

DURHAM CHRONICLE.

VOLUME 31.

DURHAM, ONT., JUNE 30, 1898.

NO 1633

LOCAL NEWS.

School's out for vacation.
 Don't forget the Races on Friday, July 1.
 King William is billed for Durham July 12th.
 Dollar Hats for fifty cents at Miss Colburn's.
 It is a pleasure to go into J. A. Hunter's Store on a hot day.
 Prime Machine Oil 35c. a gallon at Macfarlane's Drug Store.
 The Division Court was held on Tuesday. Judge Morrison presiding.
 Buy a barrel of Redpath's Sugar at J. A. Hunter's. It will pay you to do so.
 A S.S. Picnic will be held in Mr. Dunn's orchard, on Monday July 4th. All are invited. Admission free.
 An enthusiastic meeting of Temperance workers was held in the Presbyterian Church on Tuesday last.
 Because the Meaford Mirror was printed in blue last week we are not to infer that the Editor himself was blue.
 Miss S. McKinnon thinks there is no wheel to compare with the Massey Harris wheel. She is now the happy owner of one.
 Mr. Archie Morton of Aberdeen is a crack whittler. We saw a wooden chain and other trinkets that give evidence of genius.
 Selling below cost.—Miss Culbertson offers a large assortment of Hats very below cost. This is a rare chance to get a good cheap Hat.
 A King load of cedar stakes, which measured 19 1/2 feet high, was shipped from this station to Milbank last Friday, by Mr. E. J. Hartford.
 A meeting of the Executive of the Prohibition Union of South Grey will be held in Priceville Methodist church on Tuesday July 5th, at 1 p. m. All interested in the temperance movement are requested to be present.
 This neighborhood feels deeply for Mr. Albert Neil in the loss of his bright and happy young wife. Eight short months of wedded bliss, and now the grim loneliness. Everybody liked and admired her, which was clearly evinced by the long procession which followed the remains to the tomb. May the bereaved relatives receive Divine comfort.
 Rev. Mr. Jansen and Mr. W. J. Young have been appointed delegates by the Presbyterian church to attend the Horticultural Convention at the Horticultural pavilion in Toronto, on Tuesday next, July 5th. A splendid preparation would be given the temperance people, were a larger number of enthusiastic temperance workers sent on the same mission.
 The Ladies of the Baptist church will hold a garden party on the grounds of Mr. R. Webber, con. 3, Bentinck, on this Thursday evening. All will be in attendance at the Middleburgh House Corner at 7 p. m. for persons going out. Should night prove unfavorable, it will be held on following night. Admission 10c. All are invited. Proceeds for church purposes.
 There are ninety-five candidates writing at the examination here this week—twenty-two for Leaving and seventy-three for Entrance. Of these twenty-five Entrance and eleven Leaving are from the Durham School. This is the largest number, probably, that ever wrote here at one time and does not show any symptoms of abatement on account of the stiffening of the curriculum.
 Mr. Thomas Brown's Fishery is rapidly growing in value. One citizen had the nerve to offer him 40c. a minute for the privilege of five minutes fishing while a more generous offer of ten dollars was made for the same privilege. Both offers were alike refused. From the way the fish bite at food thrown on the water it would be hard to estimate the value of even a five minute catch. One pond contains thousands weighing about a pound each, and besides Mr. Brown has two or three other ponds containing smaller fish, all speckled trout.

