WATERSVILLE.

Mr. Alexander McDonald who has been bed fast during the past six months while at the residence of Mr. Gill Boyd, gradually sank and passed away there on Monday about twelve o'clock on July 19th, thus his spirit fled beyond that bourne from which no traveller returns closing a matured life and entering the enjoyment of the wider and happier life in the Kingdom above. His remains were taken on Wednesday to the Rocky and interred alongside of his partner in life who preceded him some years ago. Mr. McDonald was born in Eliza Scotland, 75 years ago and came to Canada when he was about 30 years of age settling in the township of Glenelg. He at once began to hew out a comfortable home and take upon himself the duties of a pioneer life. About twelve years ago he was called to mourn the loss of a dearly beloved Christian wife. After having made a competency he retired from farming and for the past ten years he has lived with Mr. Gill Boyd. Mr. McDonald was held in the highest esteem by all who knew him and as a pioneer his hospitality was always enjoyed. His mourning friends had the sympathy of the community at large in their season of sorrow.

The next time the Goat takes the notion would he please tell us where he saw the cow bell attached to the club as one of the residents of this burg lost a bell and would like to find it, or perhaps there has been a cowbell club formed and have the same for a standard.

Our School picnic was held on Friday afternoon last and notwithstanding the rain in the forenoon, quite a large crowd gathered and spent a very pleasant time together for a few hours in the afternoon. Mr. Yagan was appointed chairman, a position which this gentleman very acceptably filled. The program consisted of singing and other amusements, also a literary program of songs, recitations and speeches. After the program ended the loud peals of thunder could be heard and the lightning flashed vividly. This caused the happy crowd to disperse rather suddenly. "A" with his best girl very reluctantly beat a hasty retreat along with the crowd, but was making love before he got hore beneath a huge umbrella which was provided by a friend who very thoughtfully hastened to meet them with it.

Messrs. J. McKechnie, N. McLean and W. Middleton accompanied by some of the fair sex visited at Crawford and also attended Church at Dornoch on Sunday last.

Entomologists claim to have discovered a new bug in the Province of Ontario whose presence is not unwelcomed, because its chief foe is the potato bug. It is a reddish bug of rather large size, and its appetite for the potato bug is marvellous. It has shown itself in the west, and when it comes the potato bug goes. Up to date it has not developed any bad habits.

INSOMNIA.

SOUTH AMERICAN NERVINE RESTORES REST AND HEALTH.

If the digestive organs refuse to do their work, indigestion and dyspepsia follow like lightning's flash—the nerves are shattered and then insomnia runs riot, and the patient is on the road to the mad-house or insane asylum. A well known Toronto newspaper man was a victim of nervous prostration and insomnia through overwork—retiring at night was more of a dread than a welcome to rest—prejudiced against medicines and remedies, he spurned the thought of resorting to what he called nostrums—he became almost incapacitated for work—he was recommended to try South American Nervine, procured a bottle and when half of it had been taken, he found himself improving—sleep was induced, the nerves grew quieter, the appetite returned—he continued to take the remedy until he had used six bottles, and at the end of that time the twenty pounds he had lost in worry and for want of rest was put on again—to-day he says, "I feel strong enough to do two days' work in one."

South American Nervine is without a peer in the cure of nervousness, indigestion and insomnia. A few doses will convince the most sceptical. It gives immediate relief and effects a cure in every case. Strong as this statement may seem it is absolutely true.

South American Rheumatic Cure is never baffled—relieves in six hours and cures after years of agony have been suffered.

South American Kidney Cure cures Bright's disease, diabetes and bladder troubles. A few doses will convince.
