Rheumatism?

SOUTH AMERICAN RHEUMATIC CURE A UNIVERSAL LIBERATOR.

Relief in six hours! What a glad message to the pain-racked, bed-ridden, despairing sufferer from rheumatism's cruel grasp—and this is a fact, borne out by volumes of evidence, for this greatest of pain conquerors.

Rheumatism is curable—South American Rheumatic Cure is an absolute specific, and radically cures the most stubborn cases in from one to three days. "I suffered intensely from rheumatism and sciatica. Tried many remedies and many physicians without any lasting benefit. A few doses of South American Rheumatic Cure wonderfully helped me; two bottles cured me."—E. Errett, Merrickville, Ont.

BUDGETS from Traverston and Mull Corners are received just as we are going to press. Sorry they are too late for this week.

The city of Chatham, Ont., has just had judgment rendered against it for \$995 damages and all costs owing to a rig colliding with a telephone pole in the Main street and causing serious injuries to the occupants. The city tried to shift the responsibility upon the telephone company, but failed as the pole was placed with the approval of the council.

The following clipped from the Leamington Post shows the excellent work done this year in the Leamington High School of which Mr. Elliott from Walkerton is principal. It says:—"This year 18 wrote on Form I examination and all passed, 11 with honors, 19 wrote on Form II examination and 18 passed, 4 taking honors. 7 wrote on Form III and all passed, 3 taking honors.

Mr. W. A. Anderson, of Crawford, was in town last week after partially recovering from a serious illness which prostrated him during the greater part of the spring and summer. Through the kindness of his neighbors who rendered him valuable service in his sickness his farm work was well looked after and Mr. Anderson is unsparing in expressing his appreciation of the genuine good will of those who did him such service.

FATAL ACCIDENT.—An old and most respectable resident of Proton, Mr. John Rice, last week met with a fatal accident. He fell a distance of 15 feet from a scaffold in his barn, lighting on his head and shoulders. The collar bone and several ribs were fractured. The most serious injury and the immediate cause of his death was a rupture of an artery in the head. He never regained consciousness and lived only two days after the accident. The remains were interred in the Proton R. C. cemetery. The deceased was in his 70th year. He leaves a widow and grown up family well provided for. Dundalk Herald.

THE CHANCE OF YOUR LIFE.—The Family Herald and Weekly Star, of Montreal, and the CHRONICLE for the balance of 1898 for only (40c.) forty cents to new subscribers. This is the best short term subscription rate ever offered. The publishers of the "Family Herald and Weekly Star" have been induced to make this offer, in order that the improvements in that wonderful paper might be more generally known. It is a marvel of cheapness. THE CHRONICLE will supply you with all the local news and the "Family Herald and Weekly Star" will supply you with 20 pages every week of the most valuable and instructive reading matter, including the general news of the whole world. A marvel of excellence, and to say that its subscription price is too low does not do it justice, for it is of such extraordinary value that it looks as if it were given away. The "Family Herald and Weekly Star" is the world's great newspaper success of the age. Subscribe now. This offer is good until October 10th, send your subscription to the CHRONICLE, Durham, Ont.

ABOUT nine months ago it was our painful duty to chronicle the death of Mr. R. W. Horn after a brief illness. Since then Mrs. Horn has not been well, an affection of the liver being her chief trouble. No serious symptoms manifested themselves until a couple of months ago from which time she gradually sank and suffered till relieved by death on Sunday morning last at 4 o'clock at the home of her daughter, Mrs. John Darling, who nursed her carefully through her recent illness. Deceased was born in Temple, Co. Fermanagh, Ireland, fifty-seven years ago. At the age of eleven years she came to Canada with her widowed mother and settled near Oshawa where she was married at eighteen to her recently deceased husband. About thirty years ago Mr. and Mrs. Horn removed to Hanover, after which they resided in Durham for many years. Later they spent some time in Markdale and Grand Valley returning to Durham about three years ago. Seven children, four sons and three daughters survive to mourn the loss of a kind indulgent mother. The remains were interred in Durham cemetery on Tuesday afternoon, the service being performed by Rev. Mr. Jansen.

If you have a fast horse, take him to the Fair here on the 27th and 28th and get the \$20 prize for test of speed.

