"THOUGHT MY HEAD WOULD BURST."

A Fredericton Lady's Terrible Suffering.

Mrs. Geo. Downey tells the following remarkable story of relief from suffering and restoration to health, which should

Far away all doubts as to the efficacy of Doan's Heart and Nerve Pills from the hands of the most skeptical:

For several years I have been a constant sufferer from nervous headache, and pain was so intense that sometimes I was almost crazy. I really thought that my head would burst. I consulted a number of physicians, and took many remedies without effect. I noticed Milburn's Heart and Nerve Pills advertised, and as it seemed to suit my case, I got a box and used it in their use. Before taking them I was weak and debilitated, and would sometimes wake out of my sleep with a diseased, smothering feeling, and I was frequently seized with agonizing pains in the center of the heart, and often could scarcely stir up courage to keep up the struggle for life. In this wretched condition Milburn's Heart and Nerve Pills came to the rescue, and to-day I state, with gratitude, that I am vigorous and strong, and all this improvement is due to this wonderful remedy.

PRODUCTION OF GOLD.

The total quantity of gold ore treated in the past six years was 59,079 tons and the total yield in bullion is valued at \$465,569, being an average of \$7.90 per ton. This appears to show that the ore is low grade, but as in the stages of development, not much pains are taken to select the ore, sent to the mills, it is probable that better results will be obtained when the mines are recently opened up. The fact that nearly all the mines, such as the Montana, Regina, Mikado, and Foley shaft and workings prove the vein to increase in width as depth is attained encourages the hope that immense quantities of gold are available, and if this is the case an average of \$7.50 per ton of free-milling ore is ample for building up of a great gold-mining industry.

Only partial returns have been reported of gold properties in process of development, and no estimate can be formed of the cost of the work done. In some cases the labor expended has reached \$8,000 to \$10,000 during the past year, and the whole amount must be large. The reports of the inspectors show that development operations have been carried on upon nearly fifty locations.

A GENERAL REVIEW.

The remainder of the report, after a brief review of mining accidents and their causes, gives a very voluminous description of the mines of every kind over the province by the several inspectors employed by the Government. The reading matter is most interesting, and will be more so in the future because of a number of fine illustrations and cuts which are dispersed throughout the book.

A STRANGE EXPERIENCE.

First Drug Clerk—I had a queer experience last night. Had just closed the shop, laid down, and got to sleeping when there was a most violent ringing in the night bell—
Second Drug Clerk—Ha, ha, ha! After a postage stamp, eh?
First Drug Clerk—No. He wanted the second Drug Clerk—Ho, ho, ho. He wanted to look in the directory, eh? He maybe wanted to know what street was it?
First Drug Clerk—Nothing of the kind. You might guess all day and night.
Second Drug Clerk—Then what was it?
First Drug Clerk—He wanted to know what street was it?

Rev. Chas. Fish, Methodist Minister, 192 Dunn Av., Toronto, Cured of Eczema.

About ten years ago I felt the beginnings of what is generally known as Eczema. The disease commenced in my ears and spread entirely over both sides of my head and also developed on my hands. During those ten years I was a great sufferer. Specialists on skin diseases treated me. As I write this I am just commencing on the fifth box of Dr. Chase's Ointment, and judging from the rapid improvement effected, I am certain that before the box is used I shall be completely cured.

VANDELEUR.
Another of the old pioneers has gone to his reward. Mr. Robert Warling died here on Wednesday last, the 27th ult., at the residence of his son George, on the old homestead. His death was very sudden. He was around the day before in his usual health, and the next morning was found dead in his bed, by his son, having died during the night.

Mr. Warling was born in Ireland, from which place he came to Canada when a young man, living for a short time in the township of King. From there he came in 1856, to the farm on which he died. At the time of his death, he was in his 80th year. He has gone to his reward, and may his memory long remain green in the affections of those who knew him.

His remains were interred in the Meaford Road cemetery, and were followed by a large concourse of sorrowing friends and sympathetic neighbors. He leaves seven children to mourn his loss.

Town Council.
The regular meeting of the Town Council was held on Monday evening, May 2nd.
A communication from Geo. Whitmore re back taxes was referred to the Finance Committee.
No action was taken in response to James Atkinson's appeal for a reduction in the Milk vendor's License.
The report of the Board of Works Committee was laid over for consideration on Monday night next.
The Finance Committee recommended payment of the following accounts: Geo. Russell, salary, \$17.50, J. & J. Hunter, wood for Mrs. Becker \$2.45, Geo Meikle, salary, \$3.75, Wm. Benon, salary, \$8.75; Jas. Falkingham, work on street, 50c, W. B. Vollett, on salary, \$25.00; R. M. Dargavel, lumber ac't, \$31.60; W. Irwin, printing, \$5.50.
The Mayor introduced a By-law regulating the erection of buildings or wooden additions thereto in specified limits in town of Durham. Passed first and second readings.
Meeting adjourned till Monday evening next, May 9th.

DR. CHASE'S OINTMENT
FOR ALL Itching, Torturing, Distressing, Disfiguring Skin Diseases, there is nothing gives such quick relief and promotes such rapid healing as this wonderful Ointment.
GEO. LEEB, MANFIELD, ONT., says he was troubled with Eczema on the hands so bad that he could not work. He had doctors treating him, and tried all the remedies he heard of, but of no avail. At night the itching was so severe he could not sleep. Dr. Chase's Ointment being recommended to him he tried it, and one box completely cured him. He would be glad to beguise \$50 for the benefit he received.
