RONG IDEA YSPEPSIA

Throws all the Blame on the Stomach-The Real Seat of Trouble is the Intestines-The Permanent Cure is Dr. Chase's Kidney-Liver Pills.

It is an old idea long since exploded that digestion is confined to the stomach. No modern scientist denies that by far the greater part of digestion and the more difficult part takes place in the intestines. This explains why dyspepsia is never really cured by preparations which merely aid stomach digestion and act only on the stomach,

This fact also explains why Dr. Chase's Kidney-Liver Pills have been so remarkably successful as a cure for the worst forms of dyspepsia and indigestion.

Dr. Chase's Kidney-Liver Pills act directly on the kidneys, liver and bowels, and give new tone and vigor to the intestines, and make them able to perform their work of digesting the substances on which the stomach has no

Stomach treatment may do well enough for slight indigestion, but if you have chronic indigestion or dyspepsia of a serious nature you can profit by the experience of scores of thousands who have been permanently cured by using Dr. Chase's Kidney-Liver Pills. One pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.