Don't forget the Races here on the First.
 50c. Hats for 25c. at Miss Culbertson's, Lower Town.
 GIRL WANTED—To learn tailoring. Apply to Jas. Allan Lower town.
 FRESH LIME FOR SALE.—At Lot 53 con. 3, Bentinck. Wm. Billings. 2
 BUSINESS has increased nearly 50% with J. A. Hunter since he moved into his bright new store.
 Strictly Pure English Paris Green 20c. lb and Potato Bug Killer \$1 per 100 lb at Macfarlane's Drug Store.
 WANTED.—Two apprentices, at once to learn dressmaking. Apply to Miss Hutton, George Street, Durham.
 Fresh strawberries, new potatoes, new cabbage, cucumbers, water-melons, at J. A. Hunter's, Lower Town.
 A union Sunday and Public School picnic will be held in Mr. Derby's Grove near Hampden, on Saturday next July 2nd.
 For Sale or To Rent.—Pump Factory doing a good business. For further particulars apply to David Kinnee, Durham Ont. 2
 Any person wishing the services of a boy for haying and harvest can be accommodated by applying to Mrs. Ed. Lauder at the Durham Creamery.
 Mr. Herb. Livingston, of Allan Park is hobbling round with a sore foot, caused by a tramp from a horse. Only a little over a year ago Mr. L. had his leg badly mangled in a horse-power.
 The Zicnites will hold a picnic at Hayward's Falls Saturday next. See Traverston Correspondence for further particulars especially their liberality to Editors and other poor people.
 A Garden Party will be held at Mr. Henry Brigham's, Allan Park, on Wednesday, July 6th. The proceeds will be applied towards an organ for the English Church. Admission not stated. Everybody welcome.
 Mr. Robt. Blyth, to whom we referred last issue as having been gored by a bull on Sunday week near Guelph, died on Friday last from the injuries he sustained. He was a brother of Mr. Colin Blyth, and also the late John Blyth M. P. P.
 The Roadgrader was at work again on Friday last when Bruce street was completed from Lambton to the gravel near the creamery. The work proved thoroughly satisfactory and it is highly probable that a number such machines will be in use next year in the municipality.
 The Orangeman of Durham District L. O. L. are making extensive preparations for the 12th. Large posters are now out giving a few of the particulars. From twenty to thirty Lodges are expected, as well as a number of Lodges of Orange Young Britons. In addition to the usual street parade, excellent addresses are to be delivered. Fuller reference will be made later.
 Mr. Wm. Edge, whose cattle died a few weeks ago, sent portions of the stomach to the Agricultural College, Guelph, but the answer is of a very unsatisfactory nature. They claim that making analysis for toxicology is out of their line and that should they make it a charge would have to be imposed. He is referred to Dr. Ellis of the School of Practical Science, Toronto. Singular enough that a Government Agricultural Institution, paid by the public funds can not offer to do a little job with out pay.
 The Edge Hill Picnic is to be held in Edge's Grove on Wednesday next, July 6th. This popular, growing institution is anxiously looked forward to as one of the popular events of the season. Not only hundreds but thousands are found here every year. The people of the vicinity we may safely say have discovered the art of getting up picnics. The program will consist of games, pipe, violin and other choice music. The McDonald Bros. being present. A well filled basket will serve as a passport to the grounds free, otherwise 15c. will be charged. See Bills. Thousands will be present. Come and swell the crowd.

PERSONAL.

Miss Annie Horn is visiting her sister, Mrs. John Darling.
 Miss Nettie Brown is visiting friends in Proton at present.
 Mr. James McArthur left on Wednesday morning for Georgetown.
 Mr. John McGowan of Kimberly, visited at his father's here on Monday.
 Misses Mary and Aggie Calder, of Calderwood, visited at Mayor Calder's.
 Mr. Thos. Sullivan of Irish Lake was a caller at this office one day recently.
 Mrs. Andrew Brown and son James of Minto are visiting their relations in town this week.
 Mr. Wm. Smith, manager of the Weekly Sun, Toronto, was in town Friday and gave us a call.
 Rev. Mr. and Mrs. Cameron, Miss Cameron and Mrs. McLean have gone to Muskoka for a time.
 Mr. A. J. Pell, of Toronto, agent for the Northey Gasoline Mfg. Co., Toronto was in town last week.
 Messrs Wm. Burnet and Donald Muir, of Flesherston Station were callers at this office on Tuesday.
 Mrs. O. Wiggins returned home on Monday night, after spending a few weeks with friends in Toronto.
 County Warden Richardson, of Flesherston, passed through town last week on his way to Walkerton.
 Mr. Edwards occupied the Methodist pulpit on Sunday last, speaking under the auspices of the Epworth League.
 Mrs. Greeney who has been visiting her friends in town for a few weeks left on Tuesday for her home in Toronto.
 Mr. and Mrs. R. F. Miller of Stratford are visiting the latter's parents, Mr. and Mrs. Chas. Falkingham and other friends.
 Mrs. Dass of Stratford is visiting friends in town. That rare classical solo on Sunday evening shows her a gifted vocal artist.
 Mrs. Robt. Gray has returned to her home in Hamilton on Wednesday morning and her sister, Mrs. S. F. Morlock accompanied her.
 Mrs. J. H. Hunter and Miss Blanche have been in Minneapolis visiting Mr. H. A. Hunter. Harry is doing well in the real estate business.
 Mr. James Genoa, of Flesherston, was in town Wednesday. His wife received intelligence of her mother's serious illness at Galt and has gone down to see her.
 The Revs. Campbell, of Dromore, Harriston, Dundalk, Humphreys, Priceville, and Thom, Flesherston, attended the Convention held in the Presbyterian church on Tuesday.
 Mr. G. S. Warren, of Aberfoyle, who has been here for the past three months left for home on Thursday. He will be greatly missed around town as he is a jolly good fellow and has made a great many friends especially among the fair sex. The hill will have a rest now, but he is expected back after a while to renew acquaintance.
 Chopping done at The People's Mill. See ad.
 A letter from the Camp at Niagara was received too late for this issue.
 A large shipment of Graniteware just arrived from Austria at W. Black's
 Never in the history of horse racing in Durham has the track been in such good condition as at present. The new grader has been at work, levelling and grading and the Turf Club now feels that the races to-morrow, Dominion Day, will be a record breaker. A number of entries have been made and amongst them some of the fastest horses in Canada. Secretary Black is an indefatigable worker and the good faith of last year's work in meeting all obligations is an assurance to horsemen that this year again everything will be done on the square.
 Mr. J. A. Young, of Thamesford, Grand Master of the I. O. O. F. visited the Lodge here officially on Friday night last, and instructed the brethren in the secret work of the Order.

