THE CHRONICLE. DURHAM, July 13th, 1899.

The Redistribution Bill has passed its third reading.

Sir Geo. Burton, Sir J. Boyd and Justice Falconbridge are the Judges appointed to apportion the constituencies in accordance with provisions of the Redistribution Bill.

The street car strike in London, Ont., culminated on Saturday night last into fierce riot, when the cars were stoned, plate glass windows broken and general disorder for a time prevailed.

Senator Sanford was drowned Monday last while trying to raise the anchor of his boat at his Island home at Windermere, Muskoka. When found he was in an upright position his head being only 18 inches below water and six feet from shore.

The West Elgin Frauds were referred to last week in the House when it was shown that among other things Mr. McNish confessed:—That a large number of persons were specially sent into the constituency by men working on behalf of the Liberal party and that fraudulent and corrupt means were used by some of these persons.

The past week at Ottawa has not been uneventful. The Yukon charges were not reached when parliament voted down Sir Hibbert Tupper's motion asking for a judicial enquiry into the Yukon scandals.

Canadian political influence, it is well informed on Yukon matters. Miss Flora Shaw, the colonial editor, visited the Yukon last year and gave the world the result of her inquiry into official management there.

FLESHERTON.

Mr. Angus McGillivray to whom we referred last week as having received a paralytic stroke while on a visit to his step-daughter's, Mrs. Thos. McQuay's in Proton, gradually sank and passed away there on Sabbath morning last thus closing a matured and beautiful Christian life fitted under grace for the enjoyment of the wider, happier life in the Kingdom above.

The officers elected in Dufferin Lodge 186 I. O. O. F. for the present half year are:—Wm. Petch, N. G.; Thos. Gilchrist V. G.; M. Cairns, R. S.; W. Moore, F. S.; D. McTavish, Treas.; Wm. Boyd, representative to Grand Lodge.

Within the past few weeks the carpenters and painters have made a marked improvement on Sproule's block. The shops in the same are now numbered and Jewler VanDusen is now nicely settled in No. 9 which makes a very neat quarters for his business.

Mr. R. N. Henderson has also very much improved the appearance of his property by repainting the exterior of his cosy cottage and fences surrounding. Painter Johnston of Tottenham did the work.

Mr. Lee employed in the wollen mill here was adjusting a belt on a pulley on Monday when he was thrown by a belt against the wall and his shoulder dislocated. Drs. Carter and Christie reset it but were unable to do until placing the patient under chloroform.

Rev. L. W. Thom of this place and F. Davey of Maple Valley exchanged pulpits on the Sabbath, Mr. Davey preached a special sermon to the Orangemen at Eugenia in the afternoon, Rev. J. Ward preached to the Orangemen at Flesherton Station in the morning.

Mr. J. E. Hansford, barrister, Toronto spent Sunday and Monday with friends here, Mrs. Hansford and children who have been visiting here returned home with him.

Mrs. Eva Gaudin of long Island, is visiting her sister, Mrs W. H. Thurston.

Miss Flora Richardson is home for holidays from Moulton College, Toronto.

Miss Laura Mastin of Arthur is visiting Mrs. Watt at the Presbyterian manse.

Miss Irwin of Owen Sound is the guest of Miss Minnie Munshaw.

Miss Ida Gjerdrum is visiting relatives at Owen Sound.

Miss Hervie, in R. J. Sproule's office is holidaying with her parents at Courtland. Master Roy Hamilton is relieving her.

Mr. and Mrs. John Hooley of Thornbury visited Mr. and Mrs. Neil the beginning of the week.

TOP CLIFF.

Lots of rain for the last week or two. We noticed fields of hay cut between here and Durham, which cannot avoid getting a bleaching.

Farmers in general are busy at present attending to their turnips and such like. Mr. and Mrs. Arch. McCaig, Mrs. McCannel, Mr. Miss Maggie McCannel and Mrs. McPhail attended a large wedding on Wednesday last at Mr. Donald McCannel's, Burgoyne, Co. Bruce.

A large number from this vicinity attended the C. E. Convention held in Durham on Thursday last, and were delighted with the programme up stairs, and in a proportionate manner with the excellent things provided by the ladies to appease the hungry, for the cool breeze of the morning and a long drive sharpened the appetites of not a few. Justice was done to two square meals, all for 25c.

The Trustees are making some repairs in connection with our school.

Miss Kate McIntyre, of Toronto, is spending her holidays at home here at present.

Mr. Farquhar McKinnon, of Woodbridge, spent a few days with his family here last week.

John McKinnon's new brick house is about completed and reflects much credit on the proprietor and the builders for its fine architecture.

We got our road work done last week. We had less this year than usual on account of so much time put in shoveling snow in the winter time.

Nail McLeod, south east of this place, raised a fine large barn last week with block and tackle, which was a great saving on human muscle. All went up with ease.

A large number from our neighborhood attended the communion service in the Presbyterian Church, Pricerville on Sunday last. The day being fine there were a large crowd there from all sides. Forty new members have been added to the church already during Mr. Matheson's pastorate of fifteen months.

Miss Mary Nichol, of Toronto, is at present enjoying herself at the old home, Mr. John Nichol's, north of this place.

We attended the picnic in connection with Mr. John A. Graham's school, and were highly pleased with everything, singing, eating and various forms of amusement, but specially we admired the teacher's opening speech which was full of good humor and common sense. We understand Mr. Graham is re-engaged already for 1900 in Boothville school.

Dan, McDonald from Bolton is home for the summer.

We have to congratulate the good people of Pricerville for having such an able correspondent, and we may say that very few have the ability and talent that he possesses,—one who is able to depict the life and character, faults and failings of his fellow-townsmen from time to time. One who is not in the least backward in dipping into personalities, abuse and such like. One who is possessed with the necessary qualifications for blackguarding through the columns of the press without fear of human or Supreme being. One who, in his own estimation, is preeminent above all others as a correspondent. What more shall we say? If we were to begin to reply to the remarks he made concerning us in last week's paper (which is in no wise creditable to him,) we would only be returning evil for evil, so we came to the conclusion not to answer a man void of common sense according to his folly, for in doing so we would be only lowering ourselves and bringing reproach on the columns of a first class newspaper.

GOOD HEALTH FOR WOMEN

Dr. A. W. Chase's Nerve Food Restores Weak, Sickly Women to Robust Health.

Any irregularities in the monthly uterine action is sufficient cause for women to be alarmed about their health. Whether painful, suppressed or profuse menstruation, the cause can be traced to some derangement of the nerves.

A few boxes of Dr. A. W. Chase's Nerve Food will completely build up the exhausted nerves and restore the regular monthly action which removes from the body the clogged matter that would otherwise cause pain and serious disease.

It is as a restorative for pale, weak women that Dr. A. W. Chase's Nerve Food has been singularly successful. It counteracts the debilitating diseases peculiar to women by feeding the nerves and creating new nerve fluid, the vital force of the human body.

Dr. A. W. Chase's Nerve Food has restored scores of hundreds of weak, sickly women to robust health. 50c. a box at all dealers, or Edmondson, Bates & Co., Toronto.
