On Monday last Messrs N. G. & J. McKechnie shipped from this station to London, England, 17,136 lbs of Creamery Butter, of their own make for June. The sale was made at about 17c. a pound. It will be a satisfaction to those who visit the World's Metropolis to get a taste of Durham Creamery Butter.

We are pleased to notice that ex-councillor Joseph Firth is having a very tasty looking brick house erected on his farm at Edge Hill, on or near the site occupied by the one he had burned some months ago. When completed it will be a handsome addition to the cosy homes on the Second of Glenelg. We hope he may long enjoy it.

Mr. John A. Graham seems to be a master hand at getting up picnics. For many years the picnic at Edge Hill was a noted annual event, but in this case we believe John was ably supported by the people, in fact we know he was. On Friday last he had his first picnic in connection with his school at Boothville and, though we were not present we have learned that it was a huge success, in attendance and amusements.

STUDEN.—A very sad bereavement has visited the home of Mr. and Mrs. John Dunsmore of Bentuck. On Monday last his little son, Dan, a boy eleven years old was in town to witness the sights and enjoy the sports of the day. He was in perfect health and little did the fond parents think the Angel of Death was so soon to claim him as a victim. On Monday evening the little fellow took inflammation of the bowels and on Tuesday afternoon at four o'clock his bright spirit fled beyond that bourne from which no traveller returns. The remains will be interred to-day Thursday at two o'clock. The parents and relatives have the sincere sympathy of the community in their sad bereavement.

Mr. E. J. Hartford, of Durham, has the contract for supplying the gravel for Mt. Forest's new cement walks. Mr. Hartford is a hustler. This week he has fourteen men and seven teams at work and delivers 112 loads a day.—Mt. Forest Rep.

The County Council of Grey has again defeated a motion to establish a House of Refuge in that County, notwithstanding that the ratepayers last January gave a majority of nearly 1500 in favor of it. The Grey Council must be composed of a lot of antiquarians in whom the milk of human kindness has turned to vinegar.—Bruce Herald.

THE Lime Juice Minstrel Club gave a successful entertainment at Teeswater on the evening of Dominion Day. The attendance was good and the performance was well received. An invitation has been given the boys to go to Harriston, but we understand they have not yet decided to accept. The proceeds at Teeswater amounted to something in the neighborhood of sixty dollars. They were guaranteed fifty dollars.

DOMINION DAY was not observed as a holiday in Durham this year, but during the day the stir about town was not very exciting. In the evening however, the streets were thronged, as they always are on Saturday nights, and most of the stores appeared busy until between ten and eleven o'clock. Persons in town during the day have very little conception of the throng and bustle that may be seen here every Saturday night.

The annual picnic at Allan Park, was held on Friday afternoon last. Like most of its predecessors it was largely attended, and a pleasant and profitable reunion was the result. Hanover was largely represented, and a number from Durham were also present. The programme consisted of swinging and other amusements, together with a lengthy literary program of choruses, solos, duets, etc. by the school. addresses by Revs. Craigie and Bray of Hanover, Editors Ramage and Irwin, of Durham, patriotic speeches by Messrs. Walker, Taylor, Dr. Jamieson and others. A number of spirited songs were also sung by gentlemen, whose names we have not learned. The meeting was ably presided over by County Commissioner Brigham who happily interspersed the exercises with brilliant pleasantries that kept the audience in good spirits. At the close of the literary exercises other games were entered which we could not wait to witness. The weather was fine and the picnic may be numbered as another success.

S. S. No. 9 added another successful picnic to its list of annual events. On Friday afternoon last the residents of the section and others from town and elsewhere found their way to Mr. McGirr's grove where a pleasant time and a pleasant repast were indulged in. The concert at night was a pronounced success. Unlike others in the same school the exercises were not taken by the children, with the exception of a nice little solo rendered by Miss Wilson, a bright little girl of nine or ten summers. Archie Galbraith in his songs, wise and otherwise, seemed to be the great favorite of the evening. Miss Jessie Laidlaw's solos were highly appreciated and encored. Miss Frankie Black, gave two excellent solos. Miss Maggie Scott, a rapidly rising elocutionist surpassed herself in three lengthy numbers. Miss Maudie Irwin, was evidently appreciated in her recitals, if the applause, is to be taken as a criterion. The editors of the two Durham papers were present and made short addresses. The teacher, Miss Large, favored the audience with a fine instrumental selection on the piano. Mr. Thos McGirr was chairman but the order was so good and the attention so fixed that his duties were very light. By the way we almost forgot that admirable duet by Messrs Archie Galbraith and John Whelen. The proceeds of the concert amounted to ten or eleven dollars.

RAILROAD... CHASE'S KIDNEY-LIVER PILLS. A Disease Peculiar to Railroad Men, which is readily cured by Chase's Kidney-Liver Pills.

It ever occur to you that most railroad men are afflicted with kidney disease? It is the fact, however, and the disease is among railroaders as "railroad kidney." The first and most marked symptoms are weakness and aching back. You may think at first you are only tired; but as this trouble is day by day, kidney disease, with all its evils, is fast claiming you as a victim. Geo. Cummings, for over 20 years on the Grand Trunk running between Toronto and Allandale, says: "The constant racking my kidneys, I tried several remedies until I was recommended by my friend Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have cured me and I feel to-day a better man than ever. I recommend them to all my friends." Chase's Kidney-Liver Pills, one pill a day, a box, at all dealers, or Edmondson, Co., Toronto.