Mr. James Russell, harness maker of Regina, who left here about six years ago is spending a few weeks at the parental home. He arrived Thursday last by boat at Owen Sound and intends to remain for a couple of months before his return. His wife and children have been here for the past two or three weeks. Mr. Russell reports crops and times "good" in the North West.

A serious fire entailing a loss estimated at \$150,000 occurred Friday morning last in the shipyards of Mr. George E. Bartram, M. P. for south Toronto. The want of water in the immediate vicinity handicapped in a measure the work of the firemen. Preparations had been made for the laying of a water main to the yards, the pipes being on the ground but not laid. The works were insured but for what amount, is not known at the time of writing.

A minister in a neighboring town on a recent Sunday surprised his audience by reading the following announcement from his pulpit:—"The regular session of the Donkey Club will be held, as usual, at the close of the present service. Members will line up just outside the church doors, make remarks, and stare at the ladies, as is their custom. Any member seen to escort a young lady to church like a man and sit with her like a gentleman, will be expelled from membership." The application was to the point and the effect marvellous.—Ex.

Old England's Flag, vs. Dr. A. W. Chase.

The virtues of Dr. Chase's remedies are known the world over and like Old England's flag the sun on them never sets.

Dr. Chase's Ointment, Kidney-Liver Pills, Catarrh Cure, Syrup of Linseed and Turpentine and Liver Cure enjoy the confidence of everybody. They have won their way into the public favor on merit. Their sterling qualities and high standing of purity have made them the household word all round the world. All dealers sell and recommend them.

TO EDITOR OF CHRONICLE,

SIR:—I come forward this week with an earnest request for space in your much esteemed and popular Journal, to reply to an item which appeared in the columns of the "Durham Review" of Aug. 25th, and which reads as follows:—"Mr. Joseph Jacques had the misfortune to lose a cow by lightning about ten days ago. Mr. John M. Lawrence wishes the cow had died somewhere else, as he has to work over the fence from where it lies. Mr. L. thinks of calling on the health Inspector." The above comes from "Around the Lake," and although the sentiment expressed is somewhat admirable, we can't, but realize that "Around the Lake" has been too hurried and premature in delivery. In striving for a better way to dispose of other peoples' business, and in looking for the arrival of the "good, good time coming," and the universal adoption of "better ways," we cannot afford to allow our enthusiasm to obliterate our judgment. Mr. Jacques in pursuing the course which he did, was simply confining himself to the customs of the community, and consequently is neither guilty of anything surprising or outrageous. We are not so extravagant in our calculations as to presume, that "Around the Lake" knows quite so much; but we do think the Editor of the Review should carefully scan all correspondence coming from such a source before publication. Upon learning of J. L.'s painful experience we were seized with violent spasms of sympathy and regret. However, after reflection and meditation, we got relief in the fact, that there are many people, who, when having an opportunity to lead out a little, are inclined to carry their privileges a little too far. Mr. L. being a particular friend of ours may rest assured that he has our extreme and unrestricted sympathy in his painful and unfortunate experience. Mr. L. had a cow, which died once upon a time but we never heard of the Inspector being called.

In pursuing the "snake in the grass" we don't think we are out of our element.

In conclusion, Mr. Editor, permit us to say, that when the good times have come and everybody is nice and good; and does strictly as they would have their neighbors do unto them; and exactness is the Law of the Universe with J. L. and "Around the Lake" appointed from on "high" to enforce the same, then, when we deviate slightly from the ideal path, and not till then will we feel inclined or obliged to tolerate a reprimand from such a humiliating source.

Mr. Alex. Ledingham, of Westport, one of the pioneers of Bentinck died on Sunday night last, at the age of sixty-eight years. His illness was not of long duration, though he has been ailing for some time. In religion he was a Presbyterian and until recently when he fell in with the Patron was a Liberal in politics. He was highly respected and his death much lamented.

CIVIC Holiday last week was quiet and uneventful. The streets were generally closed, but the sidewalks went on. Firemen's Excursion to Galt did add much to the treasury, but the trip been more extensive, and the morning number would have been much larger number would have attended. The brigade is not disbanded and next year they'll be back again.

The results of the Department Examinations have brought the sequence, a number of letters in the Toronto Dailies expressing dissatisfaction, and criticising the general character of the Examination papers. It is really too bad that faddists should continue to air their little crotchets for the sake of a recent candidates who have labored for an honorable standing in the close of the academic year. It is an objection to raising standards but the papers should be kept fair and free from ambiguity.
