THE CHRONICLE. DURHAM, July 20th, 1899.

Largely signed petitions have been forwarded by teachers to the Minister of Education, recommending the appointment of Inspector Dearness, to the principalship of the new Normal School at London.

Hon. C. A. Geffrion, Liberal Member for Vercheres, Que., is dying if not already past that bourne from which no traveller returns. Mr. Geffrion has been eminently successful as a lawyer, but as a politician he was regarded as a failure, a fact in which he gloried, as he hated public life. He was a bosom friend of Sir Wilfrid Laurier, and it is said that he had neither personal nor political enemy in Canada.

The Hon. W. B. Ives, Ex-president of the Privy Council, and the representative of Sherbrooke, Que., in the House of Commons died at St. Luke's Hospital, Ottawa, on Saturday last. Mr. Ives was born in Compton, Que., 1841, was educated at Compton Academy, and was called to the bar in 1857. Since the general election in 1878 he has been a prominent member of the Conservative party having occupied the position of Minister of Trade and Commerce from 1894 until the fall of the government. He was son-in-law of the late Hon. John Henry Pope, who for many years was Minister of Railways under John A. Macdonald's government.

FLESHERTON.

The Orangemen of Artemesia District, with a visiting lodge from Kimberley celebrated the 29th anniversary of the battle of the Boyne in a manner befitting the "glorious twelfth" at Flesherton Station on Wednesday of last week. Our sister burgh entertained her visitors royally and looked quite taking in her reception dress. Flags floated in the breeze, bunting and evergreens were in profusion and three handsome arches spanned the front street. Shortly after dinner the procession formed and marched to McKenzie's bush where patriotic speeches were given by Revs. Ward and Darroch and Dr. Christie, of this place, Rev. Plunkett, of Eugenia, Rev. Condell, of Dundalk, and Mr. John Lyons, of Markdale, Mr. Thos. Gilray, of Euphrasia, presiding. The speeches over, the procession re-formed and marched back to the village, where, after the grand rally and cheers for Queen and Country the lodges began to move for their respective homes. Kell's and Orange Valley having lost their lodge rooms and contents by fire last fall have not got their new outfit yet and did not march as separate lodges under their own banners. Notwithstanding the C. P. B. excursion and strong attractions at Owen Sound the turnout here was large, orderly and well conducted and the Orangemen of this District are to be congratulated upon the success of their celebration.

The Presbyterians at Arthur are building a new church and invited their old pastor, Rev. L. W. Thom, of this place, to take part in the ceremony and lay one of the corner stones of the new building, on Friday afternoon last, which he consented to do. The bus driver forgot to call for Mr. Thom at the manse on Friday morning as he was instructed to do. Upon learning this Mr. R. J. Sproule hitched up and Jehu like drove to the station, but reached there only in time to see the train move out of sight. It was a disappointment to Mr. Thom and was doubtless as much so to his old flock, but a message from him in the afternoon containing a handsome donation to lay on the corner stone would be tangible evidence that they were remembered by and had the God-speed wishes of their former pastor.

On Monday Mr. Thom received by express in an elegantly satin-lined leather case a handsome silver trowel on which was beautifully engraved the following:—Presented to Rev. L. W. Thom by St. Andrew's Church S. School. Arthur, July 14th, 1899."

Rev. Dr. Chown, of Toronto, preached League anniversary sermons in the Methodist Church, here, on Sabbath. The reverend doctor is an eloquent preacher and gave two edifying and beautiful sermons which were highly appreciated by the congregations ministered to. A largely attended memorial service was held in the Baptist Church on Sabbath morning in memory of the late Angus McGillivray. The pastor, Rev. A. J. Darroch, preached an appropriate sermon from the words of David in Psalm 73:26 which found their fulfilment in the life of the deceased aged servant of God. This congregation is actively engaged enlarging their church shed with a new 60 feet addition which will be a great shelter from the west winds.

