to throw it away.
She did everything possible to the effect of time. She passed each day in the hands of the mass hair-dresser, the dentist, the manician and the great number of people whose business it is to repel age, wore the most youthful gowns and entertainments became more and more spectacular.

Mrs. Ayer never entertained in her great house. There was room for the reason that every moment was filled with her old gown dressmakers' dummies. She threw away a gown that she had but always preserved it carefully if she purposed wearing it again.
Nobody knows how many coats Mrs. Ayer wore each year—more than any woman in Paris, it is said—the immense hotel was taken up with the gowns.

When Mrs. Pearson, Mrs. Ayer's daughter, visited her in Paris, last it was necessary to arrange a special place for her in a drawing-room.
Mrs. Ayer's crowning social triumph was the dinner she gave in honor of Mrs. William Astor in Paris. Nearly every guest bore a testimonial they were all distinguished. Mrs. Astor wore all her famous jewels, which was outshone by her hostess, sang at this entertainment.

PECULIAR FUNERAL CUSTOMS.
Swiss funeral customs are peculiar. At the death of a person family inserts a formal black announcement in the papers asking sympathy and stating that "the funeral urn" will be exhibited during certain hours on a special day. In the house where the person died there is placed a little black table covered with a black cloth, on which stands a black jar. Into this the first acquaintances of the family drop black-margined visiting cards, sometimes with a few words of sympathy on them.

BOGUS PETRIFIED REMAINS.
Petrified human remains are to order at Crookston, Maine. Finn, a colored woman from which casts are made for fraudulent exhibits and she has earned a comfortable living in this way for many years. The average price of a petrified body made of plaster of Paris is \$100, and so skilfully prepared to appear to be genuine, is \$1000.
