The Libby Co. of Glass Blowers spent a day or two in town this week exhibiting their work. They don't seem to recognize the power of the press as an advertising medium, preferring to peddle their information around the streets and at the school houses.

Mr. Thos. Greenwood of Glenelg, near Edge Hill, has a fancy for Galley cattle. Last week he sold three year old steers for the little sum of \$155. Mr. Chas. McKinnon of Bentinck was the purchaser, and he knows how to buy. We think, is a pretty good figure, and Mr. Greenwood feels that for all the Galloways are not a bad deal to keep round.

No. 4, 31st Battalion had a parade here on Monday night, headed through the principal streets of the town by the band. The boys did very well, considering the brief period they had to make preparations, especially Drum-major McLean, who didn't know he was going until Monday evening. They were for camp at Niagara on Tuesday morning, under Lieut. Galbraith, who is commanding in the absence of Captain Hunter. We hope to hear reports from these noble young soldiers of our country, and in the meantime trust that no harm will befall our town while so unprotected. We hope, during their absence from the seat of war, and that they may have occasion to be engaged in the din of battle, may no evil befall them.

Another Story—Her Little Girl Cured of Croup.

Having tried your medicine, my faith is high in its powers of curing Croup. My little girl has been subject to Croup for a long time, and I found relief to cure it until I gave Dr. Chase's Cough and Turpentine, which I cannot speak too highly of.

In view of the coming protest announced elsewhere, Secretary W. L. McKenzie, wishes all who have the subscription lists to return them at once together with the collections.

THE demonstration to be held here on the first of July bids fair to be the best ever given in town. Secretary Black is a hustler. Credit to him will be due for the success of the undertaking. Every horseman in Western Ontario has been notified and already a number have signified their intention to be present. Don't fail to attend this demonstration on the First.

THE 12th this year is to be celebrated with hot fervor in Walkerton, where Mr. Clark Wallace is to be present to talk on Orangeism. We don't make this announcement to draw the crowd away from Durham, where King William himself is expected to appear in full uniform. The Durhamites, however, will have to get a move on if they expect to succeed. So far, only the most meagre announcements have been made, while surrounding towns, recognizing the power of printers' ink, are advertising extensively, with full sheet posters and small hand bills. Go thou and do likewise and success is assured.

## Picnics.

IRISH LAKE. We regret we were unable to attend the Irish Lake picnic, and as no report has reached us we can only say that it is spoken of as a great success, socially and financially. Rev. Fathes Hark is a pusher, and anything he undertakes is bound to tell.

PRICEVILLE. The Sons of Scotland had a grand picnic in the Priceville School grounds on Tuesday last when the usual athletic games were heartily indulged in. Music and dancing formed an important part of the programme, but there's nothing like the big pipes to stir up a Scotchman. As we have arranged for a report issue we defer further notice at present.

ALLAN PARK.—The annual picnic at Allan Park was held on Saturday when it is estimated that about a thousand assembled to enjoy the sport; usually provided for such occasions. The provisions were excellent and showed the high state of culinary perfection to which the young ladies, and older ones too, have attained in that section. Mr. McDonald, the teacher, spared no pains in drumming up the event, and the large attendance shows the result of his efforts. A lengthy platform program was disposed of with Mr. Henry Brigham in the chair. The speakers were Revs. Jennings and Kitching, Messrs. Taylor, Walker and H. H. Miller, of Hanover, and Mills and Irwin, of Durham. A taking song was rendered by Mr. Pratt, of Louise, and last but not least the Allan Park Brass Band assisted by Prof. Peel filled the air with the choicest musical strains. A hotly contested game

of football was in progress in the evening as we left the grounds.

ABERDEEN.—On Friday afternoon last an interesting little picnic was held at Aberdeen by Mr. Galbraith and his school. The afternoon was pleasantly spent in Mr. Collinson's grove where a good program of speaking, singing, recitations, etc. was given by old and young. Not being present in time we are unable to give the names of all who took part, but when it came to the eating we noticed that all were right ready for business, and the provisions were all right too, at least Malcolm Clark said so and he should know. The attendance was not large but all, including a number from Durham, enjoyed themselves immensely. Messrs. Ramage and Malcolm Clark, B. A., were the principal speakers, the latter reviewing the history of the School, and pointing out some prominent men, now holding responsible positions, who received their early training in the section. The section has a good record and may it continue to prosper.

## This Certificate Brings Forth a Story.

BOWMANVILLE, ONT.

We the undersigned certify that the health of the Rev. R. A. Bilkey has for months been deteriorating, and that he is now suffering from severe nervous prostration, and urgently requires immediate and prolonged rest.

## This Interview Tells It.

A reporter called on the Rev. R. A. Bilkey, rector of St. John's (Episcopal) Church, Bowmanville, Ont., during the progress of a church function recently and was compelled to comment on the great change for the better in the rector's physical appearance since he had met him before. It is due entirely to Dr. Ward's Blood and Nerve Pills, said the reverend gentleman.

"I suffered for over three years from extreme nervousness, weakness and prostration, and until recently could not obtain relief. A few months ago it became only too apparent that extreme nervous prostration had set in, as I lost flesh and appetite rapidly. A tonic which I had been using seemed to do me little good, and three of our medical men pronounced me in urgent need of immediate and prolonged rest in order to build up my nervous system to its former healthy condition, giving me a certificate to that effect. About this time by pure accident Dr. Ward's Blood and Nerve Pills were brought to my notice, and suggested as the remedy I needed. I decided to try them, and on doing so a decided change for the better took place at once. I have since continued taking the pills, with continued and marked benefit and improvement. My appetite has returned. I am gaining in flesh steadily, and my general health is now so good that I do not hesitate to recommend these pills, and, in fact, have done so in many instances. Further I am sure that these results are due to the action of Dr. Ward's Blood and Nerve Pills, and I have every confidence that they will do for others all that they have done for me."