Mr. A. M. Gibson, Presbyterian S. S. Supt., paid a fraternal visit and addressed the Methodist S. S. on Sunday afternoon.

Sproule, Crossley & Co. have opened an ice cream parlor in connection with their grocery which is meeting with liberal patronage under the attention of Miss Ethel Crossley. At a barn raising near Markdale on Thursday last four of Artemesia's yeomen were seriously injured, and with many others, miraculously escaped instant death. The first bent had been raised and before being properly braced the pikepoles were withdrawn allowing it to come down with a crash in the midst of the crowd. The injured are Henry McLaughery, who lives near Markdale, several ribs broken from spinal column and internal injuries; Duncan McIntyre, son of Arch. McIntyre of the 4th line who recently sued Artemesia tp. for damages, collar-bone broken and chest badly crushed by the weight of the bent from under which he was taken. Fred Brown and Thos. Pallister, who live on the Toronto line about a mile and a half west of this village, were struck on the head and severely injured but are recovering. The first two are reported to be yet in a very critical condition.

Mr. Joseph Stafford, B. A., of Toronto University staff, has been visiting for a few days with his brother-in-law, Dr. J. P. Ottewill, here, and at the parental home 4th line. Mr. Ed. Paul, Dental Student, Toronto, paid us a short visit on his way to visit his parents at Feverisham last week.

Editor A. R. Fawcett and daughter renewed old acquaintances and spent Saturday and Sunday with his aged parents here.

Mr. John Bannon, druggist, Norwich, spent Sunday and Monday with his brother-in-law, Mr. W. A. Armstrong, here.

Mrs. C. W. Rutledge and Mrs. R. W. Ennis, Markdale, accompanied by Mr. Will Crone, of Orillia, spent Friday afternoon last with friends here.

Mr. J. Renton, of Dromore, and Mrs. Scott, Mrs. Willis and Miss Luella Brooks, of Buffalo, spent Thursday last very pleasantly with Mr. and Mrs. Wm. Strain here. Miss Brooks was born here fifteen years ago and removed to Buffalo with her parents when three years of age.

Mr. and Mrs. Lloyd, of Republic, Mich., are visiting at Mr. Strain's this week.

Miss Hattie Sullivan, of the Post Office, left Saturday to holiday with friends in Orangeville and Toronto. Miss Aggie Gibson accompanied her for a month's visit with friends in the city.

Miss Rankin, head milliner in M. Richardson Co's, left Saturday to holiday at her home in Barrie. Her assistants, Miss Wilson, of Cremore, and Miss Bentham of this place are also on furlough.

Mr. and Mrs. VanZant have been spending the past week with friends in Toronto and Miss Gladys Ward visited friends in Shelburne.

Mrs. Andrew Bentham is visiting friends in Toronto and Mrs. F. Defoe is spending a few days with friends in Owen Sound.

Mr. and Mrs. W. J. Bellamy and children, accompanied by Miss Clinton, are spending this week with Mrs. Bellamy's parents in Nottawasaga.

Mr. and Mrs. Geo. Mitchell and Mr. and Mrs. J. A. Boyd drove to Meaford Saturday and spent Sunday with Mrs. Mitchell's brother there.

for homegrown cellery in this locality and the CHRONICLE scribe was treated to a fine, toothsome bunch of it on Saturday evening last.

Mrs. A. M. Lindsay, of Shelburne, is visiting Mrs. Lawrence and other friends in town.

TRAVERTON.

Apples are not going to be a very heavy crop out this way, except snows. A basket of harvest apples will be a rarity. The crops of grain are looking well, but oats are one-sixth smut.

Mr. Will Banks returned from Shelburne last week, where he has been engaged in framing for two months past. He had a touch of malaria fever from drinking water out of unused wells in Luther.

"Dutch walls" are sometimes spoken about as not being equal to those built by the "Briton born," but the foundation erected under the barn of Mr. John McNally on the 6th by Emke Bros., of Elmwood, lately, is equal to any hereabouts, both in finish and solidity. Mc's barn looks 50 per cent improved.

