**POMONA.**

We have excellent harvest weather so that many saw their last sheaf safely housed last week and threshing begins in earnest this week.

All available hands were needed last week and the universal cry was where can I get a hand for a few days?

Late oats were perceptibly damaged with rust.

Miss Annie Morrison returned to her position at St. Michael's College on Tuesday after a month's pleasant home stay.

Miss Kate McKinnon gladdened the old folks at home for a few days but has returned to Orangeville.

While Mr. J. McAuliff was lately drawing in a load of peas he had occasion to call to his horses to stop which they obeyed so suddenly that John took a tumble to terra firma landing safely and without using any worse language than "Great Scott."

Mr. Michael McGrath, our kind and obliging neighbor who draws cream for the McKechnie Bros., Durham, quite recently got badly injured by his horse running away, but is now able to be on the road again. He looks as if he had just returned from the war.

Mr. J. S. Black, our Twp. Clerk, is raising his own tobacco this season, which consists of two varieties. Those which are usually converted into smoking and chewing respectively. He received 50 plants from the Mail and Empire, Toronto, as a premium for subscriptions sent in. The plants had a delicate appearance on arrival but Mr. Black gave them good care which resulted in the larger portion of them doing well. Many of the plants are now almost as tall as a man with leaves 2 feet in length by 12 or 14 inches in width. He is just allowing 2 plants to blossom so to produce seed for next year.

Messrs A. Morrison and R. McDonald wear a satisfied look these days, satisfied that they can hold their own with most of the threshers this season, as they recently purchased a new separator from Mr. A. Elshie, Mount Forest, called the Favorite. They have given it a trial in a few barns and find it equal to all that is claimed for it.

The Haley Bros. are out with a new complete steam threshing outfit, purchased from the Waterloo Manufacturing Co. this season. It is the finest looking outfit

we have seen in this vicinity and promises to make hot work for threshing hands this warm weather.

That noxious weed, Bishop's flower, is fast spreading. It seems but a short time since it first made its appearance on the roadside and was admired by every passer for its pretty flowers.
