VARNEY.

Mr. Henry Yandt was helping his brother-in-law last week to finish seeding.

Tom Petty has a span of Gold Dusts. He don't have to take any body's dust.

S. T. Orchard took a trip to Toronto the beginning of this week in the interest of the firm he represents.

The farmers have quite a smile on this last week since the late rains. You can hear them say "just look at things growing."

Did you see Will since he got his head shaved. He has to grease his head to get on his shirt. If he had the striped pants you would think he had been there.

Adam Little is going into the pig raising. If any of your buyers want to get a car load just call on Ad.

Mr. Clark's dam burst the other day and pretty nearly flooded Varney out. He had a bee on Monday drawing gravel to repair the break.

Bob Pettigrew is a hustler. He is drawing cream to Durham creamery and running a 100 acre farm.

Mr. and Mrs. David Long were the guests of Mr. and Mrs. R. Eden one day last week.

Mrs. Stewart Fleming who came over from the North West to be at the bedside of her mother, who is very ill, received a telegram telling of her husband's illness and had to return to attend him. Troubles never come single. We hope to hear of their speedy recovery.

Mrs. Constable, of Barrie, is with her mother, Mrs. Aldred, Sr.

Mrs. Clark is around again after her spell of sickness. It is to be hoped she will continue so.

Mr. John McCalmon came near loosing a valuable cow, but under the skilful treatment of Dr. Wolfe she is all right again.

A little dish washer arrived at Mr. Thomas Wallace's last Friday night. Tom says he is going to keep it. They are doing well.

Tom Saunders has had the contract of digging all Varney. He says he did not find much gold.

Mr. J. W. Blyth has been nursing a sore hand this last couple of weeks caused by a felon, but is getting better.

ALLAN PARK.

Mr. Albert Hergott bought him self a fine cow last week for the sum of $38.

Mr. Robert Brigham has gone to Toronto to take in the sports on the twenty fourth.

Messrs J. Beckenhauer and David Hillis have been making a slaughter among the foxes. The former shot one while the latter trapped three.

Mr. Robert Leslie and his son drove over to have a while fishing in the Saugeen. They were after some of those big fish that T. L. catches sometimes. We don't know how many he got. He brought his waggon along to take them home, but they did not get any more then the full of his box.

We notice that the Allan Park Scribe to the Hanover Post said that Mr. H. Brigham was going to bring down a car load of squaws from the West for the bachelors on the North Line, but the Scribe is in good cheer himself thinking that he will be allowed to stand on one corner him self and get a share of two.

Messrs John Bailey and Amos Edmonds had a bee building a line fence on Monday To be good neighbors put up your fences and keep your own stuff at home. If every body would do the same there would not be so much need for lawyers.

We understand that Mr. Klempp, who left here last week to take charge of the Black Horse hotel was informed that he would not be granted his licence till there was some improvement made on the house. We are sorry as Mr. Klempp would have made a good tenant.

PROSTRATED, EXHAUSTED.

NO SLEEP—NO REST.

ALL do not appreciate the words of John G. Saxe, who sang, "God bless the man who first invented sleep!" But appreciation is not wanting to those who have suffered as Mrs. White, of Mara Township Ont., who became so ill with nervous troubles that, to quote her brother, Mr. Donald McRae, a well-known resident of that illustrious section of North Ontario: "My sister had not slept a night for over three months. She could not have stood this much longer, and it was only when death seemed imminent that South American Nervine became the good physician. After taking the first dose of the Nervine she slept all night, and gained in flesh until perfectly well, and has now no sign of nervousness." This is a wonderful medicine in the severest cases of nervousness, and the greatest flesh-builder to be found anywhere in the world.—25.

Horse training has been all the go since Prof. Brush struck our vicinity. Some of our young men have the donkey riding craze.

With the many showers this week and last the newly sown grain looks grand.

The farmers of our burgh report a very favorable seeding season.

Mrs John Wilson returned home after spending about a month with her ill sister in Markdale.

Mr and Mrs. D. P. Leith, of Normanby, visited their old friends here one day lately. We are always glad to see and welcome Mr. and Mrs. L.

Editor Ramage and Mr. G. McKechnie briefly called in the village one day recently.

A couple of ladies last week went to the woods in search of wild flowers and wandered about until they found themselves in an unknown clear field. They enquired of a kind farmer who was ploughing in such a field and he directed them on their homeward path. However, they were pleased to find themselves about a mile and a quarter from home Yet their beautiful flowers in a prominent place paid them for their trouble.

We notice the Lothian Bros. drive a dandy team now. Wonder who is the lucky maid who holds the reins.

Died on the 17th inst., Mr. Thos. Ferguson, aged about fifty years. He leaves a widow and children. Much sympathy is extended to the mourners. John Ferguson who arrived a day too late to attend his father's funeral was just in time to see his beloved wife breathe her last. The bride who was married only about two months was a favorite among the young people. Much sympathy is extended to to the bereaved husband and friends. The funeral which was largely attended showed the esteem in which she was held.

Beware of Cocaine.

Thos. Heys, Analytical Chemist, Toronto, says:—"I have made an examination of Dr. Chase's Catarrh Cure for Cocaine and any of its compounds from samples purchased in the open market, and find none present." Dr. Chase's Catarrh Cure is a cure—not a drug. Price 25 cents, blower included.

Wasting in Children

can be overcome in almost all cases by the use of Scott's Emulsion of Cod-Liver Oil and the Hypophosphites of Lime and Soda. While it is a scientific fact that cod-liver oil is the most digestible oil in existence, in

SCOTT'S EMULSION

it is not only palatable, but it is already digested and made ready for immediate absorption by the system. It is also combined with the hypophosphites, which supply a food not only for the tissues of the body, but for the bones and nerves, and will build up the child when its ordinary food does not supply proper nourishment.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

All druggists; 50c. and $1.00.
