A Marvellous Statement—Relief from One Dose.

Mr. E. W. Sherman, proprietor of the Sherman House, Morrisburg, Ont. is known by thousands of Canadians, hence the following statement from Mr. Sherman will be read with great interest and pleasure: "I have been cured of rheumatism of ten years' standing in three days. One bottle of SOUTH AMERICAN RHEUMATIC CURE performed this most remarkable cure. The effects of the first dose of South American Rheumatic Cure were truly wonderful. I have only taken one bottle of the remedy, and now haven't any sign of rheumatism in my system. It did me more good than all the doctoring I ever did in my life."—20.

OFF FOR INDIA.

Mr. F. F. Hunter, a Durham Boy, will join the Bengal Lancers.

Our young townsman, Mr. F. F. Hunter, left last Saturday morning for India, where he has received a commission in the Indian Staff Corps.

He will remain in this corps for two years prior to entering the famous Bengal Lancers, one of the most noted cavalry corps in the English service. Fred has been a soldier ever since his childhood. He commenced as bugler in our local company. He got a commission in the 31st Battalion as Lieutenant, went to "C" School, Toronto, and took his certificates, both in second and first class. He was afterwards gazetted as adjutant of the 31st Battalion, being the youngest adjutant in the Dominion, but owing to his being a cadet at the Royal Military College, it was discovered that he could not hold both, so he was obliged to resign his position in the Battalion.

He took nearly every prize offered at the R. M. College, both for study and sport and when graduating he took the Governor General's Medal. He has indomitable pluck and energy. We have every confidence in his ability to make a perfect success of his future life in India.

We might just add also that the high military position to which Fred has risen, is not a thing of mere chance, or the outcome of social, personal or political influence. His honors and distinctions, have all been earned by an untiring application of his energies towards the goal of his ambition, and herein lies a grand object lesson, which many of our young people might well copy in any position in life their ambition may lead them to aspire to.

On Thursday night of last week some person perpetrated a mean trick up town by removing the nuts and whiffletrees from a wagon on the roadside belonging to Mr. Thomas Daniels, who has a number of teams drawing gravel for the sidewalks. Had it not been for the removal of the whiffletrees, serious damage might have resulted. Mr. Daniels intends to make it hot for the guilty one should he be fortunate enough to find him.

A Scotch doctor advised his patient to take a little whiskey in hot water. "But" said the patient, "I am a temperance man and should not like to have it known that I took liquor." "Well have a bottle of whiskey in your room and ring for shaving water." Some days later, the doctor called again and asked the servant how her master was. She replied: "He's better, physically but he's gone clean daft and shaves himself seven times a day."

Robert McKinnon, an Owen Sound man is in the Emergency Hospital, 105 Bay Street, Toronto, in a serious condition from wounds on his face inflicted by a pair of footpads. The hold-up occurred in a vacant lot near York and Wellington Streets at one o'clock Saturday morning. McKinnon was walking along with two men he met an hour or so previously, when one of them suddenly felled him to the ground with a club. As he lay on the ground helpless he was kicked into insensibility. The thieves stole \$10 from his trousers pockets, but overlooked a \$50 gold watch. McKinnon was found a few minutes later by a policeman.—O. S. Sun.

Rev. Mr. Goldberg, of Markham conducted the services in Trinity Church on Sunday last. In the evening he took for his text "The Lord at hand" (Phil. 4-5). In his prayerful unfolding of the subject Mr. Goldberg showed God's providence, his presence in nature, his presence in history, and his presence in the individual and the nation. The unification of the Kingdom of Italy and petty powers of Germany and Germany, showed that it was at work. The hand of God was also seen in the Spanish-American war which was resulting in a unification of the Anglo Saxon race and was exceedingly practical.