For the past few months a large increase is being made to the membership and there are initiations at nearly every meeting. Mr. Young is thorough master of the work and the full night's instruction given is an inspiration to the members one and all. Oddfellowship as a fraternal and charitable institution is too well known to need any recommendation, the great pity is that greater numbers do not avail themselves of its benefits. About eleven o'clock the brethren repaired to the Knapp House where a most tasty and sumptuous repast had been provided in a manner that reflects credit to Mr. and Mrs. Knapp, who are always careful to look after the comforts and interests of their guests. A number of brethren from Mt. Forest Lodge were present at the meeting and we trust were profited by the instructions of the Grand Master. Personally we must say it was a great pleasure to us to meet Mr. Young a former school mate whom we have not seen for twenty three years.
The Root of the Trouble.
 It surprises some people when you tell them their nervous trouble is caused by a defective liver. Liver trouble causes constipation. Next comes dyspepsia, then impure blood with heart trouble. Sloan's Indian Tonic is a positive cure for liver trouble and constipation, and in this way removes the cause of other ills. \$1 per bottle at all druggists.
A Disease Affecting The Eyes of Cattle.
 BY F. W. GOKEY, V. S.
 Catarrhal conjunctivitis or Specific Ophthalmia, this disease generally appears in an enzootic form and affects quite a number in the herd. It is usually attributed to some irritant material carried in the atmosphere or emanating from the soil. It is most prevalent on low grounds and is seldom seen in winter months. It affects old and young animals alike. It is characterized chiefly by a mucopurulent discharge of the eyes, an intense degree of inflammation of the mucous membrane, accompanied by swelling of the eyelids and early opacity of the cornea. The flow of tears is mixed with pus, sometimes streaked with blood which

A FREE SCHOLARSHIP

IN A HIGH GRADE BUSINESS COLLEGE is worth winning. ENTRANCE and LEAVING Candidates for the next examination have the chance this year. By writing to the

CENTRAL BUSINESS COLLEGE

OF TORONTO.
 Stating name, address, teacher, school and which Examination, all information about competition will be cheerfully furnished. Mention this paper. Address

 Yonge & Gerard Sts., Toronto.

gathers in large masses on the cheeks. The eyes are kept continually closed. The implication of the cornea in the disease, frequently blinds the animal for a time and occasionally other diseased conditions may supervene. The attack is marked from the onset by a high fever, loss of appetite, partial loss of milk, suspended rumination, and separation from the herd.

The following treatment I have found to be very successful: Keep the animals in a cool dark stable, supplied with plenty of fresh water, and soft succulent food. Administer 1 pound to 1 1/2 (depending on the size of the animal) of Epsom Salts dissolved in 2 or 3 pints of water, also give about 1/2 an oz. of salt petre three times daily. For an eye wash take boric acid 1 dram and pour 4 oz. of boiling water over it.

Use this wash as often as convenient. In the majority of cases improvement becomes manifest in a few days and the eye will become clear and free from inflammation in from ten days to three weeks.

Whenever the affection appears in a herd, all the unaffected animals should be removed to another locality; that is, to fields possessing a different character of soil and feed.

The water should also be changed, especially if they have been obtaining their drinking water from a sluggish stream or stagnant pond.

The Baby Boy Covered with Eczema and Cured by Dr. Chase.

Mrs. Jas. Brown, of Molesworth, Ont., tells how her boy (eight months old) was cured of torturing Eczema. Mothers whose children are afflicted can write her regarding the great cure, Dr. Chase's Ointment. Her child was afflicted from birth and three boxes of Dr. Chase's Ointment cured him.

Great Millinery Sale

FOR THE NEXT THIRTY DAYS

We have tully decided to clear out every dollar's worth of our Trimmed and Untrimmed Hats, within the next Thirty Days. We are going to let the Low Prices do the work. The Reason of this sale is to make room for a Large Shipment of Ready-made Clothing, which we expect shortly.