Miss Angeline Lander, of town, is out visiting among old schoolmates and neighbors.

Mr. Asa Robson, of Preston, is spending his holidays at the old home and improving his muscle and appetite by helping at hay-ing.

Marriage not only tends to make a man happier, but more progressive as well. Mr. Will Timmins had his boards in last week and a new roof will soon be on. (What did he have boarded in? The copy doesn't tell.—ED.)

Nearly every other farmer in the vicinity is having new buildings erected. Mr. Wm. Firth has pulled down the pioneer log cabin at the back of his snug home and is about to erect a fine back kitchen. Messrs. John and Tom Timmins, too, are putting up a big addition to their dwelling. It looks as if there might be room for some other fellow's sister in part of it.

The township Fathers will be wise if they soon take action to have the sideroad south ward from Zion opened. It has been promised for years, and, as a consequence, the greater part of three years' roadwork has been done upon it. Yet, no aid, nor action has the Council taken to have the work completed. The neighborhood has lost patience and now demand that there be no more dilly-dallying. The ratepayers mean business and the hour to act has arrived.

The recovery was made near the G. T. E. station.

Victims to the stomach, liver, and kidney troubles as well as women, and all feel the result in loss of appetite, poisons in the blood, backache, nervousness, headache and tired listless, run down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down and don't care whether he lives or dies. It did more to give me more strength and good appetite than anything I could take. I can now eat anything and have a new lease on life. Only 50 cents at local Drug Stores, Every bottle guaranteed."

DR. GAUTHIER ENDORSES

The statement that Mr. Major owes his life to... DR. CHASE'S Kidney Liver Pills. Dr. J. T. A. Gauthier, of Valleyfield, Que., writes: "I, the undersigned, certify that the contents of this letter, in regard to the cure of Mr. Isadore Major, by the use of Dr. Chase's Kidney-Liver Pills, is correct." Here is Mr. Major's letter: "After 50 years of suffering from backache and kidney disease I owe my life to Dr. W. Chase. I had tried an endless variety of remedies to no avail, and on the recommendation of a friend began the use of Dr. Chase's Kidney-Liver Pills. Two pills that night and two next morning gave great relief, and I continued their use until now I am completely cured. My friends are surprised and pleased to see me well again, for I spent hundreds of dollars in vain trying to get cured. Before using Dr. Chase's Kidney-Liver Pills my back ached so I could not get up on my feet and couldn't lift 50 lbs. My shoulders were sore, I had headaches and a bad taste in the mouth. These troubles are now entirely gone and what I say I am ready to prove. I have told my friends of my wonderful cure, and many have been greatly benefited by using these pills." Dr. Chase's Kidney-Liver Pills are the greatest kidney cure the world has ever known. One pill a dose, one box at all dealers, or Edmanson, Bates & Co., Toronto.

It has been over 40 years in use and has no equal for the cure of bowel complaints of young or old. There are many dangerous imitations on the market, so it would be wise to see that the full name, Dr. Fowler's Ext. of Wild Strawberry, is on every bottle you buy.

HOW TO COOK FRUIT.

Always cook fresh fruits in boiling water; generally but a small amount is required. If economy is a point to be considered, do not add sugar until the fruit is done, as sugar cooked with an acid is converted into glucose, and it will require nearly twice as much sugar to give the same sweetness to the fruit if added before cooking as it will if added when the fruit is done. On the other hand, if the fruit is one which you desire to keep whole, sugar added to the fruit will aid in this direction, as it abstracts the juice of the fruit, thus slightly hardening it, and preventing its falling to pieces. Fruit, in cooking, should not be allowed to boil hard, as hard boiling degrades its flavors by excessive evaporation.

A country editor says: "An unknown man died near town yesterday without medical attendance." There is a whole sermon in that paragraph.
