are a few exceptions. But many sorts make much better plants by transplanting; and it is often advisable to transplant the seedlings once before they reach their final stations in the grounds.

The commonest error, in growing annuals, is to plant them in flower beds This mistake is frequently made Orange baskets, filled with sections with other plants, and never so persistently and disastrously as with phloxes, zinnias, marigolds and their like. If a strictly geometrical scheme is intended, or if the garden is one of the old Italian style with a high wall about it, then flower beds will fit the place. But in the free and natural dooryard gardening the whole picture specs of black or dust, and then wipe is sadly disfigured when it is cut full assortment. There they uncomfortably stand about through the summer, each the orange" but leaving the strip of bunch of flowers jealous of its neighhandle intact. HOW TO COOK ASPARAGUS.

Asparagus is one of the good things son, connoisseur, says: "Asparagus should be cut of exactly equal lengths a deep pan. Nearly two inches of the heads should be out of the water, the Browned Potatoes.-Boil large pota- steam sufficing to cook them, as they orthodox twenty minutes alloted to average asparagus lying horizontally, which half cooks the stocks and overcooks the heads, diminishing its flavor and consistence, a period of thirty or will be cooked by the steam alone."

Gourmets assert that asparagus, to be perfect, should always be eaten tepid. Taste in the last few years, however, has run to cold asparagus. Hot or cold, a plain vinaigrette sauce finely minced herbs, brings out the flavor best, although with hot asparagus many people prefer simply drawn-

For more elaborate service, mayonnaise, bechamel or mousseuse sauces are used, or it may be served au gratin

Potato Puff.-Two cups mashed po- the epicure. It is made by taking a writing, it is said that the court-martial was inclined to acquit the prisoner. | evidence was taken in dependence was taken in decreased by the Figure, regular form in a dish and bake in a white stock are added and the same and this publication has convinced all quick oven until nicely colored. Bits of cucumber in butter are added and just before serving a liason of

eggs yelk and cream is stirred in. An English authority describes the preparation of asparagus as a sweet. Two pounds are cleaned and rinsed well, and boiled until tender in two quarts of milk. It is then strained, then poured in, and the whole is thickened with the yelks of eight eggs, the concoction being stirred over the fire until thick enough. After being rub-And so, while it is possible to find bed through a tanning it is frozen; two wine glassfuls of sherry, half a wine glassful of brandy and one and one-half gills of whipped cream are added, when it is refrozen and put in the ice cave until ready to be served.

A CAT'S POINTS.

A good cat-the kind you want to have in the house, if any-will have a round, stubby, pug nose, full, fat cheeks and upper lip; a well-developed bump on top of the head between the ears, betokening good nature. A sleepy cat that purrs a good deal is apt to be playful and good natured.

By all means to be avoided is a cat good workable condition. The seed bed with thin, sharp nose and twitching should always be thoroughly prepared, ears. It must be remembered also

which they are transplanted to the larly too much meat. In the wild life open ground. Considerable time is gain-
