Spray Your Fruit Trees.

Fle herton friends a few days last unusually large number of tent caterpillars on fruit trees. In town many truit growers have been busy destroying these worms, and it would be well if every one would do away with them wherever found. It is altogether likely other insect pests will also be too plentiful this season Pete, when you are going across cessity in order to have a good crop lowing statement from Mr. Sherman will Mrs. Aldred's goose eggs as there Canadian Horticulturist we condense the road used a rail and assaulted was a young man got blamed for some very useful directions for exterminating the various kinds pests. There are some insects, like Mr. C. Gadd and Nelson Eden have the Apis or green louse, which cannot be poisoned, and in such cases mons around Mr. McGowan's mill, coal oil emulsion is recommended. Durham. They are hustlers, you bet. The time is now past for first sprayby using the following directions:

Second Spraying : Bordeax mixture and blossoms have fallen. Third and other sprayings same mixture at intervals of ten to fifteen days as long as necessary as no definite date can be fixed for the apple scab. season and it was necessary to spray in

For pears, plums, cherries grapes and raspberries a similar treatment is recom mended. In raspberries the third spraying Baker are brothers-in-iaw. should be done after the fruit is gathered Currants and gooseberries, for worms and mildew, -First spraying: Potassium sulphide, Pordeaux mixture and Paris green as soon as the leaves expand. Second sprayweek and got his mill dam raised a ing: the same ten to fifteen days later. For worms alone helibore or Paris green will be

> Tomato, rot and blight: spray with Bordeaux mixture as soon as rot or blight appears, and three times at intervals of ten or

fifteen days if necessary.

Potato blight and beetles: Paris green as soon as the beetles appear (one pound to 100 gallous of water. 2nd spraying: Bordeaux mixture and Paris green when the plants are six inches high. Subsequent sprayings Bordeaux mixture at intervals of ten or fifteen days if necessary.

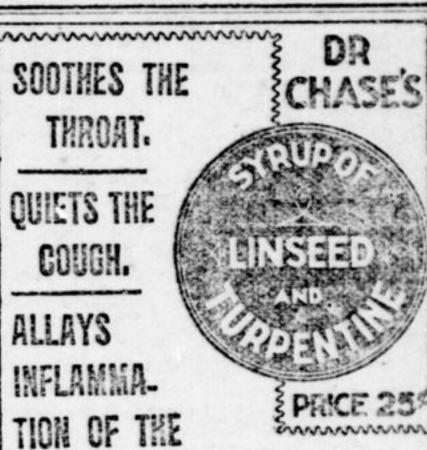

(one ounce to four gallons of water) or dusted on (one part to seven parts flour) for the cabbage worm. FORMULA FOR BORDEAUX MIXTURE.

Cabbage: Pyrethrum applied in solution

Copper sulphate 4 pounds. Fresh Lime..... Water 40 gallons Suspend the copper sulphate in five gal-lons of water. This may be done by putting it in a bag of coarse material and immersing it in the water. Slake the lime in about the same quantity of water. Then mix the two and add the remainder of the 40 gallons of water. Warm water will dissolve the sulphate more readily than coid. If the lime Park band will furnish music for the is at all dirty strain it. Use wooden vessels. If the lime is good the amount is enough, but to test use ferrocyanide of potassium. If there is not enough lime in your mixture a drop of the test turns brown, then add

promises to be a very serious matter, and probably a murder case, and which has caused a very great amount of excitement in this town, occurred here on Wednesday last between two well known and highly connected residents of Goderich Township, about two miles from this town. A family feud, existing for some time. between Harry Oaks and John Baker terminated in a serious assault case, when the son-in-law of John Baker, and seriously injured Oaks, leaving him unconscious by the roadside until found by neighbors. He is at present dangerously ill. The brother, Geo. Oaks, shortly after followed Baker and Jones to town and publicly, before a large crowd of citizens proings, but much good can yet be done ceeded to assault Jones, and purposed doing the same to Baker but was unable to meet him until to-day, when, Paris Green (4 oz. to the barrel) when the on the public street, with a rawhide he assaulted Baker so badly that he is now under the doctor's care and is a horrible sight. A warrant is out Last year the scab appeared late in the for the arrest of Oaks, and a much more serious charge may be made against both parties. What makes the matter worse is that Oaks and
