On Wednesday last the steel steamer Andrew Carnegie entered Owen Sound harbor from Chicago having on board the largest cargo of corn that ever entered the harbor. The load contained 230,000 bushels being the largest load that ever left Chicago by 4,000 bushels. The next largest load of 226,000 bushels was taken from Chicago to Buffalo on the steamer Empire City.

No case so slight you can afford to neglect. No case so deep-seated that Dr. Agnew's Catarrhal Powder will not relieve instantly and cure permanently. It has made marvelous cures, and enjoys the esteem and high endorsement of the medical profession.

Through exposure I contracted that dread disease—Catarrh. My case became chronic—in 10 minutes after first application I had relief, and in a short while I was completely cured. W. LAVELLE, G. T. R. Brakenan, Annandale, Ont. 34

**A FEW CATCHES.**

D. B. McFarlane's big fish was a pound and a quarter.

Charlie Leavens reports a good catch; didn't say how many.

Dentist Holt "extracted" a lot of nice trout, but couldn't boast of any monsters.

Mayor Calder says he caught a nice basket full, but neither weighed nor counted them. The boys might get off easier during the season if they'd watch the mayor.

Jack Robinson stopped short when he caught forty-nine because the other fellow had just landed his fifty-first. The "old boys" won't break the law.

While Joe Burnett was fishing on Monday, all alone, he pulled a big fellow out of the Saugeen about six feet long, and did it all "himself."

Jack Kress and John Kelly had a heavy basket each, but looked on their return as if they'd been in deep water after them.

**PRINCIPAL Allan,** our great piscatorial artist and famous Nimrod, caught ten trout on Monday morning before going to school. One of them tipped the scale at 1 lb. 12 oz. His two boys were with him and caught one each making a dozen in all.

In addition to others we'll give one of Sam's old ones. He says that when he first settled in Glenelg about fifty years ago he washed his sheep in the Saugeen and was astonished three days after when he sheared them to find two patent pailfuls of speckled trout entangled in the wool of two of them. This is one of his modest stories, but in dealing with an incredulous, unbelieving public it is not well to start out with a statement that would bear on the face of it slightest appearance of an untruth. In those days, fishing in the Saugeen was fairly good.

Mr. T. Stewart, of Welbeck, wishes us to contradict a report in Dornoch cor. to Review. He says he is not able to put on his own clothes, let alone taking a situation on the C. P. R. boats.

At the Durham Division Court last week the Mt. Forest Woollen Mills Co. (Limited), found it necessary to sue several shareholders for unpaid calls on stock, the result being that the Company obtained judgment for full claim and costs in each case, viz.:—Geo. Shire, who failed to pay four calls of \$2 each, or \$8, was ordered by the Court to pay \$9 and \$4.62 costs or \$13.62 instead of \$8 if he had not allowed suit to be entered. In the same way John Klempf had to pay \$13.75 instead of \$10, and Samuel Morrison \$17.58 instead of \$10. By ORDER. 1

**Puny Children**

Who would prescribe only tonics and bitters for a weak, puny child? Its muscles and nerves are so thoroughly exhausted that they cannot be whipped into activity. The child needs food; a blood-making, nerve-strengthening and muscle-building food.

**Scott's Emulsion**

of Cod-Liver Oil is all of this, and you still have a tonic in the hypophosphites of lime and soda to act with the food. For thin and delicate children there is no remedy superior to it in the world. It means growth, strength, plumpness and comfort to them. Be sure you get **SCOTT'S Emulsion.**
