A clergyman visited a grit home in town here a few days ago, and seeing a little interesting four year old toddler, began to question him in several ways, but failed to get an answer till he inquired after his politics when the little fellow promptly replied "I's a Grit." A Good Test.

POSTMASTER McLean of Walkerton, who has held the position ever since the establishment of a post-office in that town visited postmaster MacKenzie, a week ago Sunday. Though we have never seen the veteran gentleman, those who know him well say there is a strong resemblance between him and the late lamented Sir John A. Macdonald, whose political views he has long cherished and still admires. Strange too, all the other members of his family seem to have gone wrong in politics, he being the only Conservative. We hope ere long to have the pleasure of meeting Mr. McLean whom we have heard of so favorably. He was accompanied by his assistant Mr. Blair.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in my back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c., guaranteed, at local Drug Stores.

Foresters at Church.

The Independent Order of Foresters, to the number of about fifty, attended the Methodist Church in a body on Sunday morning last, and listened to what a number present, not Methodists, pronounced an able appropriate address. The text was taken from Isa. 41; 6. "They helped every one his neighbor and every one said to his brother, be of good courage." After Theological exposition of the theme, Mr. Ferguson in his application referred to fraternal organizations, which he regarded as auxiliaries to the church in building up the cause of Christ and developing a spirit of benevolence, sympathy and brotherly love, all potent factors in the work of the church. The Foresters had contributed near \$7,000.00 to the widows and orphans of their deceased brethren; they know no distinctions of creed, politics or nationality; and as members of a powerful fraternal organization they form a powerful and united brotherhood. The sermon was practical and appreciated.

The Heat of Summer

and the Cold of Winter makes the use of DIFFERENT Breakfast Foods almost imperative for some natures. Rolled Oats are nourishing but they heat the blood—some people can eat them and gain strength from them right through the year.

Molina Rolled Wheat

is a rich, delicate, nourishing substitute for Rolled Oats. For invalids and those of weak digestion it serves an ideal purpose for the breakfast porridge in hot weather. **IT DOES NOT HEAT THE BLOOD.** Your grocer sells it by the pound.

No Cure for... Bright's Disease

In its advanced stages—The Reason Why—Danger Prevented by the Timely Use of Dr. A. W. Chase's Kidney-Liver Pills.

To understand Bright's Disease is to know that in its advanced stages it is past the reach of human aid. The cells of the kidneys undergo a wasting change, which leaves them dead so far as performing their functions is concerned. Just think of having the kidneys dead. Think of the poisons left in the system when these organs could no longer perform their duties as filters of the blood. It would be difficult to conceive of anything more dreadful, and yet this is the goal to which every case of neglected kidney disease must lead. When the back aches, when there are deposits in the urine after standing for 24 hours, there is no time to lose in procuring Dr. Chase's Kidney-Liver Pills. It is not claimed that they will cure Bright's Disease in its last stages. They are an absolute cure for kidney disease, and so long as the kidneys are not entirely wasted away they will give new strength and vigor and enable them to resume their duties of filtering the blood. Dr. Chase's Kidney-Liver Pills will stop backache and headache in short order by removing the cause, and will positively prevent Bright's Disease. One pill a dose, 25c. a box. At all dealers, or Edmanson, Bates & Co., Toronto.

 We do not like to use our pencils on labels and will defer doing so for a few weeks longer to give a chance. Of course we need more like other people, and in the meantime trust to hear from a number who are still two years and over arrears. Remittances from old will also be gratefully received.

A NUMBER of the Hanover team came over on Friday evening last to play a return game of lacrosse to the boys here. The ball was in motion at 7:30 and the tussle began in earnest. At the end of four minutes the ball fell into the hands of Tom Carson of the home team, soon passed through the goal of visitors, scoring one for Durham. This was the only goal they set. During the next hour the visitors, which seemed to have a practice, and were more skillful playing into each other's hands three goals. The Durham boys, somewhat handicapped in the game, a number of them having been exhausted before starting owing over-exertion at the McKechnie, but the game was an exceedingly friendly one and everything passed pleasantly. Perhaps our boys will be in better form and do better time.
