And, actually, when things came to be dissected coolly, it seemed, somehow, that Captain Van Beers' defence was not wholly without reason, nor his threats without possible foundation; nay, that, in one way of putting it, he held the big end of the stick. Captain Murray evidently thought so; for, after an aside with the Major and another with Van Beers, the latter came the Major for his most unfortunate mistake. And when the Major, accepting his excuses, asked the captain to keep the cutter as some return, not only for picking him up, but for the injury sustained by the Oceana's quarter-boat, I think every one felt reliev-

"A very palpable scamp!" remarked Captain Murray as we watched the 'British subject' pulling of to his ship. "And if we had not come up, Major, you'd have lost both boat and diamonds. I have heard of his firm as being anything but particular. The chances are he would have seized the the British navy man romps over the merchantman's decks and bullies him half out of his life. If that fellow had simple closing of the circuit. not been placated, very probably some sently given H.M.S. Alexandra more trouble than enough; ay, and quite likely they'd have brought an action against our young friend here and yourself, as responsible owner of the brig, for an unprovoked and murderous attack on a boat's crew.
